

MANY LEMBURG CIVILIANS SLAIN IN BOMBARDMENT

Polish City Shelled All Day by Ukrainians; Letts Defeat Bolsheviks in Heavy Engagement.

Paris, March 29.—Lemburg was heavily shelled by the Ukrainians from Monday until Tuesday morning, according to a Havas dispatch from Warsaw. Scores of civilians were killed and hundreds wounded. St. George's cathedral and the archbishop's palace were badly damaged.

Stockholm, March 29.—After a violent battle along the Mifau-Tukum railway, Lettish forces have defeated the bolsheviks and occupied the towns of Kamern and Kalnzen, a dispatch from Libau says. Kalnzen is about 20 miles southwest of Riga.

Corporal Kirkland Comes Home for Discharge

Washington, March 29.—General Barnett advised Congressman Kirkland today that Corp. Emery Kirkland, Atkinson, Neb., member of Company 2, First regiment, Marine corps, now with the Atlantic fleet at target practice and manoeuvres with base in Guantanamo Bay, Cuba, will be ordered home on the first transport for discharge.

Congressman Reavis and Mrs. Reavis, Falls City, returned to Washington today from a three-weeks' trip to Panama.

LETHARGY VICTIM AWAKENS TWICE; BACK TO SLEEP

(Continued From Page One.)

Miss Bell was awakened only twice, when she was given liquid nourishment and immediately sank back to sleep. She was aroused twice Saturday and each time partook sparingly of something to maintain vitality.

"I am convinced my granddaughter has this sleeping sickness," said Mrs. Knudsen. "She has been sleeping practically all of the time since last Monday. There seems to be but little we can do but sit down and wait."

The girl's mother is Mrs. Constance M. Bell, a stenographer in the Woodmen of the World building. Two other Omaha cases have been reported to the health department.

FEDERAL LIQUOR AGENT TIPS OFF BOOTLEGGERS

(Continued From Page One.)

was selling to the consumer for \$4.50 a pint. The latter part of the week, it was said, the figure advanced to \$6 a pint.

Hotel Places Order. The wholesale price was quoted at from \$60 to \$65 a case of 24 pints. According to information received at the headquarters of the booze hounds today, one of the largest and most prominent hotels in Omaha yesterday attempted to place an order for "Sunny Brook" whisky at \$125 a case. The order was taken, but because of the uneasiness prevailing among the dealers in Missouri, it was said no definite promise was made to deliver. It was reported that the manager of the fashionable hotel agreed to take any quantity of wet goods at that figure. Customers in the hotel mentioned in the report, it was said, have offered to pay from \$12 to \$15 a pint for whisky.

Tipped to Unload. It was reported that in other sections of Omaha, dealers who had received large consignments of whisky during the last several weeks were offering their goods at greatly reduced prices. These persons, it was pointed out, had no facilities to conceal the forbidden stuff, and had been tipped off from Winthrop to "unload" at any price.

Lay Leak to Tischer. Herman Tischer, former Omaha saloon keeper, who is alleged to have been the "middleman" between the liquor merchants of Missouri and the Nebraska wholesalers, is blamed for tipping off the details of the arrangements which prevailed between the Missouri representatives of the liquor trust and the persons who disposed of the product in the dry states.

It was reported to Hyers that Tischer, who is accused of turning states evidence upon a promise that he would not be prosecuted, has been approached by anxious members of the syndicate, but that the former resident of Omaha turned a cold shoulder to his former friends and refused even to talk to them.

New Men Employed. While it was announced here several days ago that the state booze squad had been reduced greatly, it was said by a person close to the governor that a number of new sleuths were taken on two days after well known agents had "outlived their usefulness." These new men, it was declared, are camping near the Missouri border with instructions to cultivate the persons who are hauling whiskey from Missouri to Nebraska. It is said the federal government man who already has gained the confidence of the "ring" has agreed to introduce the new state agents and "square" them with the "proper persons."

EX-KAISER WILL BE PUT ON TRIAL AS A CRIMINAL

(Continued From Page One.)

Tuesday or Wednesday of the coming week. The council of four has also given fresh consideration to the question of the Sarre valley, and it is believed that the council has settled upon a plan to permit Germany to retain political sovereignty, while France will be given economic control of the mineral resources in that section for a limited time, supposedly based upon a time allowance for the settlement of indemnity.

France Claims 1814 Frontier. In laying her claims before council of four yesterday, France asked, first of all, that her boundaries, as fixed by the treaty of Paris, Mar. 30, 1814, be restored to her, with the Saar basin. In the Rhine province on the left bank of the Rhine, it was stipulated, the Germans should have political autonomy, but should not be permitted to establish fortifications, occupy the territory with armed forces nor control the railways. Thus the Rhine would serve France as a natural frontier.

The treaty of Paris in 1814 provided that France renounce her claims on Belgium and the left bank of the Rhine and return to the boudardies as they existed in 1792, before the revolution. This compelled France to confine herself to the provinces of Alsace and Lorraine, west of the Rhine, those territories having been under French control since 1689. It was erroneously reported from Paris last night that France had demanded her 1914 frontiers, which would have excluded Alsace and Lorraine from her claims before the peace conference.

The commission on a league of nations probably will hold its final session April 4, it was indicated today. At that meeting the foundations of the league will be definitely announced.

FABRICS

In knowledge there is power. To really know what is new and good in fashionable fabrics is to be able to plan a wardrobe which, above all else, will be distinctive. There isn't a discordant note nor a missing style idea in our entire display. The Thompson-Belden Store has again proven its pre-eminence in fabrics.

Washable Georgettes are deserving of more than passing interest. For they are undeniably different from anything heretofore originated. So attractive—so cool and summery. In combinations of rose and white, sand and white, gray and white, blue and white. It's true that they do launder perfectly.

Foulards are indeed Springtime's own. But there is such a difference in foulards—Chepey's are the best—without question, and rightfully so, as they come from the looms of the oldest silk manufacturers in America.

The smartest collection of dependable foulards we have ever shown, now grace many a space in The Silk Shop. One may wonder how the best foulards are no more costly than the ordinary kind—well, it's true, nevertheless.

Plaid wool skirtings will be welcomed by every woman, for no new wardrobe can be called complete without them. Strikingly handsome block plaids, eight inches square, in combinations of tan and blue, black and gold, navy and white, and black with white.

The cotton fabrics for Spring and Summer. The most we can say here, is: "Do not miss the pleasure of viewing them in person" If variety of patterns, daintiness of color and charm of lightness appeal, then surely dress cottons such as ours will meet with your approval.

Fare well in your selections by choosing early.
