

# JEFFERIS TELLS OF PLANS FOR NEXT CONGRESS

### Congressman-elect Returns From Washington; Attended Republican Caucus; Finds Air of Harmony.

Congressman-Elect A. W. Jefferis returned yesterday from Washington, D. C., where he looked over the scenes of his labors for the next two years. He, like all other congressmen-elect, becomes a congressman at noon today, March 4.

"I met many men whom I knew and many others whom I didn't know," said Mr. Jefferis. "The republican caucus was very interesting. Mr. Gillett, who was chosen speaker of the house, is a man who is well-liked and who has the faculty of getting things done. So I think the house will put through a big bill in the next session.

There was a general air of harmony in the party camp, which speaks promisingly of republican accomplishment in the next congress.

### Met Old Friends.

"I met some of my old college friends who are now in congress. Among these are Congressman 'Dan' Anthony of Kansas and 'Jim' Good of Iowa."

Mr. Jefferis met his predecessor, Congressman C. O. Lobeck, and shook hands with him. Mr. Lobeck, he says, will return to Omaha within a week and engage in the land business.

The congressman-elect is ambitious to be placed on the committee on military affairs. His next preference is the committee on public roads.

### Appointing of Committees.

"Most people seem to be under the impression still that the speaker of the house appoints the committees," he said. "But this is not so. Committees are appointed by a special committee on committees, made up of a member from each state."

"I had my office picked out in the congressional office building but one of the re-elected members, who have first choice, selected it. I enjoyed every minute of my week in Washington and look forward to my work there with much pleasure."

Mr. Jefferis said he has not yet decided whom he will appoint his secretary. Several young men are in line for the position.
