

OMAHA HI TEAMS PLAN CAPTURE OF STATE TITLE

South, Central and Commerce Teams Confident of Making Tournay on All-Omaha Test of Skill.

Will the state high school basketball championship in Class A go to an Omaha high school quintet at the annual state tournament that starts at Lincoln tomorrow? Local opinion is divided on the question, but the dopsters seem to agree that the title will either fall to an Omaha team or to Lincoln, which team has made a habit of trouncing all the visiting quintets.

to meet the strongest team on their side of the drawings. However, despite the opinion the Capital City lads have on the question the Commerce high crew is out to win. A victory for the locals will change the entire aspect of the tournay and change the meet into an Omaha tournay.

Des Moines Opposes Double "Umps" System Rourke Boosting It

Des Moines, Ia., March 10.—Mayor Tom Fairweather, owner of the local Western league team, will fight a double-umpire system in the Western league. Fairweather favors the one-man system, with a fifth member of the staff in reserve. "Pa" Rourke of Omaha and Jack Holland of Oklahoma City are said to be boosting the two-umpire system.

Heydler Names Umpires for National League

New York, March 10.—National league umpires of last season have been re-engaged for 1919. John A. Heydler, president of the league, announced today. Robert Emslie, who began umpiring for the league in 1891, will serve his 29th consecutive year. The list of umpires follows:

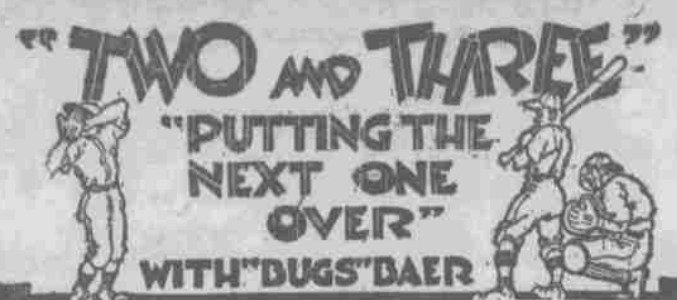

Referee Stops Fight. London, March 10.—Jim Driscoll and Pedar Palmer, two old-time featherweights, met in the ring at Hoxton today. Driscoll won the fight, which was stopped by the referee in the fourth round.

Wisconsin Loses to Iowa.

Iowa City, March 10.—Iowa defeated Wisconsin, 29 to 27, in a western conference basketball game here tonight. Berrien and Cotton starred for Iowa and Knapp and Weston for Wisconsin.

S. S. S. Greatest Blood Remedy Gives Results When Others Fail

Nature's Remedy for Blood Troubles. The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.

TELEGRAPHED reports of scuffles with the taped knuckles are about as dependable as a wrist watch. But even if we dilute the account of the Leonard-Ritchie riot down to Beevo strength there is enough kick left to indicate that Ben was more thumped against than thumping. The east has created a lot of rough-cared chinbusters west, who were champs f. o. b. New York. But when they park their dogs in California their roughness disappears like rent going into a landlord's inside vest pocket. Leonard was supposed to have an epitaph in each mitt, but Willie acted as if he never read the newspapers. He hung a shanty on Ben's eyepiece and didn't charge him for the lumber.

Ted Lewis battled Jack Britton more times than President Wilson's 14 points. Finally Ted jerked Britton away from the title and eased out to California, steamed up to a million. He invited Battling Ortega into the ring to listen to a few sandman stories and the Bat hung him over the hangers like the week's wash. When referee labeled it a draw Jimmy Johnston hurled the ropes and kissed that nice, kind referee right on his benevolent chin. Ever since that date Jimmy has been telling the kids that there is a Santy Claus.

Seems that the kaiser ain't the only bird who tried to take in too much territory. A sapp who is champion of the world and fringes ought to be just as official in a branch office as he is in the home factory. But it seems that every sugar bowl we lend to our California neighbors is returned all bent up. Leonard and Lewis both met irritable birds who had gotten out of bed that morning left foot first.

A flock of other New Yorkers have gone out to the coast and returned all punched up like a Yonkers commutation ticket. Black eyes grow bigger than sunflowers in that wonderful sun-kissed climate. They're so glad to see an eastern champ that they slap him on the back so hard that his back collar button pushes all the polka dots out of his necktie. After one of those Californians slaps you on the shoulder blades you can button your vest on your backbone for the rest of your life. That's when they like you. Don't ever get 'em mad. You said it.

Of course those San Francisco affairs are only four-round blizzards. But four stanzas with a mountain lion is only slightly more precarious than 50 rounds with Sam Lord Fauntleroy. The kaiser would still have his navy if Uncle Sam had launched charlotte ruses instead of battleships. Those Californians take their skirmishes in tabloid form. Tough birds. When they want their fingernails polished they don't go to a manicurist. They go to a marble yard.

There ain't any chance of blaming it on a native son decision. A lot of slickers can juggle an adding machine so that the dope comes out in Babylonian hieroglyphics, but a punch on the nose is a wallop on the brain in any language.

Why softsoie it through 20 or 30 rounds of tapping when one good sock on the dimpled chin will save freight on a carton of jaw breakers. Admitting that a knuckle marathon hasn't got a chance with a fist sprinter in a four-round tableau vivant, at the same time we would like to get hep to one California rebus.

What is there in the Golden State climate that takes all the curl out of an eastern champ's toupee?

Church League Completes Season's Schedule Tonight

Teams in the Church league play their last games in the league this season tonight on the Young Men's Christian association floor. The Pearl Memorials and the Trinity Baptists will meet at 7:30, the Hanscom Parks will play the First Christians at 8:10 and the Calvary Baptists and Benson Methodists will stage the final encounter at 9 o'clock. The First Christians have won the championship, but hope to raise the average by tonight's game.

Michigan Wins at Basket Ball. Champaign, Ill., March 10.—Michigan beat Illinois in a western conference basketball game here tonight, 22 to 18.

Adams Field Secretary of Tennis Association

Joe Adams, Nebraska tennis champion, has been appointed state field secretary by the American Lawn Tennis association, which held its convention recently in Chicago. Mr. Adams held the state tennis championship for several seasons past, and has been a representative to tennis tournaments in other states. He returned to Omaha a month ago from military service. He is a brother of Lieutenant William Adams, who won the state amateur tennis championship a year ago.

CHAMPIONSHIP MAT 'GO' CARDED ACROSS RIVER

Featherweight Title at Stake in Finish Match Between Breedlove and Swindell at Bluffs Auditorium.

Promoter Al Fiori of Council Bluffs announces that he expects a record house at the Bluffs auditorium tomorrow night when Vernon Breedlove, featherweight champion, meets Claude Swindell of Lincoln in a finish match, best two out of three falls. Swindell will bring a number of fans from Lincoln and the Bluffs "bugs" are all agog with interest in the affair. Omaha mat fans are interested as well. Ernie Holmes having quite a number of orders for tickets.

Breedlove has been training in Holmes' gymnasium and the people who have seen him work out are out boosting the match among their friends by telling in what fine form Breedlove is.

Judging from the reports from Lincoln, Swindell is thought to be just as fit by his Lincoln friends. He is said to have made the weight of 125 pounds easily and to be confident that he will wear the featherweight crown after tomorrow night's match. The Lincoln wrestler has been working with some lightweight and welterweight wrestlers to give him strength and endurance.

Council Considers Question of Public Comfort Stations

The city council committee of the whole once again took up the public comfort station question by authorizing the mayor to appoint a special committee to investigate and recommend. The proposed locations are: Sixteenth and Dodge, Sixteenth and Farnam, Sixteenth and Howard, Twenty-fourth and N.

The city is holding in bank \$50,000 which was received through the sale of bonds for this particular purpose.

City Commissioner Zimman is irrevocably opposed to the expenditure of public funds for public comfort stations.

Man Objects to Search; State Agents Club Him and "Shoot Up" Car

After several shots had been fired and he had been clubbed into submission by state agents, William Sparks, a negro tailor of Des Moines, Ia., was arrested on Missouri Pacific passenger train No. 105. He objected to being searched until he was shown a warrant. The state agents began to shoot out of the windows of the smoking car to intimidate Sparks, they said. When the negro continued to object to the search, he was clubbed. Sparks had 24 pints of whisky concealed on his person. He was lodged in the city jail on a charge of illegal possession of liquor.

Donis Stevens Wires Father Here That She Is Not Seriously Hurt

Donis Stevens, militant Omaha suffragette, has telegraphed her father that she was not badly hurt in the scrimmage last Tuesday night in New York, when she was reported to have been struck on the head with a banner pole while the woman suffrage enthusiasts were seeking to get President Wilson's attention to their cause.

"I am all right. Don't worry," says the telegram to her father, H. H. Stevens, 3647 Charles street. "Women attempting to petition the president were brutally handled by police, soldiers and sailors."

Department Makes Run to Judge Crawford's Home

The fire department made a run to the home of County Judge Bryce Crawford, 1812 Lothrop street, Monday morning to extinguish a fire which was caused by the ignition of papers from the spark of a match.

The occupants of the home suppressed the blaze before the arrival of the firemen.

Sport Shorts

President Jake Isaacson has called the directors of the new Municipal Base Ball league to meet in his office tonight to complete the details for the formation of the new amateur body. Earl Higgins, president of the Greater Omaha League, will tender his resignation at the meeting. Whether this will be taken as a withdrawal of the Greater Omaha league from the amateur ranks is not known, but Higgins declares he is through with the game, whether his league stays with the simon purps or not.

The featherweight champion wrestler, Vernon Breedlove, will wind up training for his match with Swindell at the Council Bluffs auditorium with a light workout today and a long walk in the morning.

Vernon reports that he is down to the weight, 125 pounds and feels as if he could beat John Pesek. Teddy Brothers announce that they will have a few new stunts to "pull" in their "Rube Kassin" stunt which will precede the Breedlove-Swindell "go." Frank Ebe, lightweight champion of Fort Crook, has been training with Breedlove and will be at the ringside, ready to go on if he is needed to fill out the card.

The legislature of the state of Idaho has passed a 20-round boxing bill which was practically the house roll No. 88 bill of Nebraska. The sponsor of the Idaho bill wrote to 'Gene Melady and asked him for a copy of the Nebraska bill and, changing the number of rounds from 6 to 20, presented it just as it was. The bill went across with flying colors with few dissenting votes. This presents another possibility for the location of the Willard-Dempsey tangle.

The members of those two teams of Omaha bowlers that are entered in the A. B. C. bowling tournament at Toledo, O., are earnestly practicing their "hooks" and "break-rolls" every day on the local alleys and have every hope that a winning team from this burg will come back after the tournay is over.

Mexican Government Refuses Permission for Jack Johnson Show

Mexico City, March 10.—The announcement that Jack Johnson was scheduled for five bouts in Mexico City was met today by an announcement that the government had requested the municipal authorities to refuse licenses for boxing matches because previous contests have been of such an unsatisfactory nature as to cause disorder. It is expected that the municipality will accede to the request of the federal authorities.

Out-of-town Wrestling Fans Already Sending in their Reservation Orders for Seats at the Omaha Auditorium March 21. Jack Lewis has a number of pigeon holes in

his desk filled with letters from Pawnee county farmers ordering ringside seats. Those fellows want to be certain of having good seats when their favorite mat artist performs. Mart Sittler, Pesek's manager, reports that he has a number of reservation orders from Shelton men.

We used to hear all about a new "white hope," but now a Chicago theatrical man has come through with a "black hope." Morris Gest, before sailing for London, wired a representative in Chicago to challenge the winner of the Willard-Dempsey match on behalf of George Bell, a gigantic negro, playing the part of the bean seller in a play being run at the Chicago auditorium. Bell is seven feet seven inches tall and out of condition weighs 351 pounds. He has a reach of 91 inches, which is 19 inches more than that of the late Bob Fitzsimmons. He is only 27 years old and has been a freight handler and stone quarryman all his life until he was engaged for his present theatrical job. He doesn't drink, smoke or chew and admits that he has never been forced to show his full strength. He was rejected by the United States army draft board because a uniform couldn't be found to fit him. The only readymade garment he can wear is a handkerchief. Special made boxing gloves will have to be furnished him for training and boxing, his hands are so big. If Dempsey should win his scrap with Willard, what chance would he have with this monolith? Oh, what a whopper! It would be like watching Mutt and Jeff in a boxing match.

New Mitchell Sixes New Victory Model

New in 100 Ways

The New Mitchell Six—the only new Six of the season—has arrived here for the show.

At New York and Chicago this new-type Six was the Show sensation. It will be so here.

This is more than a new model, as new models go. It fixes new standards—it marks a new era in this type of car.

The more than 100 important improvements add 50% to the strength, 75% to endurance, 25% to economy and 20% to comfort.

So many remarkable advances give to this new car an exceptional interest. Come see it at the Show.

Part by part they brought the car up to these new standards. They employed larger parts, new heat treatments, more costly steels, more drop forgings.

They spent \$250,000 for new machinery and equipment, for more accurate workmanship and more radical tests. And they trained a staff of 135 inspectors to watch this car's construction.

Remarkable Advances

Remember that the Mitchell pioneered the Six. For many years the Mitchell Sixes have been gaining world-wide respect.

Yet they add to these sturdy cars 50 per cent more strength. To these enduring cars they add 75 per cent endurance. And, while adding weight, they reduce operating cost by 25 per cent.

They have added new beauty, new comfort. They are adding new finish, new features, new room.

Yet the price is below any comparable Six—below the cars which have not been changed.

That is the most amazing fact—a Six of this class at its price. It is due to wonderful factory efficiency. This complete car—motor, chassis and body—is built in the model Mitchell plant under scientific methods.

Come and see this new Mitchell idea of how good a car should be.

A New Criterion

This new Six marks an entirely new conception of requirements in this class.

It is based on the fact—proved by years of experience—that the Light Six type has been too light. Its standards were not high enough. Competition in weight and price too often led to stinting.

It is built to meet the new-day expectations. Men nowadays buy cars to keep, and they look for permanence.

It corrects in a radical way all the common deficiencies, and gives to the Mitchell a unique supremacy.

A Two-Year Result

Two years ago the Mitchell factory decided on this new-type car. They employed many specialists—men of wide experience—to aid in its creation.

They have perfected the car in two years because of the war-time lull. The factory was devoted to truck building, and these engineers and experts had a unique opportunity.

STANDARD SPORT MODEL

A Powerful Car

When you see the new Standard "8" Sport Model with its long, narrow body, its low center of gravity, its long, straight hood which conceals its eight-cylinder, 83-horse-power motor, you get an advance impression of the thrill that awaits you when you let in the clutch for the first time.

83-horse-power with 8-cylinder flexibility, 127-inch wheel base and light weight give to the motorist an idea of the possibilities of this car.

A demonstration will show even greater performance than your expectations.

When you drive in traffic, never shifting a gear or never slipping the clutch, you will realize its unusual flexibility.

It is only when you try the hardest hills on high, without straining the motor in the slightest degree that you can believe its wonderful hill-climbing ability.

The name "Sport Car" describes this new Standard "8". It is a sport car from its trim, supple lines to its snappy, eager performance.

The Standard "8" is built by the sixth largest industrial institution in the world—The Standard Steel Car Company of Pittsburgh—makers of world famous railroad rolling stock.

See this new model and arrange for a demonstration at the show—Space C-Annex.
