

Lives of great men all remind us
We can make our lives sublime,
And departing leave behind us
Footprints on the sands of time—Langfellow.

Omaha School Forum Notes.
Many teachers learned for the first time on Friday evening that Bayoll ne Trele, whose poems they had so

often read and enjoyed in The Bee was none other than little Miss Isabelle Graham of Mason school. Her song "Get Together," sung by the forum members to the tune of "Little Brown Jug" brought many a hearty laugh and did much to "bring 'em together." Miss Graham is very modest and retiring and will seldom talk about her poetry, but it was learned that she has been writing for many years for publication, beginning when she was a senior in high school and wrote for the school paper.

Much other previously undiscovered talent among forum members was brought out at the party at the Fontenelle. Miss Ella Thorgate of Park school contributed a poem, "Omaha School Forum," which was much appreciated.

Miss Julia Newcomb is a reader whom many teachers had never heard, though she has a wide reputation. For many summers she has been employed as public entertainer on Great Lakes steamers and last summer assisted at a Red Cross benefit entertainment at the home of Mary Pickford in California.

Miss Laura Goets, who always charms with her sweet voice and gracious manner, is one of the successful kindergartners of the city.

Miss Helen Somer of Central High school delighted the audience with her beautiful violin playing. She was accompanied at the piano by Miss Jessie Towne, head of the English department and dean of girls in the Central High school. The orchestra which so ably assisted in the community singing was trained by Miss Somer.

If meat is left over in large quantities, it can be used for salads, hash or croquettes. In smaller portions it can be mixed with left-over vegetables and savory seasonings and converted into an appetizing stew or meat pie. Or it can be made into a scalloped dish with the addition of tomatoes, macaroni or rice.

Nebraskans Are Preparing For March Drive

Many New Benefactors Are Needed for Fatherless Children of France.

The Nebraska organization of the fatherless children of France committee hopes to make the month of March a phenomenal one in securing "benefactors" for the appealing children across the seas, who have been made orphans by the war. It costs \$36.50 a year, payable in quarterly, semi-annual or annual payments, to become such a benefactor. The French government adds an equal sum to the American contribution, and, on this meager amount, the frugal French women manage to keep their children at home and send them to school.

It is astonishing in how many instances this task has fallen on the already bent shoulders of the grandmothers. Members of the Nebraska committee through whose hands countless letters from the French children have passed, have been touched by the frequency of the declaration, "We lived with grandmamma for a few months after our dear father died on the field of battle; our poor mother died of sorrow and weariness." Sorrow and weariness—no disease is mentioned—these women have died of heartache and grinding fatigue. To save one child from a similar fate costs only \$36.50 a year.

Miss Regina Connell, 140 North Thirty-ninth street, is treasurer of the organization and is receiving checks from those who wish to become a benefactor to one or more fatherless children of France.

The Demand for Cottage Cheese

The demand for Cottage Cheese is to a considerable degree accounted for by the public's increasing appreciation of its extraordinary food value.

Specialists of the United States Department of Agriculture say Cottage Cheese is one of the important meat substitutes.

It contains a larger percentage of protein (the chief material for body-building) than most meats and furnishes this material at a lower cost.

In every pound of cottage cheese there is about one-fifth of a pound of protein, nearly all of which is digestible.

As a source of energy also, Cottage Cheese is much cheaper than most meats at present prices.

We Pay Women Who Will Try Our Finest Jiffy-Jell Flavors

There are four flavors in Jiffy-Jell which are particularly delightful. Two are dessert flavors—Loganberry and Pineapple. One is Lime-Fruit flavor, for salads. One is Mint, for garnish jelly.

This remarkable offer is made, for one week only, to induce every home to try them. We are making each 12 1/2-cent package worth 20 cents on our pure aluminum molds.

Fruit Essences Sealed in Glass

Jiffy-Jell fruit flavors are made from the fruit itself. They are essences condensed from fruit juices. They come sealed in glass vials—a bottle in each package—so they keep their fresh-fruit taste.

The flavors are rich and abundant. We use half a pineapple to make the flavor for one Jiffy-Jell dessert. We use 65 big Loganberries to flavor another. So Jiffy-Jell desserts are real-fruit dainties. They have all the delights, all the healthfulness of fruits.

That is where Jiffy-Jell differs so vastly from the old-style gelatine dainties.

12 1/2c Per Dinner

Jiffy-Jell comes ready-sweetened, in proper color and acidulated. You simply add boiling water, then the flavor from the vial, and let cool. One package serves six people in mold form, or 12 if you whip the jelly—all for 12 1/2 cents. Think of that for a rich, fruity dessert—less than a fruitless pudding costs. And the ten flavors give you variety.

Also Salads

Lime-fruit flavor makes tart, green salad jelly. Serve with your salads or mix the salads in before cooling. Or mix in meat scraps and make a delicious meat loaf.

Mint flavor makes a garnish jelly, rich in fresh-mint flavor. Serve with roast lamb or cold meats.

You Need Them

You need these real-fruit dainties at this season. Every body needs fruit daily. Here you get it in the finest form at very little cost. Learn what it means to you.

Accept the offers we make below. It will introduce our finest flavors to you. After that, you will serve Jiffy-Jell in some form at least three times weekly. And you will know a new delight.
