Founder of Drama Will Speak in Omaha Friday

Mrs. A. Starr Best Will Outline Plans for the Future of Drama League Work.

Mrs. A. Starr Best, founder of the Drama League of America, who will speak at the Fontenelle, Friday under the auspices of the local league and its aims.

"It is scarcely three years since the laugh went around the New York papers at the new organization forming in Evanston with members only in Chicago and assuming to call itself The Drama League of America. Three years is a short time for any new organization to prove itself and yet in that time, with no endowment, no talented workers, only the modest membership dues of \$1 and an occasional \$5 supporting membership, this earnest band of workers has not only held its own with real accomplishment, but has spread its influence into every state of our union, to 30 important cities, to four of the largest cities of Canada and now at last to England, where the same work is to be taken up in a co-operative spirit. It has met the ridicule with earnest effort, has repaid faith with deeds and accomplishments, and it has established itself in the minds of the managers as an influential group of nation-wide activity anxious to do everything possible constructively in support of better plays. It does not claim as yet to be able to make or mar a play—to dictate arbitrarily as to production; but it does hope as its influence grows in night stands to be able to support a league play so strongly in advance as to bring to many of the small towns better plays than they could otherwise get. It aims to discover for the manager the audience that will enjoy a given play and bring the manager, the play and the special audience together."

Mrs. Best is recognized as the moving spirit in the phenomenal growth of the Drama League of America.

Dr. S. H. Clark of the University of Chicago will be presented in a dramatic reading of Galesworthy's "The Silver Box," Thursday, March 27, at the Fontenelle.

Annual meeting of the Omaha Drama League will be held at the Fontenelle Wednesday, April 2, at 4 p. m. There will be an election of officers and directors for the ensuing year. Delegates will also be elected to attend the annual convention of the Drama League of America, which meets in Chicago, April 23 to 27, following the business meetings. Miss Kate A. McHugh, who has been president of the league since its organization in May, 1915, will read sketches from Lord Dunsany's new book, "Tales of War."

Grinnell College Glee Club. The ingenuity of the women of the First Central Congregational church is being demonstrated by the unique benefit entertainments they are planning. A beautiful new church is the dream of this energetic group of women and they have pledged themselves to raise a large sum that this dream may come true. The Grinnell College Glee club will be presented by the women's association of the church, March 26. This promises to be a most enjoyable evening of music as the glee club is famous for its delightful programs.

HE WAS CALLED A LOAFER BUT HE WAS SICK

Thousands Are Sick But Get No Sympathy or Help Because They Are Not Bedfast.

A healthy man or woman simply cannot loaf. When you lack energy and vitality you don't feel like working. All the organs of your body are sluggish. You are not keen for either pleasure or work. You eat a plenty perhaps—but your stomach and digestive organs do not build up your strength. Disipation in one form or another may have caused your trouble. Nature needs the help that Cadomene Tablets will afford anyone suffering with that tired feeling, with headaches, body pains, restlessness, sleeplessness, despondency, loss of energy, etc. Try taking Cadomene Tablets instead of using strong stimulants like whiskey or wine. They will give appetite, aid digestion, enrich your blood, strengthen your nerves and make of you a real live, healthy, energetic person. All druggists can supply Cadomene Tablets in sealed tubes.—Adv.

Musical Mother Compared by Musicians to "Streak of Lightning"

Another musical mother, who keeps up her music as well as her domestic career, is Mable Woodworth Jensen of Council Bluffs. Before her marriage to Mr. Peter Jensen of Council Bluffs, Mrs. Jensen devoted herself exclusively to her music. She was a member of the faculty of the large American Conservatory of Music in Chicago, and her life was one round of teaching, playing and concerts, with but little time for outside interests. Marriage changed all that, and now the main interest is little Mildred, who watches her mother in wide-eyed wonder as she plays her violin. Mrs. Jensen thinks that the career of being the mother of Mildred is the only thing more important than having a career of music, but being the mother of Mildred is all the more reason for keeping the music up. Mrs. Jensen is a violinist of excellent attainments, having not only a greater measure of technical skill

RECIPE TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, O., who has been a barber for more than 40 years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce bay rum, a small box of Barbo Compound and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."—Adv.

"I have been Using Your Sulphur Tablets More or Less for Many Years and Have Recommended Them to Many, Because I Think They Should Be in Every Home."

Thus writes Mr. Wm. Cameron, 1021 Ellis Place, Denver, Colo., and we publish this brief statement to prove the never-ending value of Sulphur Tablets in the treatment of such ailments as chronic constipation, impaired kidney action, and consequent impure blood manifested in many ways, such as headaches, pimples, boils, rash, hives, rheumatism, etc. Neglected constipation undoubtedly brings on a long train of more serious ills and the way to get relief is to use Sulphur Tablets as a laxative, tonic blood purifier.

They are made of extracts of herbs and roots and contain sulphur and cream of tartar, thus supplying the essentials for a regular and effective treatment. Sold by druggists everywhere at 60c per tube.—Adv.

DON'T HAVE GRAY HAIR

It's Easy to look Young and Fascinating by Use of "La Creole"

"La Creole has made me look 15 years younger."

No woman should be handicapped socially by gray or faded hair. Every woman owes it to herself to look her best and avoid the appearance of coming age. Gray, streaked with gray, or faded hair makes many a woman look old before her time, and gray hair is so very unnecessary.

LA CREOLE Hair Dressing is the most popular Hair Color Restorer in use among society Men and Women of America today. It is a safe, delightful toilet preparation which uniformly restores gray, streaked with gray, or faded hair to its youthful beauty and lustre.

LA CREOLE Hair Dressing will not stain the scalp, wash or rub off, or leave the hair with that greasy or dried appearance. You apply it yourself by simply combing or brushing it through the hair before retiring, and the results will delight you surprisingly.

LA CREOLE is sold by Sherman & McConnell, and all good drug stores and toilet counters everywhere. Price, \$1.00

A Skin Like a Venus? It's Really Easy

A Simple Formula That Works Wonderful on Any Skin. Also a New Way to Remove Wrinkles That Rarely Fail.

By Valaska Suratt

WHAT I want to give you here is something that is nearest to every woman's heart—the way to bring complexion to a supreme and unblemished loveliness. After you have accomplished the result you will say to yourself, "I never thought such a thing possible."

First and most important, you should make this cream yourself. You cannot get the same richness, the same ingredients if you do not. Otherwise I would not suggest it now. Just get one-ounce package of santonin for about fifty cents from your druggist, and mix the contents with two teaspoonfuls of glycerine in a pint of water. The cream will then be ready, and this will make much more cream than you can get already prepared in the store—and you will be assured, moreover, that the results will be achieved quickly. You will like all blemishes and your skin will be like a lily.

MISS S. P. G.—You must bear in mind that the scalp is constantly having formed upon it a film of grease and scale which is almost impossible for soap to remove. You need something to dissolve away these accumulations, and if you will dissolve a teaspoonful of eggol in a half cup of water and use as a head-wash you will find your scalp and hair will be cleaner than ever before, and your hair will take on a very marked sheen of silver and black. You can get enough eggol for twenty-five cents to last for over a dozen shampoos.

SHOWERS—There are many cases I know where the hair has become increased very perceptibly within a month by the use of the formula given below. The ingredients given here are very readily absorbed by the hair roots, and a quick result is obtained. Bald spots will fill in rapidly and the hair will stop falling. You mix one ounce of betaniquin, which you get from the drug store in the original package for about fifty cents, with a half pint of water and a half pint of bay rum. The hair grows in its ready, it is not oily and can be used every day.

EMBARRASSED—Perhaps you never heard of being able to "dissolve" away superfluous hair, and for that reason you have used materials and poises and powders

MISS G. D. T.—I know you never tried such a fine and exquisite face powder and one so free from all chalkiness as the one I had made up for my own, "Valaska Suratt Face Powder," sold at drug stores now for fifty cents in any tin. Just try it.

AWFUL—Liquids applied to the armpits for excessive perspiration are not as effective as the simple, bland powder here. I used talc which can be obtained at the drug store for fifty cents. It is soothing, controls the perspiration, and destroys all odors completely.

"Society" writes: "I have pains in my spine and frightful headache in back of head, fainting spells, twitching and trembling, nervousness, sleeplessness, loss of appetite and strength, and in fact am 'beset' when it comes to performing accustomed work and duties."

Answer: In all such cases the assimilative functions have not kept pace with waste functions and a powerful harmless tonic treatment is needed. I find three-grain Cadomene Tablets unexcelled and astonishingly beneficial in such cases and advise them for you.

"Weakness" writes: "Have been suffering for kidney trouble and now want your advice. Frequent desire is followed by burning pain and am very tender and have over-reaction of bladder. Also back-ache affects me dreadfully. Can hardly move when I awake in the morning. Weakness, too, is a symptom."

Answer: I think if you will take Cadomene Tablets regularly for a few weeks your kidney and bladder will become normal and all such symptoms vanish. This is unusual for such complaints in my estimation.

"K. K. K." asks: "I am growing more stout as I get older and weigh 30 pounds too much now. I am alarmed and want to reduce. Please advise what to take."

Answer: You need not be alarmed if you will begin taking three-grain Cadomene Tablets. These tablets reduce usually at the rate of a pound a day after the first few days. Cadomene does not simply thin the sealed tubes with full directions.

"Poor Health" writes: "My health is very poor on account of a four-standing constipation. I have to use Pills or something of the kind. Can you prescribe something to take that will cure chronic constipation?"

Answer: Constipation is probably the cause of more illness than any other thing. Most remedies only aggravate the trouble and never cure. I always prescribe three-grain Cadomene Tablets (not salubur tablets), and have found them most reliable and gradually curative. They act pleasantly and cause no constipation and liver strain purifying the blood.
