

STENOGRAPHERS AT STATE HOUSE GET \$960 A YEAR

Conferees on General Salary Appropriation Bill Agree Standardized Wage; Is Compromise of \$60.

From a Staff Correspondent. Lincoln, April 17.—Conferees on the general salary appropriation bill, carrying an aggregate of close to a million dollars, agreed upon a standardized wage of \$960 for state house stenographers, this being a compromise between the \$900 fixed by the house and the \$1,000 preferred by the senate.

As a result of senate amendments to the bill, to which the house agreed, \$66,000 was added for salaries of constitutional convention members and the constitutional survey committee. An item of \$1,000 for a deficiency in the house employees' fund, and another of \$3,500 in the senate, were approved. The house concurred in the senate amendment giving the national guard a \$20,000 appropriation for salaries, except that it cut the amount, \$80, due to the standardization of the salaries of stenographers.

A second provision allowing the executive board of historical society to rearrange salaries, within the total appropriation, was killed in conference.

Salaries of Secretaries. The house agreed to a second amendment appropriating \$30,000 annually for the salaries of the six secretaries whose jobs were created by the code bill.

BRAVE AMERICANS

Portraits of Medal Winners, Made in France and Germany, by JOSEPH CUMMINGS CHASE, Official Portrait Painter of the A. E. F.

SERGEANT GRADY PARRISH OF ALABAMA, COMPANY G, 167TH INFANTRY, 42D DIVISION.

He has no complaints, Sergeant Parrish was lucky, so he says. He went through and won the coveted blue ribbon, with its beautiful cross of gold, was badly wounded, and lived to keep on smiling. After his platoon commander had been severely wounded and his unit had suffered heavy casualties in action on Cote-de-Chatillon, October 16, 1918, Sergeant Parrish quickly reorganized the remainder of the platoon, and instead of retiring for reinforcements, led the remnant of his platoon in the attack on Cote-de-Chatillon. The enemy was making a counter-attack on his front and the moment was a crucial one. That's why the boy kept on going ahead. By his daring, coolness and good judgment he broke up the heavy enemy counter-attack, proving his ability as a leader and setting an example of exceptional heroism and devotion to duty.

CONTROL BOARD FREES HENSLEY OF MILFORD

Dismisses Complaint Filed Against Commander of Soldiers' Home by Senate Committee.

From a Staff Correspondent. Lincoln, April 17.—The State Board of Control in findings given out Thursday morning dismissed the complaint filed against Commandant W. N. Hensley of the Milford Soldiers' home by the senate committee on state institutions, of which Senator T. E. Brandstreet of Grand Island is chairman. The committee had recommended the dismissal of Hensley after its inspection tour of the state institutions on the ground that he was too old.

In its findings, the board declares that the charges against Hensley are totally unfounded. With respect to the claim that he was physically incapacitated to look after the affairs of the institutions by reason of age, the board finds that Hensley is unusually well preserved for a man of his age, strong and vigorous, and it would be difficult to find a man as well fitted to fill his place if the legislative restriction of making a choice from Civil war veterans is observed.

The board's findings state that the complaint relative to sleeping quarters at the home has already been remedied, that the commandant was in no way to blame for the only instance of immorality arising at the home and that Commandant Hensley has exercised rare judgment in the handling of the affairs of the institution.

Mr. Taft spent an hour in Fremont.

Co-Operative Credit Association Bill Passes State Senate

By a Staff Correspondent. Lincoln, April 17.—The co-operative credit association bill, H. R. 424, one of the governor's platform pledges, was passed by the state senate Thursday morning on third reading after it had once been considered to the graveyard.

The measure was indefinitely postponed three days ago and late Wednesday the senate voted to reconsider it. The senate also adopted the conference committee report on H. R. 407, a bill providing for a custodial farm for women. The original house bill provided for an appropriation of \$100,000 for this farm, but the senate cut the item down to \$50,000. The house refused to concur in this amendment and the bill then went to the conference committee.

The senate spent most of the morning grinding away on conference reports with both branches sandwiching in some horseplay while waiting on the enrolling of the code bill before final adjournment.

Two Houses of State Assembly Compromise on General Claims

By a Staff Correspondent. Lincoln, April 17.—Most of the items in the general claims bill, H. R. 329, which were in controversy between the two branches of the legislature, were compromised by the conference committee by allowing a part of each one. In the case of Dr. E. Arthur Carr, his \$420 claim was rejected altogether but a clause was inserted giving him the right to sue the state for that sum.

The \$1,000 refund to cover the bonus paid by former Fire Commissioner W. S. Ridgell on a potash lease which was afterward knocked out by the supreme court goes back into the bill.

Arthur Mullen is allowed \$225 for his services as attorney in the test suit on the old soldier voting statute.

Dexter T. Barrett's two individual claims for \$500 for legal services to former Land Commissioner Clum were allowed by the conferees at the reduced amount of \$200. J. J. Halligan of North Platte and C. P. Craft of Aurora are allowed \$1,000 each for services as counsel in irrigation suits, the same as other attorneys received.

Wallace R. Lane of Chicago gets \$3,200, in addition to about \$4,000 previously paid him, for acting as expert employed by former Attorney General Reed. Maynetta Marks of the state treasurer's office will receive \$29 extra pay, which the house allowed, but the senate had cut out.

J. N. Dillon is to get \$1,603 for personal injuries sustained in an accident at the Peru state normal school.

Knox county is granted a refund of \$1,600 for overpayment of taxes to the state.

A. E. Sheldon is allowed \$750 to cover the expense of stenographer's services in drafting the governor's code bill and amendment thereto.

SPENT ABOUT \$1500 IN VAIN SEARCH, HE SAYS. Tanlac Not Only Builds Him Up, But Also Relieved Him of Seven Years Rheumatism. "I have spent about fifteen hundred dollars during the last seven or eight years trying to get something that would overcome my troubles, but all my efforts failed completely until I commenced taking Tanlac," said Right Curzio, who lives at 2077 Fulton street, Peoria, while talking to a Tanlac representative. "I don't think any man ever suffered any more than I did," continued Mr. Curzio, "and I guess I would still be suffering the same way if I had not gotten hold of this Tanlac. I had rheumatism all over my body, but seemed to be worse in my arms and legs than anywhere else. Sometimes my legs would get so drawn and swollen that I was hardly able to walk, and about half the time I was not able to raise my hands high enough to feed myself. I just had a dull aching pain all the time, and when I went to bed at night I couldn't sleep, for just could not find any position to lie in that I could be comfortable. Sometimes I would spend the whole night in misery and pain and not sleep a wink. In spite of all the treatments and medicine I was taking I just gradually grew worse all the time. "A friend of mine who had been suffering with rheumatism for a long time, told me that he had been taking Tanlac and that it had done him more good than all the rest of the medicine he had ever taken put together. Well, I thought that if it had done him so much good, it ought to help me too, so I commenced taking it right away. Sure enough Tanlac did the work for me, and I am feeling as well and strong now as I ever did in my life. The rheumatism has left me entirely and it is just fine to be able to stretch out in bed and sleep just like a boy all night and wake up and bounce out of bed in the morning just eager for a good hearty breakfast. To tell you the truth, I wouldn't take fifty thousand dollars for the good Tanlac has done me, for it is worth that and more to be rid of all that pain and suffering. I can use my arms and legs as well now as I ever could and all my old time strength has come back to me. I never lose a minute from my work and just feel fine all the time. I am more than glad to pass the good word along to others and I hope many will be benefited by my experience." Tanlac is sold in Omaha by all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.
