

"WRESTLE ON THE LEVEL OR NOT AT ALL," SAYS LEWIS

Local Promoter Tells Pesek and Freberg Match Must Be on the Absolute "Up and Up."

When making the match between John Pesek and John Freberg for the Omaha Auditorium, March 21, Promoter Jack Lewis insisted that the men must wrestle on the square, with no time limit of any kind and make it a finish match, best two out of three falls. Whether the wrestlers made any protest on the conditions or not is not known, but it is a well known fact that Lewis is radically opposed to a time limit on mat matches. He thinks the likelihood of the performers "jobbing" the public is too great in a match with a time limit and even when the match was positively on the level, it doesn't look good if the men go the limit without a fall.

When Pesek and Freberg go on the mat, the spectators can be assured that they are going to see the best either man can produce. The match was made with the understanding that it must be on the square, that one or the other must gain a decisive victory, so the men will be out for blood when they tangle at the Auditorium a week from Friday night. The match will probably be a rough one, as both men are noted for their rough style of wrestling.

New Mitchell Sixes Only New Six At The Show New Victory Model

The new Mitchell Six has been the hit of every show this season. We have it here for this show—the only new Six on exhibit.

Not merely a new model—a new criterion. A radical revision of the Light Six type. A complete indication of what able engineers see coming in this type.

Over 100 Improvements

This is the most radical advance in this class since the Light Six first appeared. There are more than 100 important improvements.

By actual tests, there is 50% more strength, 75% more endurance, 25% more economy.

There is more beauty, more comfort, more room. The car is new in lines, color and finish, in upholstery, in top. It is new in up-to-date features. Not in many years has anyone seen so many new ideas in a car.

Based on New Standards

The history of the car is this: Two years ago Mitchell engineers decided that Light Six standards in general were not high enough. Too much had been sacrificed to lightness, and too much to price. Men of today, who buy cars to keep, look for higher standards.

The Mitchell people pioneered the Six. And they decided that as leaders they should lead in this advance.

That was two years ago. A staff of able engineers, experts and specialists have been working on this car ever since. During wartime, when the Mitchell factory ran on trucks, they had their chance to perfect this car, so it is ready before they expected.

"TWO AND THREE" "PUTTING THE NEXT ONE OVER" WITH "BUGS" DAIR

YOU can't blame Metz or Berlin for not honoring in with a bid for the Willard-Dempsey tableau. Those saps with the oblong heads have piped enough of Yank battles. Hong Kong has stuck in a bid, but only for the scrappers' laundry. The capital of Tibet has the healthiest climate in the world and offers the boys a yard of Tibet button money for the fight, but Willard prefers to grab a 100,000 sure smackers in America. With that much velvet pinned to his vest, a guy can buy his own climate. So Tibet is out.

The greatest fight promoter in the works is now wooden shoeing it around Holland. This cuckoo is still suffering from indigestion contracted from a meal that he didn't eat in Paris. He's out.

Cairo, Bombay and Tokio all want to toss an eye on the boys before the league of nations puts the dampers on scuffles. They are bidding very recklessly for the big battle and Bombay is a bushel of vegetables in the lead.

Every burg in the world and fringes has popped up with a bid for the riot except Pompeii and that other great sporting ruins, New York. About every promoter in America who can creep, crawl or be trundled to a telegraph office has tried to flag the big train. But anything under 100 grand is a local station with no stops. Most of the bids are mind benders. If the bidder loses, he doesn't lose anything but his mind.

Here's a partial list of the towns which have stuck in a horn for the heavyweight convention. Reason it's only a partial list is because they're only partial towns. Let's go:

Ash Can, Tex.: Population of 345,678, mostly divided between the village shoemaker's three dogs. Citizens raised a mass meeting and raised enough money to send a 10-word telegram collect. Ever since an elephant came here with an Indian medicine show Ash Can is used to big things and is willing to pay for them. Public spirited citizens will guarantee Tex. Rickard \$100,000 in cold confederate cash. If that ain't cold, nothing is. Watch us grow.

Muleheel, Ore.: Guarantee Willard \$1,000,000 if he can get it. Ideal spot for big fight. Big town, with a population of 127 in its stocking feet. Mayor has a Ford that works. Fourth company of "Uncle Tom's Bungalow" played here in the year of the big wind. They're here yet. Little Eva willing to referee. Constant objects to fight, but two tickets will fix him. He got in to see "Uncle Tom's" the same way. We have two oil wells that ain't working. They've got lots of company.

Tankburg, Ala.: Tankburg bids \$3,000,000. Mayor is a reformed second-story man who came to Tankburg to escape temptation. This is only a one-floor town, but city hall has a revolving door all year round. No red tape. Just pitch ring near freight yards and go to it. Champion checker player will referee. Might mention that Tankburg House was the first hotel to install toothpicks in south. What say?

Doodletown, Mont.: This town kicks in with an offer of \$6,000,000. No burg can outbid us when we have our bidders on. If six ain't enough read this telegram upside down and make it nine. Roughest town in the world. Even the canaries sing bass. Absolutely no competition to the fight, as sheriff's three-legged calf died 15 years ago. Main industries of Doodletown are track walking, saving chewing tobacco tags and wearing out poker decks. Two Chink laundries and free water trough.

Coma, Mich.: Old Home week in Coma next month and citizens want big fight for Coma. Town is drier than a kippered herring, but commitment went on a batter and raised bid of \$17,000,000 for Willard-Dempsey fight. Wire acceptance quick before they get sober. Town very near to railroad and other improvements.

Champion Loses Popular Verdict to Frankie Brown
Philadelphia, Pa., March 11.—Frankie Brown of New York gained the decision over Johnny Kilbane, featherweight champion, in their six-round fight here last night. In the third round Brown knocked the champion down.

Catcher Severeid Returns to St. Louis Americans
St. Louis, March 11.—Charles "Hank" Severeid, mainstay of the St. Louis Americans' catching staff, sent a wireless to Business Manager Quinn today that he would land in New York tomorrow. He has been serving with the tank corps in France.

OMAHA FIVES IN TOURNEY FOR STATE HONORS

Three Crack Teams From Big Schools Go to Lincoln Today for Cage Contests.

The big annual tournament for the Nebraska High School basketball championship begins today with the three Omaha High School quintets and the classy Lincoln five, the chief contender for the title.

Optimistic reports come from all of the coaches, each of whom is confident that his men will enter the finals. Central High plays Geneva. South High meets Norfolk. Commerce High encounters Norfolk and the School for the Deaf boys engage the Scribner crew in the first round.

Central, South and the Mutes all are expected to survive the initial encounter since easy games are booked. The Lincoln-Commerce High encounter promises to be a hard one, which may shatter the championship aspirations of the capital city boys. Lincoln has the edge on the locals although its advantages are in no way decisive.

Coach Mulligan has his first string all in good shape save Art Logan who will probably be kept off the floor because of his injured leg, unless things go hard with the Centralites. Coach Mulligan will take the following men with him: Captain Art Logan, Paul Konecky, Leo Konecky, Herman Soboda, Ray Clements, Leonard Mangold, Art Paynter and Art Burnham. Manager Marion Adams and Assistant Manager Nathan Jacobs also will go.

Coach Patton of South High will take Vol Eder, Nieman, Card, Banner, Morris and Hedgren to cop the tag.

Coach Evans of Commerce High has chosen the following flippers: Merle Kline, Captain Camero, Duke Levinson, Jimmy Slane, George Bernstein, Frank Ruksek, Camero, who dislocated several teeth in a scrimmage with South High, is the only member of the squad not in first class condition.

The games will be played on the Armory floor beginning at 1:20. The teams' delegations here are planning to root for whatever Omaha team is on the floor.

Rickard Undecided Where Heavyweight Bout Will Take Place
New York, March 11.—Tex Rickard, promoter of the Willard-Dempsey heavyweight championship fight, returned to this city tonight after a tour of the west without any definite idea of where the fight will be held.

He has decided to hold the bout July 4, and under the contract is not obliged officially to fix the location before May 4. He intimates, however, he would prefer placing the contest in the east.

Rickard said that under no circumstances would he sell the rights to the fight, for he expected to put on the contest himself. Insurance policies for \$30,000 upon each of the principals and one of twice that amount on Rickard will be signed tomorrow.

According to Rickard, Willard has already begun training and reports a reduction in weight of 11 pounds at the end of the first week. The champion's training includes a complete change of dieting. It will be some time before he begins active ring work.

First Christians Win Flags in Church Basket League

Church League Finish.	W.	L.	Pct.
First Christians	10	2	.833
First Memorial	8	4	.666
Hanscom Parks	5	5	.500
Calvary Baptists	5	5	.500
Brown Methodists	5	5	.500
Trinity Baptists	0	10	.000

Two close games marked the close of the Church League basketball season last night on the Young Men's Christian association's floor. A single field goal was the narrow margin that spelled victory for the First Christians of Council Bluffs in their game with the Hanscom park quintet, which ended 25 to 23 in their favor.

The Pearl Memorials, who won second honors in the league, had a hard time warding off defeat when the Trinity Baptists, who finished the season with a victoryless record, played a fast game that ended 14 to 11.

As a result of the 13 to 6 defeat of the Calvary Baptists by the Brown Methodists the two teams are tied with the Hanscom Parks for third honors.

Doehlers Go Into First Place in Bowling Tourney

Toledo, March 11.—Bowling on the first shift of the American bowling congress tournament here tonight the Doehler D. C. All Stars went into first place in the team standings with a score of 2,752. The Doehlers had games of 850, 946 and 936. Eddie Ganz, a former minor league base ball player leading the five with a total of 667.

The Sulphur Baths rolled 2,714 for second place.

In the afternoon, Paul Landis, Ohio state champion of 1919, went into first place in the individuals, with 619. Landis bowled 202 in his first game, 224 in his second and 193 in the final.

The top figure in the doubles, was not touched today, the highest two-men count of the afternoon being 1,185, 20 pins below the leaders. It took the pair of Toledo amateurs into second place in that division.

Today's Calendar of Sports.

Racing—Winter meeting at Jefferson park, New Orleans. Winter meeting at Havana, Cuba.

Automobile—Opening of annual show at St. Joseph (Mo.) Automobile Dealers' association.

Golf—Close of an annual spring tournament at Hot Springs, Ark.

Basket Ball—Close of Central A. A. U. championship tournament at Chicago.

Swimming—A. A. U. national 200-yard breast stroke championship for men at Columbus, O.

Boxing—Mike Gibbons against Len Bowlands, 10 rounds, at Denver.

Championship Wrestling Match at Bluffs Tonight

Vernon Breedlove, Featherweight Title Holder, to Defend Honors against Claude Swindell.

The Council Bluffs auditorium probably will be filled with Omaha and Council Bluffs wrestling fans tonight to see Vernon Breedlove, featherweight champion of the world, defend his title against the little Lincoln marvel, Claude Swindell. These two men are undoubtedly the best pair of little fellows in the world, on the mat. For three years, Breedlove's title has been undisputed and he had to take on lightweights and even welters to keep busy at the mat game. Swindell has always wanted to take a flier at the champion, but waited till he had what he considered enough experience. Then the war broke out and he couldn't get his chance. When the war ended, Breedlove continued meeting lightweights and welters and Swindell, hearing of it, made a trip to the ringside at one of these matches and challenged for a title match.

The champion accepted the challenge and tonight was settled on as the date for the match. The men have been training two weeks and each reports himself in fine fettle. Swindell is said to be a real marvel at the wrestling game, fast as lightning and a master of nearly every known hold. Breedlove is about the fastest piece of machinery seen around here for many long years and fans are beginning to wonder whether either man will have any advantage in this respect. Vernon has shown a wonderful repertoire of holds himself. Altogether, the little fellows appear to be about evenly matched and a wonderful wrestling match should result from their meeting.

Promoter Al Fiori, not satisfied with having a genuine championship wrestling match for a windup has secured the well known Teddy Brothers to put on their little one-act comedy "Rube Rastlin." Frank Ebe, lightweight champion of Fort Crook, will probably meet some one in the opener. Brewer's Jass orchestra will furnish the music before the bouts are put on and in between bouts.

Sport Shorts

By KID GRAVES.

The Idaho legislature passed a boxing bill for 20-round bouts last week and now Idaho Falls, Idaho, comes to bat with an offer of \$165,000 for the Willard-Dempsey championship match. The offer was wired to Tex Rickard and an additional 50 per cent of the moving picture privilege was added to the money offered. The first thing we know, somebody will offer the next year's output of the mint for this affair. That \$165,000 offer looks big, but what would Rickard do with the 50 per cent privilege of the pictures? He couldn't show them in this country and Tex doesn't like to travel on the water, so what good would the pictures do him? Yet, he is not surprised if that old scrap is staged in Idaho, after all.

One week from today, two teams of Omaha bowlers will entrain for the big pin meet at Toledo, O. All the Gate City bowlers are pulling for either the Winners or the Brumels to bring home the bacon. The teams will roll on the 21st, in the five man events and on the 22d in the singles and doubles. There are 10 crack bowlers on these teams and Omahans can look for them to make a creditable showing on the Toledo alleys.

VERNON BREEDLOVE.

matched and a wonderful wrestling match should result from their meeting.

Promoter Al Fiori, not satisfied with having a genuine championship wrestling match for a windup has secured the well known Teddy Brothers to put on their little one-act comedy "Rube Rastlin." Frank Ebe, lightweight champion of Fort Crook, will probably meet some one in the opener. Brewer's Jass orchestra will furnish the music before the bouts are put on and in between bouts.

make a creditable showing on the Toledo alleys.

A short time before the death of Col. Theodore Roosevelt, it was planned to have him head a soldiers', sailors and civilians' boxing board to regulate and control boxing throughout the country. The death of the ex-president caused the plan to be shelved for a short time, but it was revived and Maj. Gen. Leonard Wood was asked to take the place that would have been Roosevelt's. General Wood refused the presidency of the board, but agreed to accept the position of chairman of the committee in charge of army boxing. A body such as this is just what is needed for the boxing game and will elevate the sport to a high plane. This organization should prove more successful than the one headed by Tom Andrews, the Milwaukee sportsman, which appears to have "died aborning."

Some one page Terry McGovern! Pedlar Palmer is trying to fight again. He stacked up against Jim Driscoll at one time considered the fastest and cleverest featherweight in the world and the referee stopped the scrap in the fourth round, Driscoll winning.

The little Scotch-Wop lightweight boxer, Johnny Dundee, had to cancel his bout with Ritchie Mitchell in Milwaukee, Monday night because of an abscess on his ear. Everything looked fine for a merry old mill between the two, but old man, Hard Luck was on the job and Dundee had to call the match off. He lost money on it, Mitchell also lost but the club was the greatest loser. They had tickets and advertising out for the affair and even the ring erected in the auditorium, ushers hired and everything was lovely until Dundee walked into the promoter's office with tears in his eyes and abcess on his ear and said the doctor wouldn't let him go on with the bout with his ear in that shape. The boys will probably be matched for a date as soon as the New York ear will permit him to do any training for the bout.

Johnson to Salt Lake.
St. Louis, March 11.—Ernie Johnson, shortstop, has been released outright by the St. Louis Americans to Salt Lake club of the Pacific Coast league.

Cleveland Americans Go to New Orleans for Training

Cleveland, O., March 11.—The first detachment of the Cleveland American Base Ball club left here tonight for New Orleans, where they will do their spring training. The party consisted of Manager Fohl; Pitchers Coveleskie, Bagby, Connally and George Uhle; Catcher O'Neill; Outfielder Joe Wood; Scout McAllister and Trainer Percy Smallwood. The fielders are expected to report next week.

Shubert Is Aggressor in 10 Round Scrap With Champion

New Bedford, Mass., March 11.—Peter Herman of New Orleans, holder of the bantamweight title, and Al Shubert of this city fought 10 fast rounds here last night, with Shubert forcing the fighting the greater part of the time. By previous agreement no decision was given.

THE unusual interest in the Nash truck line evidenced at this time is perhaps heightened by the knowledge that more trucks, we believe, were built by the Nash Motors Company during the war for military purposes than were produced by any other maker.

The Nash Motors Company built nearly thirteen thousand Nash trucks for military service.

This preference of the Government for Nash products is readily understood upon close inspection of the many superior mechanical features of Nash truck construction.

For example, owners are quick to appreciate the automatic locking differential with which all Nash trucks are equipped. This feature, besides saving fuel and tires, enables Nash trucks to make sure and safer deliveries with no time out because of weather or road conditions.

Reasonably prompt deliveries can be made to immediate buyers.

See the full line of Nash Trucks, including the famous Nash Quad, at the Show.
