Fashion's Fads-Frills and Foibles.

Among the new things that have been in high favor for some little time are the veil pins made of diamonds or rhinestones, the smartest of which are in arrow shape. In every daytime gathering of smartly dressed women it is safe it say that a quarter of the number are making use of this decorative device to keep a veil en a smart toque.

One new ribbon is of black velvet spangled with little cut-steel beads that outline a design.

Lacy stripes worked into the fabric of silk stockings extend in parallel stripes from toe to knee. These stockings come in black and white, as well as shades of

in black and white, as well as shades of brown, gray and blue.

A lovely new boudoir cap is made of ection crepe in an ecru shade. It is like, green, brown and rose, in rathes dull shades, with a bit of yellow. This cap costs about \$9.

Brown moire ribbon of very heavy quality is formed into a handbag, set in a tortoise shell frame. tortoise shell frame.

A deep chiffon hem was used on the satin wedding frock of a recent bride. New colored neckwear sets are made New colored neckwear sets are made of organic. They are the very dainties bits of neckwear that the shops have shown for a long time. Many of them show tuckers to match the collars, and some of them show cuffs as well. They are made in several lovely shades of both biue and pink, in soft yellow, an equally soft green and in like shades.

Rintintin and ninette, it might be thought, would have worn out their welcome before this, for these little French good-luck omens have had much popularity. But they are still in vogue. The latest place for them to appear is at the tassels on the ends of the belt of a woolen sweater, and they are really quite appropriate for this purpose.

Soutache braiding is heavily applied to many of the new afternoon frocks. The braiding usually matches the Georgette in color, although black is sometimes used on dark blue.
