If You But Realized the Corset's Import

You Would Read Our Corset Talks With Greatest Care

for they point the way to both the fashionable figure and health as well. Monday we feature Nemo self-reducing corsets, because they enable women of full or stout figures to preserve good health and good proportions by preventing an accumulation of excess flesh.

The relief bands envelop, take up, reduce, and firmly support a heavy abdomen with utmost comfort; the self-reducing straps give additional support and produce a passive massage which eventually disposes of excess fatty tissue.

You should not buy a Nemo corset without having it properly fitted. Our corps of Scientific Corsetieres, conceded to be quite the best in the west, are always at your service. The fittings here are free.

Special Nemo Self-Reducing Corset, Style 361, as Illustrated is for the average full figure, of medium height, with excess flesh evenly distributed, low bust, medium long skirt of durable white coutil, well boned, sizes 22 to 36, at 3.50

Nemo Corset, Style 511, as Illustrated

This model is adapted to that larger class of women who do not particularly require abdominal reductions, but are too heavy in hip and thigh. This corset has bands of semi-elastic webbing and gores of elastic cloth in back next to back wires, whereby the corset skirt is made flexible and comfortable, while producing extreme reduction of back, hips and upper limbs. Very low bust. This model is in flesh and white. Sizes to 36, at 6.00

Fine Imported Laces of Exquisite Beauty and Quality

Real Irish Laces, Edges and Insertions; all widths for trimming dresses and blouses; special, per yard, 1.98 to 6.85

Real Fillet Laces, Bands, Edges and Insertions, in all widths, sets to match; yard 59¢. 1.59 to 3.98
