Driver of Death Car Lingers in Hospital for Week With Fractured Skull.

John E. Shank, one of the victims of the automobile tragedy at the Indian creek bridge on Broadway Monday night, died at midnight Saturday at Mercy hospital, where he was taken immediately after the accident. He never recovered consciousness from the fearful injuries he received when he was thrown nearly 75 feet after the speeding car struck the central span of the bridge and instanly killed Edgar Hutchins, Jim Allen, Mrs. Brock, other members of the

Shank was driving the car, a new sight-cylinder machine, which he had bought in Omaha that afternoon and was trying out for speed. He was injured internally when his breast struck the steering wheel and received several severe fractures of the skull, one at the base of the brain. From the first, the surgeons said there was no hope of recovery, but after several days of apparently no change, Drs. Hom bach and Rosenbladt concluded to operate. The operation was performed Thursday afternoon, and all the relief that modern surgery could offer was given. The opera-tion confirmed the correctness of the diagnosis, that death was in-

Mr. Shank was 36 years old. He had been a resident of Council Bluffs for many years, working as a railway switchman. He is survived by his widow, one son, Lewis, The body was taken in charge by Undertaker Corrigan, and after short services at the house, 915 Avenue D, was taken to Silver Creek, the old family home in Ne-braska, for hurial

his responsibility to God, his country and his fellowmen. He lived for the highest and most worthy ends, impelled by altruistic motives. He was greatly prospered, became a channel of blessing to others and left a name that will never die.
"The other lived a self centered

tife. His inclinations were re-strained by no sense of obligation. He took no heed to his ways except so far as worldly prudence dictated certain courses for securing ignoble and perishable ends. He seemed to prosper and shine for a time, but in the end lost all. His property life were wrecked

The nation's and the world's best asset is good men and women. Character outshines and outlives everything else. What church is following most nearly the plan and purpose of Almighty God, whatever its name or creed, that is doing most to remove the evils that destroy men and is contributing most to the well-being of society and the Plotter Gets High Position

Missionary Starts Tempest by Casting Reflection on Wilson

New York, March 9.-Rev. Dr. George A. Simmons, a Methodist missionary, who was stationed in Russia for 11 years and who appeared as a witness before the senate committee investigating propaganda, started a tempest when he declared in an address at the Central Y. M. C. A. in Brooklyn today that President Wilson "was playing into the hands of the bearers of the red

flag,"
Instantly there were cries of "That is treason" and "Throw him out," but a sergeant of police and three patrolmen saved the speaker from rough handling by persons in the audience of 700 who heard his assertion.

Three sailors in uniform de-

manded that Dr. Simmons apologize and he responded that "he believed President Wilson was as fine a gentleman as we have in

Later a Y. M. C. A. secretary apologized in behalf of the organ-ization for the remarks of the

#### TELLS HOW HE GOT RID OF HIS CORNS

Well-Known Man Relates Remarkable Experience.

"By George! I never saw anything like the effect of that new treatment, Ice-Mint, for removing corns and bringing quick relief to tired, swollen, aching, burning feet. It acted like a miracle in my case," said a well-known man yeaterday, in apeaking of this discovery which has caused such a big stir among Foot Specialists. "I had carried a pet corn for years that simply took all the joy out of life, I tried plasters, salves, ether compounds and all of the other "dope" that is supposed to do the trick, but the pestering thing simply would not leave me. I began to think there was nothing on earth that would kill my corn, when I finally read about the remarkable results obtained by foot sufferers from the use of Ice-Mint. I decided to try it for myself and before I hardly realized it my corn came out—root and all—and without causing the least pain or soreness. Believe me, it seems mighty spod not to be afraid some one is going to hit my pet corn—and the relief—well, that just seems like Paradise."

Ice-Mint is a pure, snow-white, creamy preparation made from a genuite Japanese product and is highly appreciated by women who wear high heel shoes and hy men who stand on their feet all day. It draws the inflammation out of swollen, tired or burning feet and loosens hard or soft corns so they, can easily be lifted out with the fingers—root and all: besides, it imparts such a delightful, cooling, soothing sensation that you will just sigh with relief. It is selling like "Wild Fire" here. Try it. Just ask in any drug store for a little loe-Mint and give your poor, suffering, tired, aching feet the treat of their lives.

There is nothing better, or nothing just
