McKelvie's Civil Bill to Occupy Senate While House Talks on Omaha

From a Staff Correspondent. Listcoln, March 16.—(Special.)— The coming week will be one of the busiest since the opening of the 1919 session of the legislature.

In the upper branch of the legis-lature, Governor McKelvie's civil administration code bill will be up for consideration and final passage. The senate expects to dispose of the measure in record time as it has been carefully gone over in the committee and its consideration by the senate at large will be more or less of a formality,

Chairman Cordeal of the code committee announced there will be no public hearings on the bill inasmuch as the committee has heard all views on it. If the senate can dispose of the civil code bill during the coming week it may still be possible to adjourn early in April although the chances of early ad journment have gone a glimmering

Code Bill to Have Sway.

Consideration of the code bill wil exclude practically everything else in the upper branch during the week. The senate, however, has still to dispose of the Siman bill, regulating the use of foreign language in the public and schools of the state. The bill passed both senate and house but the lowand so far the senate has been un willing to concede its position. The Burney bill relating to parochial schools is also pending in the upper branch,-otherwise the senate is fairly well cleaned up on the more important legislative matters and ready to take up the three big appropriation bills, which, it is not believed, will take so much time.

In the lower branch of the legisature Omaha matters will occupy a considerable portion of the time. The Howell electric light bill has been made a special order for Mon-

A petition, signed by B. G Budd,

Malone, Lee A. Richmond and Edwin Richmond, was filed with county Clerk Thomsen, directed to the ounty board of supervisors, denanding Mr. Thomsen's removal.

Mr. Thomsen's non-citizenship is lue to a misunderstanding on the part of his father, who, after he immigrated from Schleswig-Holstein, a German province once under Danish rule, took out his first papers, and thinking that this would sufficient to grant his son, a minor at that time, full citizenship, failed to take out his final papers. Laboring under the impression that he was a citizen, Mr. Thomsen exercised all the functions of a citizen and ran for office last fall, being elected with the biggest majority ever given to a candidate in Kear-

ey county. Even now, there is a big question, whether Mr. Thomsen really is a subject of Germany and an alien en-

father immigrated from Schleswig-Holstein, when the province was a part of Denmark. The war of 1866 made Schleswig-Holstein a part of Prussia and after the Franco-Prusian war, the province was incorporated into the German empire.

Mr. Thomsen does not know whether he is Danish, German or

Gains Twenty-Two Pounds In Two Months Taking Tanlac-Health Restored.

"I know Tanlac must be the finest medicine that man ever made, for I got my health back in two months and gained twenty-two pounds in weight on three bottles," said Mrs. Eva Gain of Argentine, a suburb of Kansas City, Kansas, and who is prominent in that community for her church and fraternal

"About six months ago I became all run-down," she continued, "and I lost my appetite and became so weak that I had to just drag myself around and it was all I could do to do my work and take care of my family. I got so nervous that there wasn't a minute of the day when I didn't feel restless, and every night I would wake up before day-break and wouldn't be able to close my eyes again until it was time to get up and as I heard so much about Tanlac I decided to give it a trial.

"It certainly was a lucky day for me when I started because in a short time there was such a big improvement in me that anybody could see I was on the road to reovery. After taking three bottles, feel so strong and well that I am doing all my work and taking care of the family. It is a grand surprise to me how easily I can do work now that used to tire me out. My appetite is so good, now, that am eating three hearty meals a lay, and my digestion is perfect. I sleep eight hours a night without a break and get up in the morning feeling just fine. I am telling all my friends about what Tanlac has done for me and I wish there was some way I could tell everybody in the world about it, so people who are weak and run-down like I was could take it and be built up by it."
