REAVIS BACKS PRESIDENT ON ITALIAN STAND

Says There Should Be No Backing Down on Part of Wilson; Will Ask Extra Session.

Lincoln, April 26.—(Special.)—Congressman C. F. Reavis appears to be in full accord with the stand of President Wilson on the Italian controversy. The congressman was here Friday and says that he thoroughly approves the stand the president is taking in dealing with Italian demands and there should be no backing down on the part of the president.

Mr. Reavis expects to return to Washington a week before congress meets and hopes to impress upon the conference of republican members who accept or reject suggestions as to the members of the steering committee that all sections of the country be represented. He expects all six votes from Nebraska to be against any action of the committee that would be in opposition to such representation.

Congressman Reavis believes that a mistake was made in not reconvening congress on the 5th of March. From December to March 4 is not sufficient time for congress to consider appropriation bills and

he will introduce a bill which will cover the reconvening of congress for that purpose. He believes that that body could work better with the proceedings of the hearings fresh in mind rather than wait until along in the summer before taking them up again.

PHONE COMPANY ASKS EXTENSION OF WAR CHARGES

Lincoln Firm Alleges That Extra Expense Has Caused Them to Operate at Loss During Past Six Months.

Lincoln, April 26.—Application of Missouri authorities for the return to St. Joseph of S. Margulitz, an Omaha traveling jewelry salesman, was heard before Acting Governor P. A. Barrows Saturday in the executive offices.

The charge was brought by Joseph Helten, a St. Joseph pawnbroker, that the Omaha man had purchased some jewelry from him for sale to other parties and had failed to return the jewelry or the money for the same.

The Omaha man insisted that he had not bought any jewelry of Helten, but acknowledged that he did owe him \$40 because of another transaction. He had several times offered to pay him the \$40, but Helten had insisted that he owed him \$85.

The hearing was continued until Monday morning at 9 o'clock.

Celebrate Golden Wedding.

Table Rock, Neb., April 26.—(Special.)—Mr. and Mrs. John Clema of Steinauer recently celebrated their golden wedding. They were married at Nebraska City in 1869 and came to Pawnee county, among the early pioneers of the county.

GENEVA SETS ITS ACTIVITIES ON OLD SCHEDULE

Clocks Run by Saving Plan, But Noon Will Come at 1 o'clock in Fillmore County Seat.

Geneva, Neb., April 26.—(Special.)—Public schools here will adopt a change of hours for opening and dismissing, conforming with a request presented to the board of education by action of the Community club. Next Monday morning school will be called at 10 o'clock, instead of 9, and will close at 1 o'clock to reassemble at 2:15. The afternoon session will end at 5 o'clock. Business houses will open in the morning one hour later than has been the custom, the clocks meanwhile continuing to run in accordance with government standard time.

The people of Fairmont will turn clocks back one hour, beginning Sunday at 12:01 a. m.

Wait for the New Hudson Super-Six Here Soon—Price \$1975

Prompt Deliveries Assured Early Buyers—It is a Perfected Development of the Car You Know So Well

A new Hudson Super-Six is coming. It reveals how four years' experience with 60,000 cars has enabled Hudson engineers to free it from many of the annoyances regarded as inevitable to all cars. It embodies the qualities which men said would make it the greatest car known.

It Is Worth Waiting For

Production on large scale is now under way.

Dealers will have their demonstrating cars within a few days.

You must not fail to see the new Hudson Super-Six.

Think of the history of earlier models. They have made a place in every branch of motor car use that has not been matched.

The first Hudson Super-Six, four years ago, increased motor power by 72% without added weight. It retained all the simplicity of the six. It minimized vibration.

Proved In A Thousand Ways

You remember how endurance was proved. Nothing to equal Hudson Super-Six records of performance had ever been known. Most of those stand today as achievements that no other car has been able to match.

But one thing those feats did, you perhaps do not know. They showed ways for development of subsequent models that find their expression in the new car soon to be offered.

Such a car could not possibly have come from any other organization. It takes years of experience to learn and develop the qualities we now offer.

The same engineers responsible for the first Super-Six have watched it in its service for 60,000 users and now offer the new Super-Six as the expression of their greater knowledge.

Isn't such a car worth waiting for?

Watch the papers for the arrival of the new Super-Six, then go see it.

The New Price Is \$1975

Hudson production will be twice as large this year as last. Because of that the new price for the 7-passenger phaeton will be \$1975.

Without the experience we now have such a car would have been impossible at an earlier time, regardless of the price at which it sold.

Still, as you know, the Super-Six has always been one of the world's finest cars. You hear that on all sides. It has led all other fine cars in sales.

There have never been enough to equal the demand. A like condition must surely obtain this year.

But those who buy early will get early delivery. They have the records of every Hudson Super-Six as an assurance of its value.

If you are on the point of buying a new car, go or telephone to your Hudson dealer. Perhaps he can tell you when you may see the new Hudson Super-Six.
