NO PLACE FOR BOLSHEVISTS IN NEBRASKA

Bill Intended to Put Check on All Kinds Syndicalism, or Sabotage, Goes to Third Reading.

From & Staff Correspondent. Lincoln, Neb., March 25 .- That there is no place in Nebraska for syndicalism, sabotage or bolshevism in any form is forecast by the passage of Senate File 200, which was advanced to third reading in the house during a session of the committee of the whole Tuesday

morning. Under the provisions of the bill, a check is put to any form, either of the advocacy or use of violence to accomplish industrial or social ends in the state. The bill defines clearly the crime of syndicalism as "the doctrine which advocates crime, physical violence, arson, destruction of property or sabotage, as a means of accomplishing industrial or social ends or for profit," and it forbids the commission of such acts or their advocacy, either by oral, written pronouncement or by publications. The penalty provided for violation of the law is imprisonment of from one to 10 years in the state prison, or a fine of not more than \$1,000. This bill with the "red flag" bill of Representative Berka, of Douglas, passed early in the session, is in-

TONIC OF GREAT FOOD VALUE

Builds New Flesh and Strength Because of Real Nourishment it Contains.

A real tonic food like Father John's Medicine contains within itself the food properties and body-building nourishment which give renewed strength and flesh. Too many so-called "tonics" are merely stimulants of appetite and depend for their upbuilding effects upon the other food which the patient may happen to eat.

Expert chemical tests have proven that Father John's Medicine is abounding in rich nourishment. A teaspoonful of Father John's Medicine is proven by these tests to contain six times more nourishment than the same quantity of pure milk, seven and one-half times more than the same quantity of oysters and two and one-half times more nourishment than beef steak.

Do not allow yourself to become weak, thin and run-down because when you are in this condition you are an easy victim to many different disease germs.
