# Jess' Smashing Uppercut or Jack's 'Tearing In,' Which?

Dempsey's Followers Declare Jack Has No Favorite Blow. Will His Rough Style of Battling Offset Willard's Crushing Uppercut? Fans Wonder.

that Jack Dempsey is a two-handed fighter, that he can knock a man out as easily with one hand as the other and that either fist may be used to bring him the heavyweight championship via the knockout route on July 4. Jack's boring in tactics, taking one to land one, swinging both fists to body or head with exceptionat force is the best argument in sup-

port of this contention.

If Dempsey is actually a "twofisted" scrapper, placing no depend-ance on any one particular blow, he is the only pugilist of note that ever attained a championship or the posi-tion of immediate contemler without having a favorite blow. Every boxer, from the ring. whether a walloper or a fancy stepper has had some particular punch that he used either as a point gainer or a "finisher" in all his battles. The greatest scrappers in every division dubbed his favorite. Some of them used the same blow, others devised each had one that he relied on more than any other.
