

### PHILANTHROPIC LEGACIES MADE IN BROKER'S WILL

**W. H. Lanning Gives Money for Working Girls' Home and Maternity Hospital.**

Hastings, Neb., April 15.—(Special Telegram).—A \$75,000 hotel for self-supporting working girls; a maternity hospital to cost \$40,000 and a perpetual home for nurses are provided in the will of W. H. Lanning, farm mortgage investment broker, filed for probate here today.

In addition to these legacies there is a sum of \$300,000 set aside for the Lanning Memorial hospital and nurses' dormitory, now in operation. Except for a life annuity for his sister, Mrs. Jennie L. Black of Shreveport, O., sole survivor of his family, the entire Lanning estate of about \$750,000 will eventually go to the Lanning Memorial trust. The hotel will provide accommodations for girls at cost upon a plan similar to the one employed at the hotel which Charles Dawes built for men in Chicago.

Fairbury, Neb., April 14.—An organization of the soldiers, sailors and marines of Jefferson county will take place Thursday, April 17, at Fairbury. The Red Cross will furnish free supper and the Moose lodge a military dance to the boys. Everything will be free.

### Burney Makes One Speech During the Session; 31 Words

By a Staff Correspondent. Lincoln, April 15.—(Special).—Thirty-one words constituted the first and only speech Representative Burney has made during the 1919 legislative session. Messrs. Jeary and Davis dragged him from his seat and escorted him to the rostrum, amid the riotous cheers of his colleagues. "I've sat here and listened to the rest of you fellows talk," said the member from Cedar, "and whenever I had anything to say somebody else always took it out of my mouth. I thank you."

#### Committeemen Must Turn Over All Bills

Lincoln, April 15.—(Special).—Speaker Dalby of the house gave notice to the chairmen of standing committees that they are expected to turn over to the chief clerk all bills remaining in their possession, which had never been acted upon or were killed by the blanket motions. The legislative records must show the final disposition of every bill, and the chief clerk must have the original bill for record.

The house voted not to concur in the senate's action reducing the appropriation for a woman's custodial farm from \$100,000 to \$50,000, although Barton Green, introducer of the bill, moved to do so. A conference committee was named. Resolutions were adopted extending condolence to Chairman Will H. Hays of the republican national committee on the death of his father.

### LEGISLATURE SOON TO WIND UP BUSINESS

**Code Bill About Only Important Measure Not Disposed of; Adjournment Within 24 Hours Predicted.**

From a Staff Correspondent. Lincoln, Neb., April 15.—The present session of the legislature is drawing to a close and possibly within 24 hours it will have passed into history. A number of the members have been excused and it is hard to keep enough members in the seats to vote on bills on third reading. A call of the house is frequent.

This morning the lower house was addressed by Col. John G. Maier, recently returned from France, where he served in the quartermaster's department.

The day being Governor McKelvie's birthday, he was asked to appear before the house and receive the felicitations of the members on the occasion of his anniversary. He responded to the request and made a very effective speech.

Not much of interest now remains, except the impending fate of the governor's civil administration code bill. It is predicted in the event of its passage that petitions calling for a referendum on the bill will be circulated and this has gone so far that petitions have already been prepared for this contingency. The co-operative bank bill passed by the house last week has been killed in the senate committee by indefinite postponement and there are a number of persons here interested in the "blue sky" bill pending, who wish it would meet with the same fate. During the afternoon session Speaker Dalby was presented by the members of the house with a gold-headed cane. Dr. Jenison described the gift as a token of the appreciation of all of the members for the absolute fairness and impartiality of the speaker while he has presided over the house. A resolution thanking the speaker and his wife for the many courtesies they had extended the members was adopted unanimously by a rising vote. Purcell, Birdsall and Howard, all of the minority party in the house, spoke feelingly of their appreciation of the speaker's treatment and of his lovable personality. When Speaker Dalby responded there were tears in his eyes.

### Would Prohibit Use of Foreign Language in Public Meetings

By a Staff Correspondent. Lincoln, Neb., April 15.—(Special).—The house amendments to S. F. 237, prohibiting the use of foreign language in public meetings, with the exception of religious and lodge gatherings, were concurred in by the senate Tuesday. The vote stood 20 to 0. H. R. 583, introduced by Governor McKelvie at the request of the Department of the Interior, providing for steps to be taken by the states to turn over any public land to the government for the purpose of developing industries for returned soldiers was indefinitely postponed by the senate.

The report of the privileges and elections committee of the senate in the Tanner-Broatch election contest was filed today. The committee reported Mr. Broatch had withdrawn his contest.

### Crozier Plans Probe Into High Prices Throughout the State

From a Staff Correspondent. Lincoln, Neb., April 15.—(Special).—An investigation into profiteering in Nebraska is proposed in a resolution introduced by Crozier in the house Tuesday. He calls attention to the fact that the legislature has done nothing to furnish relief from profiteers. When the resolution was read, objection was made by Reynolds and it went over for a day.

### M'KELVIE GIVES FIRST VETO TO BILL ON BONDS

**Measure Meets With Executive Disapproval Because Its Subject Matter Is Included in Other Act.**

By a Staff Correspondent. Lincoln, April 15.—(Special).—Governor McKelvie Tuesday morning vetoed the first bill to meet executive disapproval during the entire session.

It was S. F. No. 126, increasing the limit of bonded indebtedness of second class cities. The governor had no objections to the bill but vetoed it because the same subject matter was covered in another measure which had already passed.

The senate refused to concur in house amendments to the mothers' pension act, which limited the pension to mothers owning less than \$1,000 of property. Senators Johnson, Robbins and Taylor were appointed as a conference committee.

When H. R. No. 579, the claims and deficiencies appropriation bill, was advanced to third reading this morning, it was amended so that A. E. Sheldon, director of the legislative reference bureau, will receive \$759.32 as compensation for drawing up the code bill. The general salaries bill, H. R. No. 577, and the general maintenance bill, H. R. No. 581, were both advanced to third reading in the senate. The senate concurred in the house amendments to the following bills:

- S. F. 257—Creates a department of Justice.

- S. F. 115—Gives right of eminent domain to condemn materials and property for building of roads and bridges.
- The following bills, which were amended in house, will go to conference committees, the senate refusing to concur in the house changes:
  - S. F. 258—Provides for an appropriation for the university regents to carry on a soil survey.
  - S. F. 140—Rewrites workmen's compensation law.
  - S. F. 119—Provides for registration of nurses.

### For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with papain sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulency and other digestive ills.

The druggist will refund your money if it fails to do as promised.

**PRICE AS ALWAYS**  
In spite of greatly increased laboratory costs due to the War, by securing profits and absorbing wear taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—5c and \$1.00.
