

### OMAHA FEDERAL LAND BANK SETS RECORD FOR U. S.

#### March Business of Financial Institution Here Shows Record Double That of Any Other District.

March business of the Federal Land bank of Omaha broke all records for bank closings of any of the 12 land bank districts of the country.

The bank closings total \$4,565,850, or more than twice the amount of business done during one month by any other land bank.

February's record also exceeded that of other land banks. Its capital is \$2,000,000.

"We now have the largest capital and surplus of any financial institution in Omaha," said D. P. Hogan, president.

First annual figures compiled by Mr. Hogan show 6,000 loans totaling \$26,383,990 in this, the eighth district. The financial institution received its charter March 8, 1917.

"There were no past due interest or installment payments on any loans due March 1, when I went over the records," said Hogan. "It is a splendid showing."

The above figures published by The Bee are given out in advance of government announcements from Washington.

### U. S. Task Is to Mend Broken World, Lauder Says at V. Loan Meet

America's task is to mend the broken world, Harry Lauder, Scotch comedian, told an audience of 500 in the Chamber of Commerce yesterday noon at a public affairs luncheon boosting the Victory Loan.

"You in the heart of this rich and idle west haven't the slightest idea of the abominable ruin and desolation the Hun has wrought. You haven't seen it and no paper or photograph can picture it."

"The war is not won, he said, until the damage is retrieved. 'If the next four years we work as hard to rebuild as we have worked in the last four years of war, then we will have really won the war.'"

The Kaiser and his cohorts must be brought to trial, said the Scotchman, whose only son was killed in the war.

Lauder urged special efforts be put forth to look after the soldier upon his return from service. "Get him back to work. If he don't, it's a simple thing for him to drift into a bum—and in the twinkling of an eye you have a bolshevik."

Jolson and Other Popular Hits on Columbia Program

Al Jolson sings his big hit, "On the Road to Calais," for Columbia this month. On the other side of the record is "It's Never Too Late to Be Sorry," sung by the Sterling Trio.

A wide variety of orchestras is heard in the new Columbia Records. The Royal Serbian Tamborista Orchestra plays "Moonlight in the Greenwood," the Gypsy Orchestra in the "Jugo-Slav Mazurka," The Verkes "Jazambra" orchestra in "Kentucky Dreams," and the Girl Behind the Gun, "Prince's orchestra," "The Lady of the Lake" and "Hull's Victory."

The Italian Grenadiers' band, which made music on the battlefields of the Trentino, in a superb march, "The Grenadiers of Sardinia," and "Hymn of the Soldier," as well as many other late song hits and grand opera arias, are included in this month's Columbia program, just released.

### GIRLS! YOU CAN LIFT THEM OFF

Doesn't hurt a bit to lift your sore, touchy corns right out

A noted Cincinnati authority discovered a new ether compound and called it freezezone and a quarter ounce of it now can be had for a few cents at any drug store.

You simply apply a few drops of the magic freezezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with the fingers.

You feel no pain, not a particle of soreness, either when applying freezezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

### SHE SPEAKS HER MIND

### She Tells Everybody What Nuga-Tone Did for Her.

A lady writes us from Worland, Wyo., "Mrs. S. Hernandez—I am more than satisfied with Nuga-Tone. It has given me a fine appetite. My stomach works nice, and best of all, my weight has increased from 90 to 115 pounds. There's nothing 'just as good' as Nuga-Tone for weak, run-down men and women. The main spring of the stomach, all organs of the body is the nervous system. Nuga-Tone corrects stomach trouble, makes the bowels move easy, improves the appetite, invigorates the blood-circulation, increases weight, restores the general health because it strengthens the nerves, and when there's plenty of strength in the nervous system, all the machinery of the body works just as regularly as a clock."

Nuga-Tone contains no opiates—no habit forming drugs. It strengthens and steadies the nervous system by feeding the nerve-cells; it makes rich, red blood, and puts the glow of health in the cheeks and brightness in the eyes. Drugs guarantee Nuga-Tone. Buy a bottle. A bottle will last you a whole month. Use it 20 days and you don't feel better and look better, the remainder of the package, back to the manufacturer. Suggests every day, all Nuga-Tone.

### PRICE PROBE TO BE STARTED BY CITY NEXT WEEK

#### Hearings Will Begin Monday Morning in City Hall; Will Be Open to the Public.

An official probe into the prices of building materials will be started on next Monday morning at 9 o'clock, by City Commissioners Towl and Butler and Engineer Rodman M. Brown, who constitute a special committee appointed by Mayor Smith, which acted in accordance with a resolution adopted by the city council.

The committee held a preliminary meeting yesterday with City Attorney F. L. Weaver, Corporation Counsel W. C. Lambert and Assistant City Attorney H. L. Mossman.

The hearings will be held in the board of education room on the sixth floor of the city hall and will be open to the public. The plan is to make the scope of the investigation as broad as possible and to hold meetings every morning until the witnesses shall all have been examined.

### Will Report Findings.

An official stenographer will take the full text of the hearings and the special committee will report its findings back to the city council.

Witnesses will be summoned by the city clerk. A resolution will be submitted by the committee to the city council on Tuesday morning. The basis of the investigation will be the prices charged to the city government, but the actual investigation will take on a much broader scope.

"Suppose some of the material men should refuse to appear for examination," asked Commissioner Butler.

"See Proper Competition." "Failure to come in to testify would be bad taste," replied Commissioner Towl, who added: "If we can induce proper competition, we will have solved the situation. We must be careful that we do not condemn everything until we have the facts. In some instances, I believe the prices of lumber will not look good if investigated. I notice that nails have gone down \$1 a keg."

During the informal discussion in the committee the suggestion was made that brickyard zones should be established and independent brick manufacturers encouraged to locate here. Building brick is now being sold for \$12.25 per thousand. Mr. Towl ventured the opinion that proper encouragement of this industry would result in brick at \$11 per thousand.

The city's investigation will include all kinds of materials which enter into construction of buildings, particularly into the construction of houses.

### Members of Alleged "Dope" Traffic Ring to Have Hearing Today

Preliminary hearing of members of the alleged ring that police say is working internationally in "dope" traffic will be held before United States Commissioner R. D. Neely in the federal court room at 10 o'clock this morning.

Mr. and Mrs. E. J. Blom, who were arrested by city detectives Friday night in their room at Hotel Fontenelle, and later turned over to federal authorities and charged with violation of the Harrison drug act, will be the first two to answer the charge. Mrs. Blom is out on bonds, while her husband is in the city jail.

George Rigby, James Burke, "Buster" Dennis and Charles Johnson, all arrested Saturday morning in the "dope" raids, will have separate hearing before the United States commissioner. Similar charges have already been filed against each.

Lingenfelter-Luneburg. Miss Bertha Luneburg and George P. Lingenfelter were married by Rev. Charles W. Savidge.

### A CREAMY LOTION MADE WITH LEMONS

Prepare a quartier pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty. But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quartier pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream.

Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.—Adv.
