

RECORD SALES MADE OF OMAHA REAL ESTATE

Transfers for the Last Two Days Reach Total of 101; Four Large Farm Deals.

Aggregating \$319,647 and representing 105 transfers in Douglas county, the record for two days' real estate sales during 1919, was established in the last two days. Monday and Tuesday of this week stand out as the banner days in real estate circles with 101 transfers of property in Omaha and four sales in the county outside of this city.

A feature of the large volume of trading in real estate has been the great number of vacant lots to change hands, and attention is called to the fact that many of these were purchased for investment purposes.

Outlook Good.

Real estate men regard the outlook as most satisfactory and promising. With the increasing demand for city property, prices are expected to increase soon. While many of the recent deals represent investments, there are those who have announced they would establish homes for themselves and those who will improve their lots with dwelling houses to sell to others.

The largest single deal this week was represented in the purchase of a farm, a half mile west of Sixteenth and Center streets by C. H. Jensen from Randall K. Brown, former president of the Omaha Chamber of Commerce. The purchase price was \$38,000. Among other important transfers were the sale of Cora M. Roberts to George E. Eckel of the residence property at Fifty-first and Dodge streets for a consideration of \$17,000; a garage located at Victor and Sherman avenues, conveyed by P. A. Striber to Helen Arthur for \$16,000, and a residence in Chicago, between Forty-ninth and Fiftieth streets by W. B. Mathews to Shoji Osato for \$6,750.

Brandeis Co. Victory Spring Week the Most Exquisite in History

With a larger, more elaborate and greater variety of stock, and with a promise of a greater volume of business than in any previous year of the firm's history, the Brandeis stores this week launched the celebration of their Victory Spring Opening.

Fashion experts of the world this season, for the first time in years, have devoted their undivided time and exclusive talents to their art. Their work is on exhibition in the largest department store west of the Mississippi river, at Sixteenth and Douglas streets, and they have been set amid scenes and decorations in the up-to-the-minute headquarters of the Brandeis company to rival the undertaking of the leading establishments of the country.

The window decorations, and the attractive settings throughout the store are artistic and unique. Particularly beautiful are the decorations on the main floor, which is rendered a veritable apple orchard by realistic trees, which, in full blossom, have been set in regular and even rows. Delightful arrangements of coloring and charm of setting mark the embellishments throughout the establishment.

Pictures are being taken of the gorgeous window trappings, and will be exhibited in Chicago and New York as an example of the development of the firm and the progress of Omaha.

"It is indeed an outlay," declared New York salesman, "of which any store in the east or west should feel proud."

Congressman to Visit Here

Congressman Harry E. Hull, chairman of the house committee on military affairs, will be in Omaha this morning for a brief visit before sailing with Secretary Baker for France to act as advisor to President Wilson.

IF KIDNEYS AND BLADDER BOTHEL

Take a glass of Salts to flush out your kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

No, Not Billy Hart II.,
But H. M. Thomas,
the Manager of Rialto

H. M. THOMAS.

Whoa, Buckskin! Tarnation and third drink time and whoinell is this?

In fanciful pose, with a broad dagger such as a hogsticker might well be proud, he is a terrible appearing figure, but methinks I recognize the shy smile on the visage.

Ah! My memory has not betrayed me. It is the face of one H. M. Thomas, to be seen in Prince Albert coat and slicked-down hair in the lobby of the Rialto theater any Sunday afternoon or evening. Ye manager of theatrical house devoted to the cinema is in strange clothes.

They are the clothes of a larger and rougher man, a hardy westerner we wot. One Harry Carey was in town last week, you say, and this H. M. Thomas is dressed in his clothes.

Yea, we will run it in the paper. It will give-Omaha a line on what a tough guy this Thomas could be.

C. of C. is Opposed to Enlargement of the Trade Commission

The public affairs committee of the Chamber of Commerce is opposed to the enlargement of the federal trade commission, for its designation as a supervisory body for general business. This stand was taken in connection with similar action in 1,100 Chambers of Commerce in this country.

The local committee recommended that congress consider anti-trust legislation and the formulation of standards of general business conduct to be administered by a supervisory board.
