Mr. Dietz plans on taking a committee comprising of Mrs. Charles J. Hubbard and Mrs. W. T. More, local executives, L. F. Scott and Gregory Doyle, national executives, out to Dietz Grove to make a tour of inspection of his place and lay out tentative plans to be developed for camp purposes.

## WIFE OF SLAIN CHAPLAIN SUES FOR INSURANCE

**Mrs. Arthur H. Marsh, Widow  
of Pastor Killed by Hun  
Poison Gas, Asks  
\$3,000.**

Her husband overtaken by German poison gas and slain on the battlefields of France, Mrs. Arthur H. Marsh, filed suit yesterday in district court against the Aetna Life Insurance company, for \$3,000, the amount of an accident policy held by Rev. Mr. Marsh at the time of his death.

Rev. Arthur H. Marsh was pastor of St. Paul's Episcopal church, Thirty-second and California streets, when he received an appointment in August, 1918, to be a chaplain in the United States army. He went overseas in September and news of his death was received here October 30, 1918.

He was gassed on October 4, Mrs. Marsh's petition states, and lingered in the hospital for more than three weeks before he died.

**Raises Technical Point.**  
"The reason advanced by the manager of the Aetna company for nonpayment of the policy," said A. Sutton, attorney for Mrs. Marsh, "is that the policy was not in force when a man went overseas. But there is no such provision in the policy."

David Fitch, attorney for the Aetna company said he had not looked into the case.

"It raises a nice question," he said. "The question concerns the death of a man in battle. Is such a death an 'accidental' death. Under the circumstances I should think it would be considered a natural death, if a man in the army were shot by the enemy or overcome by the enemy's gas."

"On the other hand if a soldier is shot accidentally by one of his comrades his death would be accidental."

Rev. Mr. Marsh's policy was taken out in December 18, 1912, for \$2,000. A provision made the face of the policy increase 10 per cent each year until it had attained a 50 per cent increase, which it had reached at the time of his death and is now \$3,000.

Rev. Mr. Marsh was the only son of Rev. Arthur E. Marsh of Blair, Neb. He graduated at the University of Nebraska in 1905 and secured a Rhodes scholarship to Oxford university where he graduated in 1908.

He was ordained by Bishop A. L. Williams in Omaha. Besides being pastor of St. Paul's Episcopal church he was chaplain of Clarkson hospital and of the county poor farm. He was 34 years old.

## SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scour.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die.

Then the hair falls out fast. A little dandruff—tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

## Greater Telephone Revenues Are Required

### High Costs Have Increased Operating Expenses

Since the European war began there has been a steady increase in the price of nearly everything we use. There has not been a corresponding increase in telephone rates.

In order to meet the high cost of telephone operation, a revenue in just proportion to the expense must be obtained.

The necessity for more telephone revenue is easily understood.

The cost of telephone operation has steadily advanced both because of the increased cost of material to the telephone company and the increased living expenses of employees.

The consumer has realized the necessity of paying more for rent, for food, for clothing and for transportation. The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.

If this company is to continue to furnish telephone service to the public it must obtain such rates as will produce a revenue sufficient to cover the cost of providing the service.
