

OFFICIALS SEE DAMAGE DONE BY TORNADO

Only Four Cases Requiring Immediate Attention Are Reported to Red Cross; No Deaths Yet.

City Commissioners Towl and Falconer started yesterday over the storm-stricken areas to help victims clean up debris and arrange their buildings salvage into piles, or otherwise give aid along the way.

Mr. Falconer has been assigned the district in the southwest part of the city, and Mr. Towl will cover the Cuming street district.

"This will get rid of the appearance of devastation, as well as render practical assistance to the victims," explained Mayor Smith, following a conference yesterday afternoon at the Chamber of Commerce, with J. W. Gamble, W. B. Tapp and Walter S. Jardine.

Mr. Gamble arranged with the authorities at Fort Omaha for the use of canvas and tarpaulins for the use of the victims.

Aid for Every One.

"We want it understood that none who need aid will have to suffer if we can learn of the cases," added Mayor Smith. "We wish friends would report cases of others, because it is appreciated that some worthy persons are really too modest to make their needs known."

The Red Cross officials announced that they are ready and willing to furnish clothing, food, furniture and similar relief to all who are in need. Cases reported to the mayor's office or to the Red Cross office will receive prompt attention, was the announcement made.

It was also stated that only a few cases of real distress have been reported.

Another canvass of the stricken districts will be made today by Red Cross workers in city automobiles.

To Investigate Losses.

The city council yesterday morning adopted a resolution which appoints Mayor Smith and Commissioners Zimman and Ure a committee to investigate losses caused by Sunday's storm and to co-operate with other organizations which may be working in a similar manner.

The committee was directed to prepare and file with the council an emergency ordinance, setting aside \$5,000 to be disbursed as relief for storm victims.

Injured Are Improving.

No deaths have been reported on account of the Sunday night tornado, all of the injured are improving, and the Red Cross report only four emergency cases for help have been referred to their office.

Mayor Smith visited the section north and south of Cuming street, between Forty-sixth and Forty-ninth streets. He reported the names of three women living in Forty-seventh avenue, north of Cuming street. Their homes were wrecked.

Given Immediate Attention.

The Red Cross yesterday gave immediate attention to these cases. The other case reported to the Red Cross was that of Mr. and Mrs. Roy Gibson, 633 South Fifty-first street. Mrs. Gibson's home was completely wrecked when blown against the adjoining home of Albert Hall, Mrs. Gibson was injured.

The mayor was interested in the case of L. M. Koch, 4813 Burt street, whose home was seriously damaged. Mrs. Koch has been in a hospital for a week and there are two small children at home.

Rush for Insurance.

"Mr. Koch told me that he carried \$2,000 tornado insurance. I notice there is quite a rush to take out tornado insurance," remarked the mayor. "Mr. Koch," he added, "said he did not need any assistance, but I reported the case anyway, and if he needs aid he will be helped. We will endeavor to see that all who really need assistance are cared for."

Reports from the injured show that all are improving. Mrs. James Menden and her son and daughter, Andrew and Frances, are recovering at the University hospital. Mr. and Mrs. H. G. Harte and daughter, Ruth, are likewise on the way to recovery. Mr. and Mrs. Frank F. Drexel expect to be out soon.

The Nebraska Telephone company and the Nebraska Power company have been working extra crews, repairing the damage to wires and poles. Dealers in window glass have been working overtime filling orders. An order for 400 panes of glass was sent in from one large apartment. Insurance adjusters are working through the storm district. Commissioner Manley of the Chamber of Commerce and the Real Estate board have offered to co-operate in the work of relief and reconstruction.

Count Apponyi Declares Allies at Fault in Hungary

Last Premier Under Old Regime Says Present Troubles Result of Dallying and Failure to Define Boundaries Promptly At End of Fighting; Says League of Nations Trust Organized by Victor Without Consent of Others.

Budapest, April 8.—Count Albert Apponyi, the last Hungarian premier under the old regime and a member of one of the oldest and wealthiest families, is living, since the communists gained control of the government, in a modest two-story house with his wife, two daughters and a governess, and also with two families which the government has billeted on them. It is said the government intends to place other families in the house, reducing the Apponyi family to the use of two rooms.

The count, who is 72 years old, hopes to retain the use of his study overlooking the Danube. He says he has work to do which the communists may class as intellectual. The old statesman is still tall and vigorous. "His study contains many photographs commemorative of his visits to the United States, the last one being in 1911."

The count said to the correspondent: "I am an old man and I am looking at his new movement from a philosophical point of view, wondering if it will succeed. Certainly it is a most interesting experiment. I have been treated so far with every courtesy by the officials, but cannot pass an opinion as my class has no longer any rights. The country is ruled by one class. Fortunately my future is assured, because I am past the working age and my son and girls have sufficient education to make their own way in the world."

"You may say that I think the allies are responsible for such situations in Hungary. They are brought on by dallying and not making peace and leaving boundaries undefined. Also the so-called league of nations is merely a trust organized by the victors without asking the consent of the others."

American Legion of World War Veterans to Be Effected in May

New York, April 8.—A committee whose officers declared it represented every state in the union, every rank in the army and navy, and every shade of political belief, issued here tonight a call for a caucus in St. Louis next month to effect preliminary organization of the American legion to be composed of American veterans of the world war.

The caucus is to be held May 8, 9 and 10, will have the way for a national convention, set tentatively for November 11.

The caucus call was signed by Lieut. Col. Theodore Roosevelt of New York, chairman; Lieut. Col. Bennett Clark of Missouri, vice chairman; and Lieut. Col. Eric Fisher Wood of Pennsylvania, secretary, together with upward of 200 commissioned and enlisted personnel of the army, navy and marine corps and representing the 48 states and the District of Columbia.

"The legion will not interest itself in politics, but will make its influence felt in regard to policies," Lieut. Col. Roosevelt declared in discussing the embryo organization. It will be strictly non-partisan, he added, its objects being to perpetuate comradeship formed during the war, to preserve the history of the conflict and to maintain the principles for which American soldiers and sailors fought and died.

Purchase by England of Mexican Oil Lands Causes Much Interest

Washington, April 8.—The recent purchase by the British of oil properties in Mexico has confirmed in official circles and today it was learned that officials of the State department were much interested in the situation because of the apparent establishment by Great Britain of a policy of outright ownership, vested in the government of oil properties. Great Britain, it was said today, had not waited for action by the Mexican courts or by the new congress called to meet May 1, but had purchased the interest of its nationals involved in the dispute that led to the dispatch by the British, French and United States governments protesting against the "confiscatory" features of the Mexican constitution.

This action was said by a high official today to indicate that Great Britain does not intend that the property acquired by British subjects in good faith and under the existing laws of Mexico at the time the interests were acquired shall be "confiscated." Great Britain, this official said, is trying to secure oil properties, to preserve the lands throughout the world to insure carrying trade for her merchant marine and cheap fuel for her navy and commercial vessels.

Army Orders.

Washington, April 8.—(Special Telegrams.)—Major Frank B. Clay, infantry, and Captain James E. Echols, infantry, are relieved from their present duties and detailed as professors of military science and tactics at Grinnell college, Grinnell, Ia. Major George W. Edgington, infantry, is relieved from duty with the committee on education and special training at Creighton university, Omaha, and transferred to Camp Dodge.

GERMAN TROOPS ARREST GENERAL AND MINISTER

Proclamation of Soviet Republic in Region Between Hamburg and Bremen Appears Imminent.

Copenhagen, April 8.—A political movement of great importance is imminent in the region of Hamburg, reports from Berlin say. Doctors Hertz and Hauffenberg, Spartacist leaders, it is added, have almost succeeded in making themselves masters of the situation and in converting Hamburg and the region between Hamburg and Bremen into a soviet republic.

Herr Landsberg, minister of justice in the national German government, was arrested yesterday at Magdeburg, capital of Prussian Saxony, by members of regiments stationed there, a Magdeburg dispatch reports. General von Kleist, in command of the Fourth army, and his staff also were arrested.

Former Deputies Brandeis and Fickel also were arrested. Other arrests of social democrats and members of the bourgeoisie are planned.

"The majority of the Magdeburg garrison sympathize with the independent socialist, the message adds."

Lay Blame of Spalato Incident to Italians Who Approved Arrests

Paris, April 8.—An official Serbian telegram from Belgrade says that the special commission of American and allied officers has terminated the investigation of the Spalato incident of March, when armed Italian sailors wounded Serbian civilians and soldiers.

The commission, according to this dispatch, considers that responsibility for the incident rests on the Italian naval command, who had arrested the sailors of the Italian ship, Trieste, and other places, all of whom have been deported.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything.

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean out of doors or away from flame.—Adv.

Motion picture fans of Omaha have been greatly interested in the showing of Prizma—natural color motion pictures, the third of which has been at the Strand the first of this week. The pictures in this film are entitled "Prizma Everywhere" and shows interesting color formations in this new way right in the film.

Arthur S. Kane, general manager of Select, who recently spent a few days in Omaha, did a stunt that would make film adventures turn green with envy down at Topeka. Kane, last week, was wanted in an old lawsuit as witness but couldn't see why his testimony was needed and beat the sheriff out of the county like a criminal pursued for bank robbery.

"Bolshewism on Trial" is the title of a sensational exposé of the Russian theories just put into films by Select.

Boy, Held by Police, Prefers Aunt's Home to That of His Own

"Please don't take me back home," pleaded Clarence Young, 16 years old, when he was arrested Monday night, "let me go to my aunt—she'll take better care of me than they do at home."

When he unfolded a long tale of what led up to his arrest for "freedom" two weeks ago.

Clarence was apprehended on his way from his home in Evans, Ia., to the home of his aunt, Mrs. Eva Gettys, in Ash Grove, Mo. He said he had been "bumming" for two weeks through Iowa and Nebraska.

"My parents wouldn't even buy food for me to go to school with," he told juvenile officers. "My father died when I was 4 years old and my mother got married again. Since then I've not been able to do anything without getting licked for it. The night before I ran away I got licked for not finishing all my work."

Vicar General Dies.

Montreal, April 8.—Word has reached here that Monsignor Emile Roy, vicar general of the Catholic archdiocese of Montreal, died in Atlantic City last night. He was born at L'Acadie, Quebec, in 1868.

FRANCE AGREES WITH AMERICA UPON INDEMNITY

Paris Newspapers Take View it Will Be Several Days Before Treaty Will Be Ready.

Paris, April 8.—(Havas.)—The views of President Wilson's attitude of French claims before the peace conference put forth by "certain American circles" are declared by the Matin to be "entirely fantastic." President Wilson, the Matin says, is conscientiously studying the final details of the preliminary peace. The Petit Parisien comments in much the same vein, denying emphatically that there are differences between the French and American delegations, especially regarding financial questions, as has been declared.

The Paris newspapers as a whole reiterate the view that it will be several days before the work of the conference will be completed in such a way that peace may be made simultaneously with Germany and its allies. They predict that the meetings at Versailles probably will take place within 15 or 20 days, however.

According to Le Journal, the plan for a buffer state at the mouth of the Vistula has been abandoned, the handing over of Danzig to the Poles to be probably the course adopted. The Echo de Paris says it is able to state that the solution of the reparations question reached by the conference provides for complete reparation. The plan, it adds, calls for the annual meeting of an international commission to decide upon the sum that Germany shall pay the following year.

It is believed, this newspaper also states, that Geneva has been definitely chosen as the seat of the society of nations.

Tissue Building

Tissue is the doctor's name for body cells. It is to our bodies what coal is to an engine. Every day we burn up a certain amount of tissue.

Therefore new tissue must be built to take the place of lost fuel. The food we eat makes this new tissue and in a healthy person gives enough fuel to replace the loss.

People get thin and "run down" because they do not get enough nourishment from their food to supply the needed fuel.

When the weakened system does not do its duty you must have a "tissue builder." Father John's Medicine is a real tissue builder because it actually makes new flesh and tissue.

When you take Father John's Medicine, the actual food elements of which it is composed give you new strength, and enable the organs of the body to resume their work.

Father John's Medicine soothes and heals throat and is best for colds, bronchitis, asthma. People gain weight steadily while taking it.

Remember, Father John's Medicine contains no alcohol or dangerous drugs. It has a history of more than half a century of success.

"TIZ" FOR SORE, TIRED FEET—AH!

"Tiz" is grand for aching, swollen, tender, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more pain from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.—Adv.

SAYS MEMORY IS ALL THAT'S LEFT OF OLD TROUBLE

Mrs. Joe Williams Declares Tanlac Restored Health; She Had Suffered for Twelve Years.

"About all that is left of my many years' suffering is the memory of it," said Mrs. Joe Williams, who resides at 907 First avenue, Peoria, in relating her experience with Tanlac, recently. Mrs. Williams has a son who joined the "colors" two years ago and went over seas with the 28th Engineers. "Bill" as he is familiarly called by his many friends, is still in France and was in the thick of the battles "over there."

"If I could only have had Tanlac twelve years ago," continued Mrs. Williams, "I would have been saved a world of suffering and many dollar besides. All of that time was just one unbroken period of misery for me and I had almost despaired of ever getting well. Sometimes I was almost frantic with pains in my back. I could hardly stand for my clothes to touch me and I couldn't stoop over and straighten up without just suffering agony. I simply felt as if I was being torn apart. I did suffer, not only with my back, but also from stomach trouble. I would have frequent attacks of acute indigestion, which would leave me in such a weak, exhausted condition that I couldn't get out of bed for days. I could not eat anything but what was soft, gas would form on my stomach and cause the sharp, stinging kind of pains all through my chest. I often had dizzy spells when everything seemed to be spinning around like a merry-go-round and I would turn so sick that I would have to lie down. It seemed to me that I hardly ate enough to keep soul and body together and my nerves were so upset that I could hardly lift a cup of coffee to my mouth without spilling it. At night I was so restless that the town clock struck but few hours without me hearing it and I would get up in the mornings feeling as badly as if I had not slept at all."

"Like anyone who is suffering, I tried many medicines, but kept getting worse until I reached the point where life was a burden to me. But thanks to Tanlac, all my despondent, down-hearted feelings have disappeared and I am just like a new person, because I have been completely relieved of the troubles that made life miserable for me so long. I began using Tanlac through a friend, who told me it was the most wonderful medicine in the world. Well, I thought she was exaggerating, but I have found out by trying the medicine that everything, and more, she told me about it is true. It just seemed to me to act what I needed and I had not taken it but a short time until I felt a very decided change in my condition. I soon got to where I could sleep like a child at night, get up in the mornings and prepare my husband's breakfast and eat heartily of it myself. My appetite is just fine now and I can eat just anything I want and without the least trouble afterwards. Neither my stomach nor back ever trouble me now and I am feeling better in every way than I have in twelve years."

Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forester and Meany Drug Company in South Omaha and the leading druggist in each city all towns throughout the state of Nebraska.—Adv.

Urge Peace Conference to Oppose Free Immigration

Sacramento, Cal., April 8.—The senate adopted today, 35 to 1, a resolution by Senator Inman urging American delegates at the peace conference to oppose a request of "certain representatives" at the peace conference for free immigration.

The resolution was adopted without debate after reference to the Japanese had been eliminated. In its original form the resolution said "Japanese representatives" had requested a covenant for free immigration.

Senator Bennett, who characterized the resolution as "cheap jingoism," was the only member who voted against the resolution.

Buys Land for Soldiers.

Melbourne, April 8.—The state of Victoria of the commonwealth of Australia has expended, up to date, more than \$25,000 in the purchase of land for the settlement of repatriated soldiers.
