

**OMAHA WILL GET BACK MORE THAN GIVEN TO FUND**

Will Receive \$100,000 More From Methodist Centenary Than Is Collected Here.

"Omaha will get \$100,000 more money out of the Methodist Centenary campaign than she is asked to give," said Dr. Clyde Clay Cissell, who is the superintendent of the Omaha district of the Methodist church.

"Through the last few months a great campaign of education and inspiration has been conducted in our churches," Dr. Cissell continued. "We have used a great amount of literature and hundreds of tithing stewards, unit leaders, life decisions and intercessors have been enrolled in Omaha churches."

Beginning May 18 and continuing through to May 25, a great united financial drive will be put on in the Omaha Methodist churches; the work will be done by teams of solicitors under captains and every Methodist will have an opportunity of making a weekly contribution to the centenary program. The local organizations are now being set up in the churches and in a few days the city campaign organization will be completed, headquarters will be opened and the work of the big centenary drive will be on.

Omaha Quota \$140,000. Omaha Methodist churches are asked to give \$140,000 to the Methodist centenary program and in turn the centenary campaign authorities are under promise to give to the work of Methodism in the city \$240,000, which will be paid into the Omaha work in five yearly installments.

Of this amount \$150,000 is to go to the establishment of a great downtown mission and good will institution which will carry on a complete "Americanization" program among the various foreign-speaking populations in the city. The aim in this work will be to make thorough-going American citizens out of these foreign-speaking folks. It may be that branches of this good-will institution will be established in several parts of the city. Plans are being perfected to open up this work in the very near future and a branch of the work will look after reconstruction work among disabled soldiers, the government helping with certain kinds of machinery to enable these crippled soldiers to learn productive trades.

Sixty thousand dollars will be given to Omaha Methodism for church buildings that are now under way, or soon to be, while \$30,000 or more will be set aside for the salaries of trained woman workers and pastors among foreign-speaking population.

Gruenther, county chairman, saying: "My home town, Platte Center, went over the top today in three hours. Are we first?" "Platte Center holds records in all previous loans in this locality. This was the easiest loan of all to put over."
