

HUN SUBMARINE MAKES DASH OUT OF SPANISH PORT

U-48 Chased by Destroyer and Sunk While Trying to Escape from Ferrol; Crew Rescued.

Paris, March 15.—The German submarine U-48, while attempting to escape from Ferrol, Spain, last night was chased by a destroyer and sunk, according to a Havas dispatch from Madrid.

The U-48 took refuge at Ferrol, March 1918 and was interned. The attempted flight of the U-boat was observed and the torpedo boat destroyer Antalo pursued it. The German boat was sunk outside the Ferrol roads. The crew was saved.

When the German submarine U-48 sought refuge at Ferrol its propellers were snatched by the authorities and her guns and munitions were taken out, according to dispatches from that port. The captain of the submarine declared that his craft had been damaged severely in a fight with three ships. The U-boat carried a crew of 30 men and for a time a Spanish warship stood guard over the vessel.

In 1917, the U-48 was reported off Bermuda.

PEACE TREATY DRAFT PLACED IN WILSON'S HANDS

(Continued from Page One.)

It is in order to get speedy action they propose to strip the preliminary compact of all extraneous matters which they believe include the league of nations. The league, under the British program, would be taken up immediately after the conclusion of the preliminary of peace and with any amendments which might be added would be made part of the final pact.

Draft To Be Final Pact.

It was stated at American headquarters that the treaty now being framed would be the definite treaty covering all the main subjects, and would not be a preliminary treaty. It is the treaty which will be submitted to the United States senate for ratification, and after its conclusion the remaining details will be largely formalities.

No decision has yet been made concerning the seat of the league of nations, but the minister of foreign affairs of Belgium has written offering one of the historic palaces of Brussels as the home of the league. If Brussels is chosen, the prevailing American sentiment continues to be favorable to Geneva.

Leon Bourgeois, French delegate on the league of nations, will hold a conference with Colonel House tomorrow concerning two proposed amendments to the covenant. The amendments deal with investigations by the league of military status of all the member countries.

Denver Detective Is Convicted of Killing Woman in Automobile

Scottsbluff, Neb., March 15.—(Special Telegram.)—Late yesterday afternoon a verdict of manslaughter was returned against C. L. Landry. The jury was out 20 hours, following a trial which began on last Monday and occupied practically the entire week.

Landry, a detective employed by an agency in Denver, was in Torrington, Wyo., on business connected with his firm and in company with Sheriff Sherman of Gosper county, was trailing supposed car thieves on the night of December 11 last. At Henry, Neb., the sheriff approached a car standing near the depot and engaged in conversation with the occupants. The car started away suddenly, throwing the sheriff to the ground. He immediately drew his gun and commenced firing at the car and Landry followed suit.

Later developments showed that the car was occupied by Miss Sylvia Kelly of Morrill, and James Nolan, a business man of Torrington. Miss Kelly was almost instantly killed.

The testimony for the defense was an effort to show that the bullet which killed the young woman could have been fired by Sheriff Sherman, who is charged with being an accessory to the crime.

FARMER SMIDT GOES AGAINST ESPIONAGE LAW

Adams County Man Before Judge Munger and Is Fined Because of Having Made Disloyal Statements.

Lincoln, March 15.—(Special.)—Federal Judge Munger Saturday morning fined George H. Smidt, pioneer Adams county farmer, \$400 when he pleaded guilty to violation of the espionage law. Smidt was alleged to have made disloyal statements while the United States was at war with Germany.

Smidt told the court that he was provoked to make the remarks and that he was loyal to the United States. He was born in Germany, but came to America in 1881. He has 800 acres of land and eight sons. The Adams man was accused of having said that he would let his hand lie idle if his four sons of draft age were taken for military service. He was also charged with saying that he would rather see them dead

than in the khaki uniform and fighting against Germany.

Bought Bonds and Stamps. Counsel for Smidt said the aged man had bought Liberty bonds, thrift stamps and contributed to the Red Cross to the amount of \$2,000. Judge Munger entertained 21 house-runners Saturday morning. All pleaded guilty and the sentences imposed ranged from fines of \$1 to \$100; one day in jail to six months. Mrs. Margaret Sheffield, whose husband is a soldier in France, and Mrs. Harry Gray, were sentenced to 30 days each. They admitted bringing liquor into Nebraska from Wyoming.

Thomas C. Jarvis, St. Joe wholesale liquor dealer, paid a fine of \$1,500 for conspiracy to violate the Reed amendment. He was charged jointly with William J. Fenton in the complaint. Jarvis said he believed that under government state and city license he had a right to sell liquor and that he did not knowingly violate the federal statute.
