WHEN AMERICA IS BOLSHEVIKIZED. THE Doodledinks had another battle in their cozy little army in Doodledink. Joe Doodledink is one of the finest comrades that ever dodged the draft.

Six more legislators have made it illegal to manufacture, sell or advertise soap within three miles of a lamp post, Ford or Homes for Aged Bolsheviki.

While teething on a hand grenade, the Whizzlegoops' infant son snapped at the fuse and blew himself into a jig-saw puzzle.

The last bath tub was thrown into the Great Lakes today with impressive ceremonies. This menace to bolshevism has been effectively flattened.

The Dippburg grand jury disagreed with the prisoner yesterday and the resultant explosion ruined a perfectly good highway jury box.

Four more barbers gave themselves up to justice today. Rodin's statue of "The Thinker" has been prohibited in all schools as a bad example to budding bolshevists.

"Epluribus unum" has been switched to "E Loafibus Bummum" or "United We Loaf." Two suspiciously clean strangers were observed in Missouri last week and are under the surveillance of the local bolshevik board of health.

The board of education remarks on the alarming increase of literacy among young bolshevists. A ruling was passed compelling all kindergarten pupils to forge their checks in red ink.

The workmen's council was dissolved because there was a working man in it. He has been placed in quarantine. The present issue of the paper money has been called in to enable the government to print whiskers on the portraits of Washington, Franklin and Cleveland.

Latest reports from Washington show that the treasury contains enough bombs to supply four national elections. A collection of hammers, picks, shovels and other weapons of work has been donated to the government and is on view at the Museum of Labor.

Declaring the charges upon which he was arrested and confined in France a "frame-up," Guy Buckles, the old Omaha middleweight boxer, has returned to America and was present at the Jack Dempsey athletic carnival last Thursday night.

The Green room of Jerry's cafe at Twenty-fourth and Farnam street has been reserved by the Omaha Motorcycle club for the evening of Tuesday, May 6. A large banquet will be held. Plates will be laid for 150 guests.

The wrestling promoter of Manning, Ia., wants Jess Queen to meet Jud Miller in a finish match there on May 15. It is likely that the match will be arranged today.

A number of notables of the sporting world were present when Dempsey and his athletic troupe showed here. Quite a crowd of wrestlers, boxers, managers and promoters were here to see Dempsey's exhibitions.

The little St. Louis bantamweight, Kid Ragan, sprung a surprise on Pete Herman last Friday night, leading the milling at all times and winning the newspaper men's decision by the proverbial mile.

The Jack Dempsey Athletic Carnival played at Des Moines last Saturday night and the fans of the Iowa city were almost as badly disappointed as the Omaha fans were. It had been advertised that Dempsey would box six rounds in Des Moines and instead of that, Jack boxed three tame rounds with Denver Jack

BENNY LEONARD STOPS RITCHEE IN EIGHTH ROUND

Referee Stops Battle, With Coast Boy on Ropes, 40 Seconds Before Bell in Final Round of Bout.

Newark, N. J., April 28.—Willie Ritchie of San Francisco was saved by the referee from a knockout at the hands of Benny Leonard, lightweight champion, 40 seconds before the end of the eighth and final round of a bout here tonight.

Leonard had the better of every round with the exception of the third, in which Ritchie sent effective right-hand blows to the body, but went to his corner himself with nose bleeding from a hard right. Ritchie tried to carry the fighting to his opponent, but when he let up Leonard kept right after him, giving him no rest.

Leonard sent Ritchie down for a count of nine in the second with a right upper cut. Three seconds after he rose the bell rang ending the round.

In the fourth Leonard landed several hard lefts and Ritchie appeared all in but came back in the fifth, trying to force the pace. Leonard took the aggressive in the sixth and staggered his opponent in the seventh, when he landed a right to the stomach followed by a right cross to the jaw.

Ritchie fought gamely throughout the contest, which was fast all the way. Leonard floored him in the second round and punished him severely in the seventh. The referee had agreed to weigh in at 3 o'clock at 142 pound, but Ritchie weighed 138 1/2 pounds and Leonard 136. Each was probably a pound heavier at ring time.

PROFESSIONALS SHOOT BETTER THAN AMATEURS

Three Paid Traps Get One More Clay Bird Than Three. Best of Simon Pure Scattergun Shots.

A number of professional trap gun stars took in the M. I. N. K. S. shoot at the Omaha Gun club's grounds yesterday afternoon and three of them broke one more blue rock apiece than the three best amateur shooters.

The nine highest scores among the amateurs are as follows: John D. Clay of Houston, Texas, 195; C. M. Jones of Omaha, 195; C. C. Tapan of Hoagland, Neb., 195; C. B. Adams of Douglas, Wyo., 194; Joe Gutzman of Columbus, Neb., 194; Wagoner of Dyer, Neb., 194; Ray Kingsley of Omaha, 193; O. Hansen of Fremont, Neb., 193; and F. J. Cairnes of Tampa, Fla., 193. Seventh place in the day's shooting was the best that Ray Kingsley could do, which rather surprised the local fans.

Ray Kingsley was also off his stride and only broke 191. The shoot will be continued today. The scores yesterday were:

Kunkle, J. A., 191; Midway, R. J., 191; Alderman, L. E., 186; Barnes, B. W., 180; Hahn, W. E., 179; Jones, M. I., 178; Broadfield, J. H., 174; Brockbridge, E. W., 170; Hess, R. Itching, Scratching Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results. For real, downright, harassing, discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes, and other treatment applied externally to the irritated parts.

Zbyszko Pins Lewis, Two Hours, Fourteen Minutes, Nine Seconds

Chicago, April 28.—Wladek Zbyszko, the Pole, defeated Ed (Strangler) Lewis of Kentucky for the second time in two months in a finish wrestling match here tonight. Zbyszko pinned Lewis down after two hours, 14 minutes and nine seconds with a side-roll and a body scissors.

Lewis was the aggressor throughout the match and got five head locks on his opponent. One of them he held for two minutes and 40 seconds.

The fall came when Lewis leaped several feet across the mat in an effort to clamp the Pole's head again. Zbyszko ducked, however, and the men went into a side roll, which ended in Zbyszko downing Lewis with a body scissors. It was agreed that one fall should decide the match if none was obtained in the first two hours.

Zbyszko is claiming the world's heavyweight wrestling title and it was said a match between him and Earl Caddock probably would be held in July or as soon as Caddock returns from France, where he is with the American expeditionary force.

GMC TRUCKS. Truck Talk No. 1. Springs.

AS an example of the durable construction of GMC Trucks, consider the construction of one of their vital parts—the springs.

Larger, broader, more substantial than most others; amply strong to carry the rated load with absolute safety.

Built of highest grade tested steel; leaves ground and polished to reduce friction. Held in place by a positive triple anchorage—no center bolt or holes to weaken the leaves or to prevent proper spring action.

Spring clips of highest grade chrome nickel steel—heat treated. Will not stretch—do not bend.

Leaves thoroughly lubricated as assembled—the grease reservoirs at the end of each leaf filled—in use the grease works from the reservoirs—runs between the leaves, prevents them from becoming dry, squeaking and inviting breakage.

And the spring construction is not an exception—it merely indicates the thorough, common-sense construction of all GMC parts—gives a conception of what may be expected from the complete truck—every part of which is the equal of the SPRINGS in materials and workmanship.
