Answer: Three grain Sulphur Tablets (not sulphur tablets) is the best known remedy for the blood. They are made from sulphur, cream of tartar and herb medicine which act directly on the blood, purifying it, thus causing the pimples to disappear and the skin to become fresh and healthy looking.

"Excess" writes: "What should I do to relieve a severe case of kidney and bladder disease? Urine is dark, foul of odor, and passage is irregular, painful and difficult. Have depression, fever, chills, pain like rheumatism and soreness in region of bladder."

Answer: For such symptoms as you describe I prescribe my favorite formula under the name of Balmwort Tablets. This is a powerful diuretic and cathartic for such abnormal conditions. Begin their use as per directions on each sealed tube.

**"Don't" Is the Advice of Movie Actress Who Knows**  
By IMAGENE DEVORE.

Girls, don't be deceived by these school announcements purporting to teach you how to become movie actresses. They're as impossible as the mail order institutions professing to teach you how to write successful plays for Movieland. It is a grand old scheme in this town to take your money for tuition and then give you a "course" in the art of motion picture acting. All is grist that comes to the mills of these sharks. The domestic hands over their money in return for fair promises as readily as girls in higher walks of life.

You would be surprised if you could visit some of these so-called schools. The enrollment embraces the high and the low, the rich and the poor. The society lady with a husband and five children seemingly is just as anxious to become a movie actress as the next one. The schools play no favorites. They put 'em all through a certain line of work and then inform the victims that they are "ready to accept employment at any movie studio." Of course, it is up to the graduate to get the employment!

To you girls who are ambitious to become movie actresses, I would say, don't! The woods are full of movie actresses, real and near! Every studio has a long waiting list composed of those experienced in both dramatic and motion picture work and what chance has the lone amateur against such experienced competition? It has become an uncertain life, too. Directors are engaging by the picture these days and the halcyon period of stock companies and long time contracts has gone by.

A new government ruling in Burma requires all Burman girls 12 years of age and over to attend a girls' school, if one exists in the town, rather than the mixed school as heretofore.

More than 1,000 societies of women in Great Britain are arranging for celebrations to be held next month in honor of the Queen Victoria centenary.
