New York, April 4 .- The movement in prices on the stock exchange during the greater part of today's session was extremely uncertain, but the entire list rose spiritedly in the final hour, in response to a sweeping demand for ralls, especially vestment shares.

investment shares.

There were no specific developments in connection with inquiry for transportations but board room gossip persisted that negotiations were under way which would place the railroads of the country upon a more assured footing.

Southern Pacific was the dominant feature, its advance of 4% points being attended by free accumulation of numerous large individual blocks.

tended by free accumination of the large individual blocks.

Other transcontinentals rose I to 2 points and grangers strengthened on announcement that the St. Paul directors had finally entered into contractual relations. with the railroad administration.

Yet another helpful factor as affecting systems traversing western and southwestern territories, were the estimates of crop exports which emphasized recent reorts of excellent conditions, including in-

ports of excellent conditions, includes increased screage.

Much of the early irregularity of market leaders was traceable to the steel dispute with Director General Hines, sudden abandonment of the Mercantile Marine deal with the United States government and further contradictory news from the pasce conference. peace conference.
Steels, motors and their specialties, and sugars, chemical and express stocks shared most extensively with the later move-ment in rails, strength prevailing at the
