

### ENFORCE LAW ON SELLING ICE ON SUNDAY—MAYOR

#### Smith Directs Officials to Act Following Conference With William Russ, Who Charges Violations.

Mayor Smith has directed officials of the police department to enforce provisions of ordinance No. 10007, which prohibits selling or giving ice on Sunday.

This action followed a conference between William Russ and the mayor, during which the former stated that the ordinance is being violated frequently and that it is not fair to those who are observing this law.

The ordinance was passed October 1, 1918, after discussion by city men in the council chamber. It was understood and agreed that the ordinance would not operate against emergency cases where ice was needed for sickness, but the purpose was to give the ice men one day of rest a week.

The penalty for violation is a fine of \$25 to \$100 for first offense, \$50 to \$100 for second offense, and a fine of \$100 for each offense thereafter.

Mayor Smith believes that police should enforce the ordinance.

### Omahan Commended for Leading Agricultural Course in War Camp

Official commendation of an Omaha man, Herman H. Auerbach, for his promotion of an agricultural short course for soldiers awaiting discharge at Camp Travis, Tex., comes from Brigadier-General E. L. Munson, chief of the morale branch of the War department in a letter to Col. Harry Cutler, chairman of the Jewish Welfare board.

Mr. Auerbach was the J. W. B. representative at Camp Travis but has been transferred to El Paso.

"The morale office at Camp Travis reported that the agricultural course originated by Mr. Auerbach and in which 4,000 soldiers enrolled, was so attractive that some soldiers requested delay in discharge and others remained after their discharge, in order to complete it. Such practical helpfulness is most appreciated by this office and the men themselves," General Munson wrote.

Mr. Auerbach is in Omaha on leave.

### Frank G. Odell to Tour States in Interest of Victory Loan Drive

Frank G. Odell of the Federal Land bank left last night for Chicago in response to instructions from the Treasury department of the United States, directing him to open the Victory Loan campaign in the Chicago federal reserve district. He has been scheduled for 80 talks in Illinois, Wisconsin and Michigan, and will spend three weeks on this tour.

Mr. Odell will return over the same territory he covered during March, 1918, for the Third Liberty loan. Last year he traveled 50,000 miles in his war activities work.

Mrs. Odell accompanied her husband to Chicago, where she will visit her daughter, Katherine, who is playing over the Orpheum circuit.

### Want Ex-City Employee, Who Served in War, Reinstated

A resolution offered to the city council by Commissioner Butler proposes that L. B. Stine, former sanitary inspector in the health department, shall be re-employed by the city.

Mr. Stine gave up his position to enter the conscriptive army. He went overseas and returned about a month ago. He sought reinstatement at the city hall, but has not yet been given a place.

Mayor Smith recently committed himself to a policy of caring for all city employees who left the city's employ to enter military service.

The Stine case will be called up for consideration by city council committee of the whole on next Monday morning.

### Byrne and Folda to Tour For V-Loan Organization

T. C. Byrne, chairman, and E. F. Folda, secretary of the Victory Liberty loan state committee, started last night on an organization trip through the state. They will be in North Platte Wednesday and Grand Island Thursday.

Granville Jones, Kansas City orator, will make a speaking tour of Nebraska, beginning at Sidney April 15.

His other engagements are Kimball, Harrisburg, Scottsbluff and Bridgeport on successive days.

### BABY WOULD CRY NIGHT AND DAY

With Sore Pimples All Over Head, Hair Came Out, Cuticura Healed.

"My baby was about a week old when his head broke out all over with sore pimples. They became hard and red, and dried up, making scales. When I combed his hair it came out. He would cry night and day.

I sent for a sample of Cuticura. I bought more, and after I had used one cake of Soap and one box of Ointment his head was healed." (Signed) Mrs. Lizzie Short, Ridgeway, Ill.

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the complexion and every toilet and nursery purpose.

Dust children's skins with Cuticura Talcum, an exquisitely scented face, skin and baby powder. At all druggists.

### Police Salary Ordinance Passed by City Council

#### Commissioner Ringer Votes "No" and Declares Action Is "Insidious Meddling With His Department"—Mayor in Turn Says Police Head Is "Inconsistent."

The police department salary ordinance was passed by the city council yesterday morning, Mayor Smith and Commissioners Butler, Falconer and Zimman voting "yes," Commissioner Ringer "no," and Commissioners Towl and Ure being absent.

Patrolmen will be paid \$125 per month forthwith for March, and it is probable that they will receive \$25 each extra pay for January and February.

Their present maximum is \$100 per month. Officers of the department are allowed increases by this ordinance.

The ordinance also provides for observance of a seniority system of promotion, which feature has been opposed by Mr. Ringer.

"This is insidious meddling with my department," stated the superintendent of police. "Under the commission form of city government I am held responsible for the administration of the police department, and I contend that I am entitled to authority commensurate with my responsibilities.

"For instance, this ordinance provides that a man must have served at least two years as patrolman before he can be promoted to the detective department. A patrolman must be at least five feet and eight inches in height to be eligible to appointment, and thus you will observe that under this ordinance it will be impossible for me to appoint anyone to the detective department unless he has been a patrolman. A man might be five feet and six inches in height and yet be a whirlwind of a detective."

Mayor Smith replied that Ringer was inconsistent, that he (Ringer) voted in favor of moving the city asphalt plant from the street department and also voted against the mayor's market house location at Fifteenth and Davenport streets. The mayor's point was that a commissioner is not necessarily meddling with the police department because he votes against a proposition favored by Ringer.

### GIRL ASKS \$50,000 'HEART BALM' FROM POTASH MAGNATE

#### Olive D. Smith Says L. D. Tydings Promised to Wed Her.

Olive D. Smith filed suit in district court yesterday against L. D. Tydings, Omaha bond salesman and potash magnate, asking \$50,000 "heart balm," alleging that Mr. Tydings has broken an alleged promise to marry her.

She relates that they met early last year and that on November 1, 1918, Tydings proposed and they entered into an engagement, "each agreeing to marry the other."

But on March 15, 1919, she says in the petition, he broke the agreement. He is a man of wealth and standing, she says, and asks the \$50,000.

Is Reputed Wealthy.

Mr. Tydings is a bond salesman for the firm of Askew & Pickrell, 1106 Woodmen of the World building. He made investments in potash some time ago and it is said that his income now is \$1,500 to \$2,000 a month. He drives a high-powered roadster and has had apartments at a downtown hotel for the last four years.

When asked about the suit yesterday, he pronounced it "absurd."

"All I did was to help the girl out," he said. "She came to me and was out of work and I gave her some money. At another time she had the 'flu' and I went down to her home and took some things to her. There hasn't been any sign of any engagement between us. I was interested only in helping her out just as I am accustomed to help out lots of other people."

"How did you meet her?" he was asked.

"Well, now you want to know too much of everything," he said.

"Wasn't there any engagement between you?"

Just "Kind" to Her.

"Not the slightest excuse for such a statement. I was kind to her and she evidently presumed that it meant more. I have never been interested in any woman in Omaha with one exception."

Mr. Tydings declared that Miss Smith called him up yesterday and asked her to give him some money.

He is about 42 years old and Miss Smith is 26.

She lives at 419 Sweetwood avenue.

### American Potash Co. Sued for \$56,634 for Potash Sold by Broker

John H. Krause and Herman J. Krause, forming the firm of Krause Bros., filed suit against the American Potash company and W. E. Sharp in district court yesterday, asking \$56,634, alleged to be due in business transaction. For potash sold in January, February and March Krause Bros. claim as their share \$36,634. They further state that the American Potash company has retained \$20,000 of their money for freight and storage on 11,000 tons of potash and that the American Potash company has used, sold or hypothecated the warrants for this potash.

### BODY TO PROBE BUILDING COST NAMED BY MAYOR

#### Executive Also Introduces Ordinance for Encouragement of Brick Industry to Bring Prices Down.

Mayor Smith has appointed Commissioners Towl, Zimman and Butler as a special committee to investigate the cost of building materials and housing conditions.

This committee takes the place of the old committee, with Commissioner Towl remaining as chairman. When Mr. Towl returns from Lincoln the committee will begin its work.

The mayor also presented to the council his new ordinance for the encouragement of the brick industry in Omaha. The measure will be discussed in committee of the whole on next Monday morning.

The mayor proposes to repeal all existing ordinances and to allow the establishment of brick yards in locations to be approved by the council. The present ordinances are unnecessarily restrictive, according to the opinion of the mayor.

### White Man and Colored Wife Patch Up Troubles in Court

Following a verbal wrangle in police court Monday between William Sones, Fourteenth and Grace streets, white, and his colored wife, Florence, the couple was dismissed to an ante-room to "talk over the situation."

Five minutes later they emerged from the room to tell the judge that from now on they will live together contentedly. Mrs. Sones swore out a warrant against her white husband charging him with assault and battery.

Mr. Sones denied having struck her. The wife displayed a discolored eye and facial bruises. Both were dismissed.

### CLEAN THE BLOOD

Taken from Nature — The wild roots and barks that go into the composition of one of the oldest and best known blood tonics are mostly gathered by the Indians on our reservations — brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y. Over fifty years ago Dr. Pierce put up an alterative tonic without the use of alcohol that soon became known all over the world.

The spring is the time of the year we should put our house in order. We're run down after a hard winter — after grippe, colds, catarrh. It's time to take Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it now in tablets or liquid.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for these needs of her children and that in her laboratory were the remedies. Extracts of Queen's root, Stone root, Black Cherry-bark and Bloodroot, as prepared, combined and preserved without alcohol, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue-rebuilding remedy ever offered to the public.

### Art and Engineering Blend in Hudson Super-Six

Artistic Beauty Graces Every Hudson Closed Car

Hudson Super-Six closed cars escape the conflict that is always found where enclosure alone is the goal. Engineering genius has worked in perfect accord with the finest artists to make the Hudson not only a dependable means of transportation but a charming and comfortable equipage, as well. They have attained the best in design and construction with the best in beauty and refinement, elegance and comfort.

Merit Meets Grace

The Hudson Super-Six is the car supreme for the woman of taste; the natural selection of the man of business. It is an artistic achievement; a mechanical triumph.

The purchaser of discrimination and distinction feels a natural impulse to become the owner of a Hudson. Its White Triangle is as distinctive a mark of merit as the name of an old master on a work of art.
