

### SEVERE TEST SHOWS HOW TO SAVE SHOES

"A molder in our foundry wore a pair of shoes with Neolin Soles every day for ten months and two weeks—both in the foundry, and to and from his work—and they are just worn out." The Sessions Foundry Company of Bristol, Connecticut, makes this report on a pair of Neolin-soled molders' shoes given them for test.

Neolin Soles have none of the shortcomings of other soles. They do not burn or crack under conditions such as these—nor do they wear out quickly under the grind of abrasive materials. They are made by Science to be especially tough and durable, will stand the roughest kind of usage and so wear longer and save money. Moreover, they are comfortable and waterproof.

You can get them on new shoes in many styles for men, women and children—or as re-soles. They are manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

### MAKES PLEA FOR UNSELFISHNESS IN PATRIOTISM

Judge Hoagland Addresses Civil War Veterans; Says Greed Is Essence of Socialism.

Before a representative audience of more than 150 Civil War veterans, members of the G. A. R. and the ladies of their allied organizations, Judge J. S. Hoagland of North Platte, commander of the department of Nebraska G. A. R., made an impassioned plea for a patriotism untinged by selfishness and comprehending more than a mere desire for glory and gain. The meeting was held Thursday evening in the G. A. R. rooms at the courthouse.

The commander-in-chief of the G. A. R., C. E. Adams, of this city also was present and delivered an address.

"The blood of our bravest was shed on the soil of France and Flanders," said Judge Hoagland. "It was due to their individuality and their initiative, fostered by the free institutions of this country, that the victory was now ours. The institutions and the ideals which produced these heroes are now endangered by the new cult of socialization and bolshevism. Greediness is the essence of the new movement and to combat it we must summon all our strength."

**Women Prove Worthy.** "Again, as in the Civil war, women have proven themselves more than worthy of any rights which the state may bestow upon them. With breaking hearts but with smiling faces they sent us off to do our duty and when we returned, broken and shattered by the horrors and cruelties of war, they ministered to us and brought us back to health. The franchise should be given them."

"Had we asked for an unconditional surrender from Germany we would not now find ourselves in our present predicament," said C. E. Adams. "Had we done so there would have been no need for haggling and bargaining at the peace conference for those things which are ours by right."

"We can't say as did Grant, 'Let us have peace,' but we must continue on our uncertain course. Greatest Factor.

"If President Wilson had conferred with the men who had fought and had been willing to sacrifice their all in the sacred cause of humanity he would be assured of success at the present time."

"The organizations of allied soldiers being formed in all countries will be the greatest single factor in bringing peace to the war-weary world."

"These organizations will prove superior to the league of nations in maintaining peace," said the speaker at the close of his address.

A vocal solo was rendered by Miss Violet Johnson while Miss Gertrude Thiem gave a violin solo. Mrs. John W. Adams also entertained the audience with character reading.

### Is Stock Dividend Income? Is Question Now Up Before Court

Whether or not a stock dividend is income is a question which the district court will be asked to decide in a suit filed today by John T. Emerson against the First Trust company of Omaha.

Mr. Emerson sets forth that his mother, who died March 1, 1918, bequeathed him the income on 75 shares of stock in Swift & Co., the stock to be held in trust by the First Trust company. On July 15, 1918, he says, Swift & Co. declared a stock dividend, his share amounting to 19 shares of stock.

Across the face of this stock given free to stockholders is stamped the word "dividend," he says. He holds, therefore, that this is part of the "income" of his 75 shares of stock and should be turned over to him. The trust company holds that these 19 shares constitute an addition to the "principal" and therefore should continue to be held in trust, to be received only the dividends thereon.

### Young Hair On Old Heads

is proof that its owner has been clean and free from dandruff and dust that clogs and closes the tiny oil glands on which the hair depends for life and vigor.

### QUINEGG Shampoo

is far superior to any soap for washing the hair and scalp and preventing baldness. Thorough rinsing in clear water removes not only every particle of dirt or scale but also every trace of lather. Try it once and use it always. Large bottle only 50c. Vossburgh—Chicago.

If your own druggist does not have Quinegg Shampoo, you will find it in sale and recommended by Sherman & McClelland, 1215 S. W. 3rd, Boston Drug Co. and Merritt Drug Co.

### FLASHES from FILMLAND PHOTO-PLAY OFFERINGS FOR TODAY.

**ENID BENNETT** in "Partners Three," at the Strand today and tomorrow has a western photodrama that brings to Miss Bennett one of her first really strong dramatic roles. It tells the story of a girl who longs to be removed from the distasteful life of a cabaret dancer and who accepts a westerner's proposal of marriage as her salvation, only to discover, too late, that the man with whom she has linked her life is a drunkard and a coward. She is first seen in a mental struggle, trying to maintain her ideas amid surroundings of depravity; later she appears in a fight against nature, lost on a desert where she is confronted by an immensity of space, the poison of reptiles, the lack of water; and still later she must battle against society, trying to uphold the cause of charity in the face of false ideals of propriety.

"Our of the Fog," starring Alla Nazimova at the Rialto, will be continued again today and tomorrow. The drama, which is a strong story of the sea taken from the book, "Ception Shoals," was made at a well-known lighthouse in Maine, during the time that the United States was still at war. Special permission of government authorities was necessary in order to be able to use a camera along the coast.

William Farnum in "The Man Hunter," which is being shown at the Muse today and Saturday, begins with Farnum as a care-free man of wealth in London. He loses his fortune through a trick of an alleged friend who sells him oil stocks which he knows to be worthless at that time. Mr. Farnum, as George Arnold, follows this man across the sea and part of the way back before he satisfies the deep hatred that rankles in his heart; and besides being physically revenged, he wins the hand of the wealthy girl whom his false friend desired in marriage.

A whole town is built and then burned up in Dorothy Dalton's new story, "The Lady of Red Butte."

Harold Goodwin, a boy actor, who has received fine press notices everywhere for his remarkable support of Lila Lee in "Puppy Love," is a protege of Thomas H. Ince, and for some time has been under

### USE NINE CARS TO CARRY GREAT FLYING CIRCUS

Train Will Arrive Here Monday Morning; 17 Machines and 75 Men Make Up Party.

The advance courier of the flying circus, Lieut. D. R. Phillips, was in Omaha Thursday preparing the way for the coming of the big organization which is touring the country in the interests of the Victory Liberty loan.

The circus will be held Monday, April 28, and will exhibit at Ak-Sar-Ben flying field—the old fair grounds—at 1:30 p. m. on that day.

Lieutenant Phillips visited the grounds Thursday, accompanied by Frank Selby, chairman of the "stunts" committee of Victory Liberty loan, and Walter W. Hoye, in charge of the circus for the committee. They looked over the Ak-Sar-Ben field and also the field used in September when the international flying circus was here—the field opposite the peony farm on West Dodge road. He decided in favor of the Ak-Sar-Ben grounds.

The circus travels with nine baggage cars and carries 17 airplanes of four types—the American Curtiss, the famous French Spad, the English S. E. 5 and five German Fokkers, captured machines.

Eleven of the "ships" are used in the circus.

There are four "aces" in the personnel of the party, which has 75 men, 50 mechanics and 25 pilots. The "aces" have to their credit the bringing down of 75 German airplanes. The men are Major Edgar G. Tobin, flight commander, American, who brought down six German ships; Capt. William P. Erwin, American, with 11 German machines as his record; Capt. Thomas Trail, British flyer, who brought down six Germans; and Capt. Andrew B. Proctor, who destroyed 54 German airplanes.

### Grocers Protest Against Preferential Car Service

Chicago, April 24.—Resolutions protesting against preferential car service to the packing industry were adopted at the closing session last night of the Iowa and Nebraska Wholesale Grocers' association. John Melthrop of Council Bluffs, Ia., was re-elected secretary.

### HOW-TO-GROW BEETS

Garden beets may be grown in any good soil, but thrive best on rich, sandy loam. The seed can be sown about the time the last frosts are due, and the young beets will be ready for use in four to six weeks. The seed should be sown in a drill with about eight or ten seed balls to the foot.

It should be borne in mind that each seed ball contains from three to six seeds, and that the beets will require considerable thinning. The young beets that are pulled in thinning may be used as greens during the early spring. Where the beets are to be given hand cultivation entirely, the rows may be placed as closely as 12 to 14 inches apart and the plants should be thinned to two to three inches in the row.

A late planting of beets may be made in June, or as late as August in some localities, for fall use and for storage.—United States Department of Agriculture.

### JAPANESE WAR PARTY YIELDS TO LIBERALS VIEW

Official Advice to Washington Indicate Nipponese Sentiment in Favor of Recognizing Omsk Government.

Washington, April 24.—Official advices received here yesterday said the war party in the Japanese cabinet had yielded to the liberals in the Siberian policy and Foreign Minister Count Uchida now would direct the handling of the situation. This development, it is said, marks the passing of the most serious crisis that has been faced by Premier Hara's cabinet.

One result expected is recognition of the Omsk government as the defacto government of all non-bolshevik Russia by Japan at the same time this recognition is accorded by the United States, Great Britain, France and Italy which is looked for soon after the adjournment of the peace conference at Paris.

### Surprise for Children Promised On Last Day Of Babies' Health Week

A mysterious something is to happen Saturday afternoon, the last day of the Free Children's Health week, when all children are to be registered at the Girls' Community house. Dr. Kathleen Sullivan, one of the committee in charge, has been questioned by any number of anxious kiddies, but remains obdurate.

"It's something just for children, and none of them can afford to miss it," is all she will say.

So youthful Omaha must remain in suspense till the time comes. Friday is Council Bluffs day at the health meetings, and a large number of Iowans are expected to attend the afternoon meeting.
