

TANKS WILL TOUR STATE NEXT WEEK TO BOOST V-LOAN

Engines of War to be Carried on Special Trains, with Stops at Principal Towns.

War tanks, the kind that were in active service on the front, will tour Nebraska and western part of the Victory loan campaign.

Each special train will carry two tanks, loaded on flat cars. In addition, there will be transport sleepers and coaches for the accommodation of the government men accompanying the tanks.

Tank Special No. 1 will enter Nebraska at Harrison next Sunday over the Northwestern.

Farmers Now Pay From \$60 to \$75 a Month For Experienced Men

Wages for farm hands have risen to the unprecedented figure of \$60 to \$75 a month in Nebraska, says George Kleffner, federal labor director for Nebraska with headquarters in the co-operative employment bureau in the court house.

"There is a great shortage of farm labor," he said. "Sixty to \$75 a month is the price being offered and paid to experienced men. Inexperienced men can get from \$50 to \$55 a month. And when you remember that they get practically all their living expenses besides, it is a big inducement to any strong man to get out on the farm."

"There is no sign of lack of employment in any line. The lack of labor is the principal difficulty. We have a big demand from the Tri-State irrigation project now being put through in Banner, Kimball and Scottsbluff counties. Headquarters for this work are at Mitchell. Common labor gets 45 cents an hour or \$4.50 a day of 10 hours. Board is \$1.25 a day, leaving the workers \$3.25 net. This is a job good for four years."

Lieutenant Kramer has been assigned to the local office to manage the securing of employment for returned soldiers and sailors. Army men are being placed in this work all over the country.

On May 1 the bureau will ship 100 families to the sugar beet fields in central and western Nebraska. Most of these come from South Omaha.

Heroes Upon Arrival Welcomed by Omaha Red Triangle League

An entirely new branch of war service, known as the Red Triangle League of Omaha, has been formed and is in active service at the Union station from 10:30 p. m. till 2:30 a. m. each day. The league was formed for the purpose of aiding returning soldiers who are in need of information or advice.

It is sponsored by the Y. M. C. A. and already has a membership of over 100 well known Omaha business men. Each member serves one night every eight weeks. There are two present at the depot each night, wearing a large button bearing a red triangle and labeled the Red Triangle League of America.

Two Men Held for Federal Officials on "Dope" Charge

Ole Jackson, 2528 Patrick avenue, and Hugh Bloodsaw, 1119 North Twenty-third street, are held at central police station for investigation by federal authorities in connection with alleged dispensing of "dope."

Humane Society Starts New Work to Aid Stray Animals

The Humane society has started its new work of impounding stray animals, according to a contract entered into with the city. A blind horse, found at Forty-second and Ohio streets, was the first animal taken to the pound.

Big Victory Ship On Court House During Loan Drive

Ocean, 160 Feet Long, Scenery of Flanders Ruins, Big Army Transport and Statue of Liberty Atop of County Building—Other Victory Loan Campaign News.

The ship that is to bring home the boys in France and England and Germany—the Victory Liberty loan—will have a big place in the Omaha drive.

On top of the court house, settled on the ledge just under the roof, an ocean of tossing blue-green waters will flow 160 feet long. At the east end of the ocean will be the shore of devastated Europe, a mass of ruins and wrecked churches and other monuments of antiquity and art.

At the west end of the ocean the Statue of Liberty, holding aloft her flaming torch to light the world to ways of freedom, will stand guarding the wonder sky-line of New York. The Liberty will be 14 feet high.

Starting from Europe on the morning of April 21, when the Victory Liberty loan drive begins, a 12-foot transport, bearing its thousands of American boys homeward bound, will voyage across the ocean, carried by the sails of each day. The ship will progress as the campaign goes on and every day will show the amount of sales during the preceding 24 hours.

The good ship "Victory" will reach port, and the Statue of Liberty when the quota for Omaha is reached, and she can venture safely into harbor.

James B. Henderson, manager of the Thomas Cusack company, designed the ocean, the ship and the two shores, and his firm will set up the completed work.

Allotment Committee Meets. The allotment committee of the Victory Liberty loan will begin its daily sessions in the Federal Reserve bank, Thirteenth and Farnam streets, Tuesday morning.

This committee apportions the amount that should be subscribed by business men of Omaha to the new loan, which will be the last of the popularly subscribed loans.

Notices are ready and will be mailed Saturday to the men and firms of the city, appointing a time for them to appear before the committee and discuss the amount which they will be asked to take of the Victory Liberty loan notes.

Entertains County Workers. J. H. Mithen, who has charge of the Victory Liberty loan workers for Douglas county outside of Omaha, will entertain his force at luncheon Saturday.

T. C. Byrne, state chairman of the loan, will address the men on the work ahead of them in putting over the last of the great popular loans.

Howard Chandler Christy Poster. The "Americans All" poster made by Howard Chandler Christy for the Victory Liberty loan, is attracting much attention. The poster represents Christy's well known model, clad in a delicate creamy flowing robe, holding the flag in one hand and with the other placing a laurel wreath over the "gold star" honoring the men who gave up their lives.

The list, chosen from a single casualty list, shows these nationalities in the names: French, English, Irish, Bohemian, German, Greek, Italian, Portuguese, Hebrew, Russian, Polish, Roumania, Norwegian, Spanish, "Americans All."

Allen's Fifth Bulletin. Earl Allen, chairman of the bulletins committee of the Victory Liberty loan, has the fifth bulletin in the series of 15 ready for distribution. These bulletins are put on bulletin boards and in other conspicuous places in more than 600 places of business, shops, banks and stores in Omaha.

The fifth reads: "Your Sacrifice?" "No Contribution Asked—Merely the privilege to pay you interest on your money."

Directs Outdoor Advertising. Earl Bell, advertising man for the Boyd theater, has charge of much of the outdoor advertising for the Victory Liberty loan, as he has had charge in the past of the four loan campaigns which preceded the new

Rev. T. J. Mackay is Asked to Preside at Veterans' Meet

Rev. T. J. Mackay of All Saints church, founder of the Order of the Gold Star, has been invited to preside at the mass meeting of Omaha's returned service men Tuesday evening at 7:30 o'clock in the Auditorium. The purpose of the meeting, which is called by the post-war activities committee of the Chamber of Commerce, is to organize a branch of world war veterans.

'FIT TO WIN' FILM IS ENDORSED BY OMAHA CITIZENS

Special Performance Witnessed at Boyd by City Commissioners, Physicians and Ministers.

"Fit to Win," the anti-social disease film to be shown next week at the Boyd theater, was heartily endorsed by city commissioners, physicians and ministers, who were invited to witness special performance yesterday noon.

"It is a good thing," said Dean Ringer. "A picture with lots of kick that is worth seeing."

Commenting on the picture, Chief of Police Eberstein said: "No one would go down on North

Sixteenth street to meet a person with the smallpox. Yet young men will go and associate with persons who are afflicted with diseases much worse. The picture, 'Fit to Win,' is really worth while and carries a powerful lesson."

Indorsed by Manning. Rev. Titus Lowe and Health Commissioner Manning saw the picture and indorsed it heartily. Mayor Smith, who was invited, did not appear.

"Fit to Win" intimately reveals the experiences of five soldiers, picked from several environments by the demands of war, and placed on an equal footing in the army. The wealthy idler, the sport who knows it all, and plays with fire; the country boy whose lack of training and experience proves his undoing; and whose motto is wine, women, and song; and Billy Hale, a crack quarterback and all around athlete.

The film, which was produced by order of the surgeon general of the United States army, was used in training camps throughout the country.

Watch for The Bee's Rotogravure Section next Sunday.

OMAHA MAY GET PLANTS TO MAKE VITRIFIED BRICK

C. of C. Committee and Experts to Investigate Condition of Adjacent Beds of Shale.

Establishment of factories for the manufacture of vitrified brick in and around Omaha was proposed by F. L. Nesbit at a meeting of the industrial committee of the Chamber of Commerce, Thursday.

J. M. Gillan, director, and several members of the committee, were instructed to inspect adjacent beds of shale in company with brick-making experts, to see what the possibilities for the new business venture are. They will report within two weeks.

If practical attention of Omaha capitalists will be called to the new project.

Vitrified brick makes the best road when laid on a heavy concrete base. If one brick wears out, it can be replaced without taking up a whole segment of road. It is not so slippery when wet. "With the great impetus given to postwar road building by federal and state appropriations, there will be an enormous market for vitrified brick," said Mr. Gillan. "Engaging in such a project is an economic measure to develop natural resources close at hand."

Making brick so close will save the important item of transportation expense for road building in this vicinity.

Company Sells Holdings. New York, April 11.—Guy E. Tripp, chairman of the board of directors of the Westinghouse Electric and Manufacturing company, announced today that "an agreement has been reached with certain British interests under which the Westinghouse company sells for cash its British holdings and enters into a commercial alliance looking to the development of export business."

Indian Pays Back \$4.75 He Borrowed from U. S. Marshal Two Years Ago

An honest Indian is Louis Gray Hair. At least so thinks Marshal Flynn, at the federal building. Over two years ago Gray Hair and his squaw, Jane Fourcloud, were stranded in Omaha without money to pay their transportation back to the Winnebago reservation.

Marshal Flynn advanced them \$4.75 railroad fare, and Gray Hair promised with great gusto to send it back immediately on his arrival home. But two years elapsed and the marshal's faith in the American aborigines began to fail, but was revived when a check for \$4.75, signed by Chief Gray Hair, arrived yesterday.

Moore Whips Herman

racine, Wis., April 11.—Pal Moore of Memphis, easily outpointed Ed Herman of Pekin, Ill., in the opinion of newspaper critics in their 10-round bout last night. The men are bantam weights.

BRANDEIS STORES FOR MEN

The Waist Seam Model---The Uniform's Successor

MEN coming back from the army and navy find they cannot wear the clothes "they left behind them," trousers too large in the waist, coats too small across the shoulders and chest. A new type of men comes back to us; clothes have to be designed for them.

Hart Schaffner & Marx
