

PLEBISCITE ON PEACE TERMS IS PLAN OF ENEMY

Refusal to Accept Treaty Is Expected If Negotiations On Terms Is Denied By Allied Mission.

Berlin, April 22.—(By The Associated Press.)—Appurtenances for an election are all in readiness for an immediate plebiscite on the peace terms, according to information obtained from sources close to the government.

Preparations have been going on secretly for several days, it is declared, and if the terms are published one morning the referendum can be taken the next day and the answer can go to the entente 48 hours later. It is asserted that the only probable chance of an affirmative answer would be in case there is an agreement to negotiate details of the terms. Thus, if an indemnity is fixed, Germany cannot hope to dispute the total but must be allowed to send experts to discuss ways and means of payment, it is said.

It is declared that the cabinet wishes to avoid the responsibility of either refusing or accepting the terms.

Therefore, a plebiscite is almost certain. It is believed that the result will be a refusal to accept the peace terms because the people will overlook the consequences of such an act—the maintenance of the blockade, the stoppage of food importations and the accompanying evils which may be expected—in view of their reluctance to sanction harsh terms. It is asserted that an agreement to negotiate the details of the treaty is absolutely the only basis upon which Germany in her present mood will vote in the affirmative.

State Honors Arbor Day Instituted By Nebraskan

Nearly All States in the Union Follow "Nebraska's Own Holiday" First Called by J. Sterling Morton in 1872—Banks and Public Buildings Closed.

Yesterday was Arbor day, set aside as a legal holiday by act of the Nebraska legislature. It was "Nebraska's own holiday," because it was instituted by J. Sterling Morton, Nebraska pioneer and at one time United States secretary of agriculture.

Mr. Morton's home in Nebraska City was called Arbor Lodge. In 1872 the custom of planting trees and shrubs on a certain designated day of the year was instituted, principally through the efforts of Mr. Morton.

Other states followed until now nearly all the states have Arbor days. The date varies in different states but most of them observe some definite day in the latter part of April or early part of May. In some states it is a legal holiday and in others it is not.

All banks, the court house, city hall, federal building and public library were closed. In the afternoon the railroad offices were closed.

The school children had special exercises. Teachers read and related stories of the life of J. Sterling Morton and the children planted trees and bushes in the school yards.

The Miller Park Mothers' club followed its annual custom of planting a tree in the yard of the Miller Park school.

Nurserymen say that a considerable number of trees and bushes are

being set out this spring. The ground, moistened by plenty of rain, is in excellent condition for arboriculture and the promise of a wet spring and summer makes this a favorable year to get the young trees started.

The day was overshadowed, however, by the Victory Liberty loan activities. The fact that it was a holiday brought out the workers for the loan in bigger numbers than ever.

"The day was instituted," District Judge Day pointed out, "when Nebraska was just emerging from the 'great American desert' idea. The plains of our state were absolutely treeless. All that has been changed, largely as a result of Arbor day. Today you can't look far across those plains without seeing luxuriant groves of trees. They line the banks of all the streams. They are very largely responsible for our wonderful climate and bountiful crops."

"We have plenty of trees now. In fact, I had to cut down two big ones on my own property this spring."

Victory Liberty Loan Advertisement No. 23

His Bunkie

THE POPPIES ARE BLOOMING OVER 50,000 AMERICAN GRAVES IN FRANCE.

We cannot bring back those brave men, "gone west."

But we can save from disgrace the Land for which they died.

We can help pay our war debts and thus save our country's honor.

That is the reason for the Victory Loan.

Those Americans must not have died in vain.

They died to uphold the nation's honor.

We must help pay our country's debts and maintain our national integrity.

A YEAR AGO NO ONE DREAMED THE WAR COULD END BEFORE THE FALL OF 1919

But America buckled down to work and beat her own expectations.

An army of 7,000,000 men was planned—money was appropriated for a storm-cloud of aeroplanes—factories built to turn out tons of poison gas, and a bridge of ships to span the Atlantic was contracted for.

As a result Germany was forced to capitulate. Her spies told her further resistance was hopeless.

Our unparalleled flood of money saved at least 200,000 lives, 500,000 wounded and \$30,000,000,000, which would have been lost in another year of fighting—according to the official statistics of the War Department.

The money spent in scaring Germany to quit is the money we must raise in the Victory Liberty Loan.

We've had value received.

Now let's pay our bills.
