PROPERTY MORTGAGED—\$6,000,000

No large city in the United States is in greater need of high-grade hotel accommodations than Los Angeles. The city's principal present hotel, The Alexandria, is entirely unable to supply the demand, and the new California Hotel, now in course of construction, is being erected to meet an urgent need for additional hotel accommodations of the highest grade. These bonds are directly secured by a closed first mortgage on these properties valued at \$6,000,000 described as follows: THE ALEXANDRIA HOTEL-Fireproof, seven stories in height, containing 700

charge. The highly valuable long term leasehold is pledged as additional security un-THE CALIFORNIA HOTEL- Located in the heart of the best residential district of the city, containing 470 rooms, and surrounded by a park of 21 acres of valuable land which is included in the mortgaged security.

rooms, located in the heart of the downtown business district. The established net profits of this hotel alone are greatly in excess of the largest annual bond interest

BORROWING CORPORATION- These hotels will be conducted as part of the D. M. Linnard chain under the same management as the Palace and Fairmont in San Francisco, the Green, Huntington and Maryland of Pasadena, the Belvedere (formerly Potter) at Santa Barbara, and the Ambassador at Atlantic City, constituting one of the largest chains of hotels in the United States.

EARNINGS-The net annual earnings of The Alexandria for the past four years have averaged \$285,000. Based on a thorough investigation, we estimate the net yearly income of The California at \$500,000. The combined earnings total \$785,000—over three and a half times the greatest annual bond interest.

MONTHLY DEPOSITS- The borrowing corporation covenants to make monthly deposits in a sinking fund to insure prompt application of the earnings to the payment of interest and of the bonds as they serially mature.

This issue has been purchased by us after a thorough investigation. The bonds are surrounded by the safeguards of the Straus Plan, to which are due our record of thirty-

seven years without loss to any investor. Price, Par and Accrued Interest to Net 6%
