

INFIDELITY THE DIVORCE CHARGE AGAINST POWELL

Mrs. Emma L. Powell Wants Custody of Minor Child and Monthly Alimony of \$150.

Myrtle F. Powell, superintendent of buildings for J. L. Brandeis & Sons, was sued by Emma L. Powell for divorce on the grounds of al-

leged infidelity during the last year and a half. The suit was filed in district court Tuesday. They were married September 15, 1890. They have four children, one of whom is a minor, a boy, 8 years old.

"Disregarding his duties as a husband for the last year and a half, the defendant has been guilty of infidelity toward this plaintiff by seeking the company and consorting with women of questionable character," the petition reads.

Mrs. Powell alleges that her husband "has been guilty of extreme cruelty by acts other than personal violence." By reason of this, she says, her health has been permanently impaired and she is on the verge of a nervous breakdown.

"If the defendant requires, the plaintiff will file a bill of particulars, setting forth more specifically

the acts of cruelty," says the petition. She states that he earns \$375 a month as superintendent of buildings for J. L. Brandeis & Sons and she asks \$150 a month alimony and the custody of the minor child, alleging that "the defendant is not a proper party to have the care and education of the child." The Powell home is at 2567 Fowler avenue.

"BIG FOUR" MEET TO HARMONIZE ON PEACE TERMS

Representatives of Great Powers to Discuss Phases of Peace and Presentation to Germans.

Paris, March 18.—(By Associated Press.)—President Wilson will hold an important conference with Premiers Lloyd George, Orlando and Clemenceau at the Paris White House today. This meeting of premiers representing the supreme directing force of the peace conference, takes the place of the session of the supreme council which has been postponed until tomorrow to permit the meeting.

The question to be discussed is the large one of securing accord between the great powers on all phases of the peace treaty and its early presentation to the Germans. It is expected an agreement will be reached as to the inclusion of the league of nations, as an integral part of the peace treaty, in accordance with the resolution which has already been adopted by the peace conference.

Special interest attaches to today's conference in view of reports of divergences between the powers as to the inclusion of the league plan in the treaty. The meeting is looked upon as an earnest effort to reconcile all views into a common understanding for an early conclusion of peace in a comprehensive form, including military, naval, economic and financial terms, as well as the league of nations.

Situation Clarified.

The general situation as to the peace treaty has been greatly clarified during the past 24 hours by discussion between the heads of various delegations and American commissioners took the view today that the attitudes of the American, French and British governments would be brought into entire accord. The conferences which have been held by Lord Robert Cecil of Great Britain, Leon Bourgeois of France and Col. E. M. House of the United States, have reached a tentative accord, and there is reason to believe that today's meeting will approve the action thus taken.

Present plans contemplate the completion of hearings given neutral nations on the league of nations during the present week and during the succeeding week attention will be given to boundaries, reparations and other branches of the treaty. It is believed that the revised league covenant will be ready for adoption at the end of next week.

Officials Believe Extra Session Before June 1 Is Certainty

Washington, March 18.—An extra session of congress before June 1 is believed to be a certainty by many government officials and members of congress, although their predictions are without the support of evidence to show that President Wilson has changed his determination not to summon congress before his return from France.

Cabinet officers are known to believe that the session will begin in May, some expecting the date to be about the middle of the month, with others suggesting an earlier date, probably May 5. As far as known none of the cabinet members has specifically recommended any date to the president, but Secretary Glass is understood to have presented certain facts in regard to the government's financial situation from which the president may make his own deductions.

Republican Leader Lodge of the senate, has sent letters to all republican senators requesting them to record their addresses of May 15 with his office, but this was said to be without significance.

Exports of Foodstuffs Show Increase This Year

During January of this year, the latest figures available, \$4,812,025 pounds were exported, an increase of 215,210,785 pounds over January, 1918.
