### Clothes Shop Has Become Popular

Miss Chamberlin Will Talk on "Alteration of Patterns" to Mothers of Cass School.

During the last month 132 women have visited the clothes shop con-ducted on the second floor of the Girls' Community house, 1716 Dodge street. Forty women have attended sewing classes conducted at other centers in the city.

Many of the women attending the shop have completed several gar-ments, while others have called for advice on garments and have done he work at home.

Miss Chamberlin will give a talk on the "Alteration of Patterns" to the mothers of the Cass school district on Wednesday afternoon at 1:30 o'clock. After the talk the women will be invited to inspect the clothes shop.

The home demonstration agent, in

MAKE THIS TEST

If you are not well or strong you owe it to courself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of servous, run-down people, who were alling all the while, have most astonishingly increased their strength and endurance in 2 weeks the in many instances.

MANUFACTURER'S NOTE: Nuxated Iron which is prescribed and recommended by physicians is not a secret remody but one which is well known to druggists everywhere. Unlike the older morganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. This manufacturers guarentee successful and entirely satisfactory results to easily purchaser or they will refund your money. It is dispensed in this city by the C. il Drug Co. and other druggists.

\*8 Wish & Had Her --- Complexion

to Grow.

By Valeska Surratt.

HERE is no skin that does not possess the possibilities of an exquisite comon. I have found this true even in the most motley and disfigured complexens, and have noted the blemishes disar as frost before the sun. A beautiful complexion should not be merely a dream but can be accepted as an assured fact if the proper means are employed. ad I will give you here the method which have found to be remarkably successful. not buy an already prepared cosmetic, ut make up your own cream as follows: It takes but a few moments and then you re certain of the results. Get one ounce or sintone from your druggist in the ori-rinal package. This will cost about fifty conta. Mix the contents of this with two tablespoonfuls of glycerine in a pint of return, and your cream will be ready. Af-fer you use this freely for a week or so you will come to see that what I have said is true, and your complexion will ultimate-be spotless, queenly and beautiful.

ROSE—Hair absorbs liquids very readily. It is possible to use certain materials which will be very quickly absorbed by the hair-roots and be acted upon by them very promptly. Such, for instance, is the following which I have found to be a most remarkable hair-forcer. By using this raithfully you need nothing else to make your hair grow to aplendid length and vises. It will make hair stop falling at once, and fill in bald spots within a few weets. Mix one cunce of beta-quinol with half a pint of water and half a pint of bay runs, and the hair forcer is ready. Try it; you will be convinced.

MRS. C. E. P.—Cheer up, you will be the to get rid of those blackheads in a war moments. You don't have to wait some hydrolized tale and apply. You will the neroxin on a wet cloth and rub the hackheads with this for a few minutes and will disappear.

To Absorb Freckles And Other Blemishes

Every spring numerous inquiries are made by girls seeking some reliable recipe for removing freckles. Very favorable reports have been received from many who have used mercolized wax during the freeking season. The wax seems to possess unusual properties which completely absorb the freckles, with no harmful effect whatever. The complexion improves wonderfully, becoming as soft as a rose petal, and as delicately tinted. Get an owner of ordinary mercolized wax at any druggist's, spread a thin layer of it over the entire face every night for a while, washing this off in the morning. For rough, spotty skin, sallowness, blackheads, pimples and all cutaneous blemishes, this treatment is superior to any other.—Adv.

## DON'T HAVE **GRAY HAIR**

It's Easy to look Young and Fascinating by Use of "La Creole"

'La Creole has made ma look 15 years younger."

MISS ANXIETY—Yes, even at 52 you can get rid of nearly all those wrinkles. I will tell you how. Get a two-ounce package of eptol from your druggist. It will cost about fifty cents. Mix this with a tablespoonful of glycerine in a half pint of water. The cream which results is very rich, and yet can and should be used liberally. This will make the texture of the skin much finer, and as a result of its "plumping up" the large and small wrinkles will soon be found to have almost entirely disappeared. If it sounds too good to be true, just try it, and you will be surprised. No woman should be handicapped socially by gray or faded hair. Every woman owes it to herself to look her best and avoid the appearance of coming age. Gray, streaked with gray, or faded hair makes many a woman look old before her time, and gray hair is so very unnecessary. LA CREOLE Hair Dressina

MISS VIOLET—Those who really know the easy and simple way to remvoe superfluous hairs go about it by dissolving them away. They do not use many of the pastes and powders which seem to be so much in vogue. They do not use anything to irritate and redden the skin. The only way to dissolve away hair and so that it leaves no reddening of irritation, is to moisten the hairs with sulfo solution which can be obtained for one dollar at any drug store. It is as delightful to use as your face lotion. Use nothing else. is the most popular Hair Color Restorer in use among society Men and Women of America today. It is a safe, delightful toilet preparation which uniformly restores gray, streaked with gray, or faded hair to its youthful beauty and lustre, CHALKY—You will avoid the chalkiness found in so many face powders if you will use the one I have had prepared, "Valeska Suratt Face Powder," which is sold in drug stores for fifty cents. It is exquisitely fine.

LA CREOLE Hair Dressing will stain the scalp, wash or rub off, or leave the hair with that greasy or dyed appearance. You apply it yourself by simply combing or brushing it through the hair before retiring, and the results will de-

light you surprisingly. LA CREOLE is sold by Sherman & McConnell, and all good drug stores and toilet counters everywhere. Price .. \$1.00 Personals
