

# FLAG MADE OF A DRESS OF FRENCH GIRL, AT BLUFFS

### Col. Tinley Sends Home Ensign of Girl as Tribute to Men Who Freed Her County.

A beautiful little American flag, made by a Belgian school girl and presented to the Rainbow division when it crossed the Belgian border on its way to the Rhine, will become the property of the Iowa Historical society after it has received its share of veneration and praise by Council Bluffs people.

The flag was sent to Mrs. M. A. Tinley from her husband, Col. Matt Tinley, with the interesting bit of history that goes with it. The One Hundred Sixty-eighth Iowa was leading the Rainbow division in chasing back the Huns, and was the first to reach the village of Rassecourt, on the Belgian border. They were hailed by the people whom they had helped liberate. Little children strewed flowers in their path, and the column of khaki boys stopped long enough to receive an ovation.

### The Little Flag.

The mayor of the town made a real "speech of welcome" and at its conclusion, while people were shouting and bands playing, a little 9-year-old French school girl worked her way forward and presented the flag. She had made it herself, pieced it from scores of fragments of red, white and blue, portions of which were undoubtedly parts of treasured dresses she had sacrificed. Worked into the blue field of the flag, is the maker's name, Georgette Tiz, and the date November 22, 1918.

### Duchess of Marlborough Elected to County Council

London, March 7.—The duchess of Marlborough, formerly Miss Constance Vanderbilt of New York, was elected to the county council today from the north division of Southwark by a large majority over her opponent, a labor candidate. She stood for election as a progressive.

The duchess of Marlborough was elected a member of the London county council October 15 last to fill a vacancy, yesterday's election being for a full three years' term. The council looks after improvements and education in the county of London and has authority over the street car lines there. It also has powers of financial and local governmental character.

### Immigration Objection to League Refuted by Taft

Pittsburgh, March 6.—The argument that America, under the league of nations constitution might be compelled to receive immigrants, contrary to the national desire, was refuted by former President William Howard Taft in an address here tonight.

"Immigration," said Mr. Taft, "by international law, is a domestic question completely within the control of the government into which immigration is sought unless the question is the subject of treaty stipulations between two countries."

### Train Wounded Soldiers in Management of Farms

Washington, March 7.—Returning wounded soldiers, who previous to their entrance into military service were farmers, will be given training in farm management at the expense of the government, the federal board for vocational education announced today.
