

Charge Soldiers of Four Nations With Theft of Supplies

Paris, March 5.—The police of the American army, three Armenians, two Belgians and three Frenchmen in connection with the theft of American army stores. They are accused of stealing the goods and selling them to the Belgians, who in turn, employed the Frenchmen to get them.

The stores alleged to have been stolen comprised a large stock of tobacco and cigars and 6,000 pounds of chocolate and 50 cases of pastry.

"Flu" at North Platte North Platte, Neb., March 5.—(Special Telegram.)—After an interval of several weeks a dozen houses are now under quarantine for the "flu."

Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulsumed coconut oil (which is pure and greenless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulsumed coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Adv.

COUNT FIFTY! NO RHEUMATIC PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Stop "dosing" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Liniment" conquers pain. It is a harmless, rheumatism liniment, which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia and reduces swelling. Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

WILL NOT ORDER INVESTIGATION OF MILLARD CASE

Governor Says Activities of State Agents Within Law; Attorney Says Raid Result of Factional Fight.

By a Staff Correspondent. Lincoln, March 5.—After listening to a presentation of the case of the Commercial club of Millard in its protest against raids made in that town by state prohibition enforcement officers Thursday and Friday of last week, Governor McKelvie this afternoon told J. R. Lones, attorney for the club, that he would not order a legislative investigation.

With newspaper men present, and with state agents Hyers and Attorney General Davis assisting, the governor asked numerous questions regarding conditions at Millard. He looked over the papers presented and his attitude was that whatever action the officers took was within the law. A denial was made by Attorney General Davis that men were arrested at Millard without warrants or that homes had been invaded without proper process, and State Agent Hyers indicated that sentiment on the part of many members of the Commercial club, as well as citizens of the town, was in favor of the agents who were enforcing the law.

Right to Shoot. Lones was questioned in regard to a speech that he had made at the Commercial club last Monday night, in which he had stated that when a man's home had been invaded by officers without proper warrant he would have a right to resist even to the death.

While, under certain circumstances, your advice, technically might be correct, I ask you as a member of the bar, if it was right, if it was not in the nature of agitation?" asked the attorney general. Lones explained that he had simply given a legal opinion in answer to a question and that it was not his purpose to arouse any agitation. "This matter has been tried too freely in the press already," said the governor, "with its pictures of the 'minute men' in the Sunday supplements. I believe that the people of Millard will be satisfied with the trial in the courts and that it will be without prejudice."

Result of Factional Fight. Lones was asked if Millard was not a wet town previous to the state going dry and if liquor had not been served in the Commercial club rooms. He replied that he was not aware of conditions there, then said he was not a resident of the state. He indicated that the raid was inspired by certain persons in Millard and was the result of a fight between one faction of the people and some of the local dairy interests.

During the conference, Attorney Lones asked Governor McKelvie if the latter had stated that three of the men who had been arrested were bootleggers, and the governor replied that he remembered he had made some such statement to newspaper men as he had been so informed.

"You should not have made that statement, governor," said Lones; "you have been misinformed. You should make a retraction." "Do you know if the men have not been convicted?" asked the governor. Lones gave no direct reply and the governor did not make a retraction.

Hensley to Have Hearing Before Board of Control

Lincoln, March 5.—(Special.)—A hearing will be held before the State Board of Control Thursday afternoon on the case of Commandant Hensley of the Millard soldiers' home. A recent senate investigating committee recommended the discharge of Hensley because of old age. The board will hear from the committee and from Commandant Hensley's friends.

Metropolitan Water Board Bill Approved With One Amendment

By Staff Correspondent. Lincoln, Neb., March 5.—Of a dozen or more amendments offered to the R. B. Howell Metropolitan Water board bill in the senate Wednesday afternoon, only one succeeded in mastering sufficient support to stick.

With this one exception the Howell bill was approved in the senate committee of the whole and advanced to third reading. The amendment accepted provides that the appointment of appraisors in condemnation proceedings shall not be made by the board. Sears succeeded in having this amendment tacked on.

The bill gives the board the right to fill any vacancy which may occur for an unexpired term instead of only until the next election, removes the salary restriction limit of \$5,000 for the manager, and forbids decrease of the terms of office of any appointee. It also authorizes the board to secure insurance for employees, requires the city to pay the costs of relocation of fire hydrants and provides for tax for fire protection for precincts outside the corporate limits of the city.

Foster and Jenison Have Verbal Duel in House

Lincoln, Neb., March 5.—Facing each other with almost the width of the house chamber separating them, Dr. Harry Foster of Omaha, and Dr. Jenison of Clay county, passed some rather unpretty remarks at each other during a meeting of the committee of the whole Wednesday.

House Roll 107, the law licensing chiropractic, was up for consideration, and when Foster remarked that the medical societies' committee had recommended the bill for passage, Jenison retorted that it was a misstatement of fact, that the committee had reported the measure out without recommendation. Shaking his finger at Jenison, who was some distance away, Foster exclaimed: "No man can call me a liar, here or elsewhere!"

Friends calmed the irate Douglas county member and both of the men were a safe distance apart so there was no personal collision or bloodshed.

Former Jefferson County Man Dies in California

Beatrice, Neb., March 5.—(Special.)—Announcement was received yesterday of the death of John Jansen, son of Peter Jansen, in St. Luke's hospital at San Francisco, Cal. His father was with him when he died. Death was due to diabetes. He was 40 years of age. He moved to Winnipeg, Canada, where he was engaged in the grain business for years. He is survived by his widow, father and four sisters.

Daniel Dell, a civil war veteran of this city, died at the soldiers' home at Leavenworth, Kan., Thursday.

ELECTION BILL ADVANCED FOR THIRD READING

Applies to Nomination of Supreme Court Judges; Will Not Affect Present Members of Bench.

By a Staff Correspondent. Lincoln, March 5.—Senator Cordell's plan of nominating judges of the supreme court by congressional districts was approved by the senate in committee of the whole Wednesday morning and advanced to third reading. The bill is designed to give each part of the state representation on the supreme court bench. The theory of the senator is that a judge from the eastern part of the state is not competent to sit in cases involving irrigation questions. Likewise a judge from the western part of the state could not intelligently sit in a case involving a question of interest only in the metropolitan city. The bill, if passed, will in no way affect the members of the present supreme court. It provides that a chief justice shall be nominated and elected by the state at large in 1920. Two associate justices shall be nominated from each congressional district, one of whom shall be elected by the state at large. No Opposition. An associate justice shall be elected in each manner from the First Third and Fifth congressional districts in 1922 and in the second, fourth and sixth congressional districts in 1924. Senator Cordell was the only senator who spoke on the bill. There was no opposition. The Berka red flag bill passed in the senate on third reading by a vote of 25 to 0. The bill has had exceptional smooth sailing in the senate, the senators believing that the bill is one designed to check bolshevism in the state.

Bills of Interest to Omaha

Recommended for Passage From a Staff Correspondent. Lincoln, March 5.—(Special.)—Among the bills of interest to Omaha recommended for passage by the standing committees of the house Wednesday were the following: H. R. No. 302, by President Hoover—All electric light and power companies to file copies of all rate schedules and contracts. Also requires all service of given class to be uniform. H. R. No. 411—Empowers the city engineer of Omaha to limit the height and bulk of buildings and establish zones in which certain types of industries or buildings are prohibited. H. R. No. 337—Requires the public to pay full public benefit for any street improvement, the owners of abutting property to pay only for the excess. At present the owners pay for the full benefit of their property, the public paying the excess.

Two Douglas County Bills Killed by Committee Report

Lincoln, March 5.—(Special.)—Two Douglas county bills were killed upon the report of the committees in the senate today.

One H. R. 56, by Allan, provided civil service for the city employees of Omaha. The other, H. R. 208, by Allan, forbids the discharge of janitors, who had been in the city's service for more than a year, without a public hearing.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know. The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound" you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Adv.

Union Pacific Right of Way Bill Sent Back to Judiciary Committee

By a Staff Correspondent. Lincoln, March 5.—(Special.)—The senate wrangled an hour Wednesday over H. R. No. 35, known as the Union Pacific right-of-way bill, before the upper branch finally decided to send it back to the judiciary committee.

Those who sponsored sending the bill to the judiciary committee said it was not with the intention of killing it, but merely to place the bill in better form. The measure provides that all railroads shall have a uniform right-of-way the entire length across a county. It affects only the Union Pacific.

Queen of Roumania and Two Daughters Seek Haven in Paris

Paris, March 5.—Queen Marie of Roumania, accompanied by her daughters, the Princesses Elizabeth, Marie and Helena, arrived in Paris this morning. They received a warm welcome. A dispatch from Geneva February 23 said the queen of Roumania and her daughter, Princess Elizabeth, had fled from Bucharest for England, fearing a revolution in Roumania.

Conferees Named

Lincoln, March 5.—(Special.)—H. R. No. 178, which permits the county attorneys of Lancaster and Douglas counties to employ detectives, as amended in the senate, failed to meet the approval of the house and a conference committee has been named.

Headache Sufferers Look!

Here's a chance to rid yourself of this excruciating pain. Fermenting food-waste in the stomach and bowels causes most headaches. Empty the digestive system and the cause is gone. Your druggist has a product called SALINOL, which will completely empty the stomach and bowels, including the lower bowel, where the trouble usually starts. It is a wonderfully pleasant acting and pleasant tasting product and is fully effective in cold water. Get a bottle. It is a fine thing to take every few days, makes you feel much better, guards against serious sickness, too. Be safe, get it. Take it first thing tomorrow morning.—Adv.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit. Send No Money—Just Your Address. Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all sufferers who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says: "I found a remedy that cured me, afflicted and bedridden with Rheumatism, and it effected a cure in every case."

In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedies after remedies, and doctor after doctor, but such relief as I received was only temporary. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it, isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mr. Jackson is responsible. Above statement is true.
