

# BUSHEE PRIMARY BILL AGAIN UP BEFORE SENATE

### Peterson Amendment, Preventing Candidates Advertising in Newspapers, Killed.

From a Staff Correspondent. Lincoln, Neb., March 13.—(Special.)—The Nebraska senate spent another hour today wrestling with the Bushee bill, amending the state primary law, and decided it was not ready for final action in committee of the whole. Consequently the committee asked permission to sit again.

### Leads Onslaught

Cooper led the onslaught against the Peterson amendment which incorporated the Oregon plan of having all primary election publicity handled through the state printer in a pamphlet similar to those issued in referendum propositions.

"The newspaper is the greatest advertising medium in the world," Cooper asserted. "To deny the candidates the right to use the newspapers would be to deny him a right guaranteed in the state constitution."

"Have we any right to assume that the secretary of state would get these pamphlets to the voters in the scattered portions of the state. The voter, nine cases out of 10, will never see the pamphlet, for if he does receive it, he will throw it into the waste basket. We may rest assured, however, he will see the newspapers and he will read them."

"With the problems of reconstruction and bolshevism staring the state in the face, it is no time to tinker with the primary law, in my judgment. Under the present law every man who is competent to vote will be informed through the medium of the press, which is the cheapest and most efficient means of scattering the information which each voter is entitled to."

An amendment, proposed by Senator Reed, providing that in the registration before the primary the voter must give his party affiliation, was accepted and another amendment by Robbins, providing for election of precinct committeemen, were accepted.

The senate will take up the bill again in the committee of the whole.

# Place for Osterman on Board of Control So Says Lincoln Rumor

From a Staff Correspondent. Lincoln, March 13.—(Special.)—Representative Theodore M. Osterman of Merrick county, minority leader in the lower branch of the legislature, has been rumored to have been tendered the place of control to fill out the unexpired portion of the term of Commissioner Silas A. Holcomb, resigned, according to a report in circulation at the capitol Thursday.

The appointment is said to have been tendered to Osterman after the governor had entertained a dozen democratic members of the house at luncheon in the executive mansion Wednesday noon. The Merrick county man remained behind at the request of the governor, while the others went back to the capitol.

Neither Governor McKelvie nor Representative Osterman would talk for publication about the matter.

Friends of Osterman are inclined to think that he will not accept the place. He refused last year to become a candidate for railway commissioner, which pays the same salary as that drawn by members of the Board of Control—\$3,000 a year. He is engaged with his brother in extensive farming operations near Central City.

# CIGARET BILL COMES TO LIFE IN STATE SENATE

### On Motion of Bradstreet Measure Brought Up for Consideration and Is Thoroughly Discussed.

From a Staff Correspondent. Lincoln, Neb., March 13.—(Special.)—The McLeod cigarette bill, H. R. 297, came to life again Thursday morning when the Nebraska state senate, 19 to 12, voted to reconsider it. The measure had previously been killed by indefinite postponement in the upper branch of the legislature, after it had passed the house.

Senator T. E. Bradstreet, Grand Island, made the motion to reconsider. He had previously voted against the bill.

In presenting the motion Senator Bradstreet said that from sentimental reasons he had voted to kill the measure and believed that he had been mistaken in the handling of the problem. He said that he desired to correct his mistake.

### Raises a Protest.

Bradstreet's motion raised a storm of protest from the opposition, but without avail. Senator Hall insisted that the present law putting an absolute ban on the sale of cigarettes could be enforced. He said that all that required was for the people to get behind the law and the county attorneys to bring the prosecutions.

Chappell agreed with Hall, and Hammond insisted that the tobacco interests were responsible for the revival of the bill. He said that one lobbyist had approached him and had said that it was his interest to have the bill passed. Hammond is in the newspaper business.

Sensors Bushee, Weaverling, Peterson and Houston spoke in favor of regulation. They declared that the present deal letter did not represent common-sense methods in handling an admitted evil.

"Not Deserved, Says McLeod." "A law is no better nor no stronger than the people's attitude toward it and the people of the state do not desire the present anti-cigarette law," one of the McLeod bill's advocates asserted. He called attention to the fact that Governor McKelvie, Attorney General Davis and Mayor J. E. Miller of Lincoln had all indicated that they did not believe public sentiment supported the present law.

The bill as killed had been amended in two particulars in the senate. One prohibited absolutely the sale of "doped" cigarettes within the state and the other by Ainlay, licensed the sale of all tobacco in the state.

# SECRET CIPHER SHOWS GERMANY IN FAVOR OF WAR

### Two Dispatches Made Public in Paris Give Positive Proof That Germany Urged Austria to War.

Paris, March 13.—Two dispatches sent in cipher by Count von Szogyeny-Marich, Austrian ambassador at Berlin, before the war to the Austro-Hungarian foreign ministry, showing that Germany was backing Austria in its warlike attitude toward Serbia, have been made public by M. R. Vesnich, Serbian minister to France. As printed in the Journal Des Debats, the message reads:

"Berlin, July 25, 1914.—I am generally supposed here that a negative reply from Serbia will be followed on our part by an immediate declaration of war and military operations. \* \* \* We are counselled with the greatest insistence to pass immediately to action and thus put the world in face of an accomplished fact."  
The second dispatch, marked "strictly secret," says: "Berlin, July 27, 1914: The secretary of state has just declared to me positively, \* \* \* that very soon eventual propositions of medi-

ation from England will be brought to the knowledge of your excellency. The German government assures me in the most convincing manner that it in no way identifies itself with these propositions, that it is absolutely against the being taken into consideration and that it will only transmit them to us to give effect to the English request."

Minister Vesnich then quotes the message sent July 30, 1914, from Sir Edward Grey, the British foreign minister, to Ambassador Goschen, at Berlin, offering, if the crisis passed, to take the initiative in an arrangement satisfactory to Germany. The minister says that neither Sir Edward Grey, Foreign Minister Sazonoff of Russia or Premier Viviani of France then knew positively that Germany wanted war.

### A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Adv.

### "I WILL PRAISE IT THE LONGEST DAY I LIVE," SHE SAYS

Mrs. Robbins Restored to Health by Tanlac After Suffering Thirty Years.

"Talking about things that help people," said Mrs. P. H. Robbins of 1449 South 14th Street, Omaha, Neb., in an interview, recently. "Tanlac is doing more good than any medicine I have ever known in my time, and I'm now past sixty years of age."

"In 1889, nearly thirty years ago now," she continued, "when I gripped first came along and so many people were having it, I had an attack of it myself and have had it in some form or other from once to twice a year ever since. The first spell left me in a badly weakened condition and I would no sooner recover from one attack than I would be pulled down again. The doctors at that time called it 'rheumatic gripe' and I had aches and pains all through my body, in all my limbs and muscles. Three years ago I had one of these spells, which was so severe that they took me to the hospital, and I nearly died. I had the worst headaches it seems anyone could have and I was badly rundown and frightfully weak. I couldn't sleep well for all those thirty years. My appetite was poor, I lost twenty pounds in weight and just had to drag myself around. I was hardly ever without some kind of an ache or pain, and the past spring I was in such a bad fix that we couldn't keep house, so I went to my daughter's. My husband went to boarding and where he boarded he heard of a remarkable case like mine, that had been relieved by Tanlac."

"Then he went straight to Sherman & McConnell's drug store and got two bottles, one for me and one for himself, as he was in very bad health, too. Well, I showed some improvement on the first bottle and kept on getting better slowly. My appetite came gradually, and my strength came back a little each day. My aches and pains wore away and I got to sleeping better. When we would see one bottle getting low we would hurry to get another and since I finished my sixth bottle I'm feeling better and more like myself than I have in years. With all the sickness and 'flu' epidemic that's going over the country I'm feeling stronger and better than I ever did."

We are keeping house again now, and I eat well, sleep well, do all my household and feel fine all the time. I am taking Tanlac with the Tanlac Tablets again now to keep in shape for the winter. It certainly is a blessing to humanity and has done so much for my husband and me that I will praise it the longest day I live."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.

### STOMACH TORN UP

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I will remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset that I once I suffered . . . from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad . . ."

My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. Try Black-Draught. EB-15
