President American Pageantry, Coming.

Thomas Wood Stevens,

On Friday afternoon, April 4, at the Fontenelle hotel ball room at 3;30, the Omaha Society of Fine Arts will present Thomas Wood Stevens, head of the drama department of the Carnegie institute at Pittsburgh, and called "the dean of American pageantry" During the war Mr. Stevens wrote and directed two pageants, "Drawing of the Sword" and "Joan of Arc," the latter having been given four times in France last summer by men of the American Expeditionary Forces, after General Pershing had sent for Mr. Stevens to come to France in a recreational capacity. His ex-periences were intensely interesting and touch a little different side from that with which we are familiar. His subject will be "The Army in France at Play."
