

Nor love, nor honor, wealth nor power  
Can give the heart a cheerful hour,  
When health is lost. Be timely wise  
With health all taste of pleasure flies.—Gay.

## Girls Anxious to Go to France, Not Russia

That almost every American girl is ready and anxious and even trying to go to France to do reconstruction work and that almost none will consider going to Russia, where the need is infinitely greater and the demand for courage and pioneer spirit more intense, is the message of Miss Sarah S. Lyon, director of overseas work for the national Y. W. C. A.

"Women come to the office of the bureau of personnel every day—trained women whom we could use in Russia; but they want only to go to France," says Miss Lyon. Russia is harder. One must face deprivations in Russia—the climate calls for the most robust physique—there is an element of danger which enters into work in Russia which has disappeared in France and from the Atlantic since the German U boats slunk into insignificance.

The Y. W. C. A. has a tremendous need for volunteers for Russia. But we must have only women trained to special lines of work for young women, women with recreation training, gymnasium experts, cafeteria directors, women of business ability, women who know the fundamentals of dietetics and who are familiar with industrial conditions, student and county Y. W. C. A. secretaries. Russia is no place for the adventure-seeking or the willing helper without experience.

The term of service for Russia is three years with a possible reconsideration at the close of two. We do not want women who are looking for an experience—women who wish to travel—women who are tired of home conditions or women who want a change of climate. We want women of stamina who are going to be able to go to this country in the midst of internal turmoil and having placed their hands to the plough literally will not look back until the work they have to do is done. Women, such as the nine secretaries of the Y. W. C. A. who have been there over a year—women who will stick through a revolution if necessary.

Hostess houses are filling a bigger need now than during war time, according to Mrs. E. M. Townsend, national chairman of the hostess house committee. For this reason most of them will be maintained until the last men leave camp, and some new ones are being opened.

## Mrs. John D. Sherman Will Speak Here Friday, April 4

Mrs. John Dickinson Sherman will speak here in the interest of the Garden army movement at a mass meeting at the Chamber of Commerce next Friday evening, April 4. Mrs. Sherman not only represents the government as special director, but is a woman who is nationally known. She is said to be one of the best parliamentarians in the United States, having lectured on this subject at the John Worthy Law school, Chicago. She has compiled and published a text book on parliamentary usage. It is fitting that Mrs. Sherman should choose for her subject "The Garden Beautiful," as her home on Prairie avenue, Chicago, is considered one of the beauty spots. During the summer season she makes her home in Estes Park, Colo., where she has a cottage, being a neighbor of the Edgar Morseman, jr., family of Omaha.

Mrs. Sherman was recording secretary of the General Federation of Women's Clubs during the presidency of Mrs. Sarah Platt Decker, and was vice president under Mrs. Philip Moore.

The public is invited to hear Mrs. Sherman's address at the Chamber of Commerce.

**Club Meeting Postponed.**  
The Dundee Woman's club has postponed its regular meeting until Wednesday, April 9, owing to the federation meeting in South Omaha.

## "DANDERINE" FOR FALLING HAIR

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

## A Drop Or Two—Superfluous Hairs Are Gone!

DISCOURAGED—Keep up courage. You can get rid of those blackheads in a few moments, yes, in a few moments. Just sprinkle a little norexin on a wet cloth. Rub the blackheads with this and in a few minutes you will find they have entirely disappeared. Your druggist can supply you with the norexin for not more than 5 cents.

DESPAIRING—Short, thin hair simply means that the roots of the hair are not getting the nourishment which they should have. This is proven to you very forcibly when you consider how many of the different tonics you have been using as mentioned in your letter. Hegg is a tonic which has proven itself to be a tonic for the hair. It has a remarkable power of forcing hair to grow, and it is quickly absorbed by the hair roots. To a half pint of hair run and a half pint of water add the contents of a one-ounce bottle of beta-quinol, which costs about 20 cents at any drug store. Within a month you should see a remarkable difference in the length and thickness of your hair, and it will stop falling.

LOOKING OLD—Removing wrinkles now is easy, remarkably easy. It requires but a minute or so a day, and you cannot fail if you use a cream made by mixing one tablespoonful of glycerine and the contents of a two-ounce package of eptol in a half pint of water. The way it works is this: The pores of the skin are made smaller and the texture of the skin is accordingly refined. As the skin becomes plumped up the wrinkles, large and small, quickly vanish. This is the new way, and you will save a lot of time and trouble by adopting it from today on. The eptol costs about half a dollar at the drug store.

MISS O. R.—There's more to remove from the scalp than mere dirt. There are fatty scales which form, and which can only be removed by dissolution. If you use a teaspoonful of eptol in half a cup of water, as a head-wash, it will remove all growth of the hair. It will also make your hair very silky. There is enough for over a dozen shampoos in a 25-cent package.

JOSEPHINE—The name of my face powder is "Valeska-Suratt Face Powder." It is made exquisitely fine in order to eliminate chinkiness, and you will find it superb. Drug stores now sell it in any tint, 50 cents.—Adv.

Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet? "Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture. Ask for "Tiz." Get only "Tiz."
