"Two Orphans" By Community Players Pleases Big Crowd

"The Two Orphans" was presented to a large and well-satisfied audience last evening at the Brandeis theater by the Community Players, under direction of Mrs. W. R. McLaughlin, for the benefit of the fatherless children of France.

Miss Adelaide Fogg and Miss Esther Wilhelm, as Louise and Henriette, the two orphans, deserve high praise for the artistry of their work. Miss Fogg, in the difficult role of Louise, the blind sister, left the ranks of amateurs in point of skill and dramatic ability. Miss Wilhelm possessed unusual charm and sincerity in the role of sister. Mrs. F. L. Prawl as the countess, and Mrs. McLaughlin as LaFrochard brought professional experience to their important impersonations.

Paul Duffy gave strength to the cast with his sympathetic interpretation of the cripple. Thomas E. Mills, outwitted in his cruel, while Hart Jenks, Lee Atchison, John Shanahan and Frank Parsons deserve special mention for the excellence of their work, likewise Miss Sophia Weinstein and Miss Minna Stedinger. Miss Renee Prawl, Mrs. Anson Bieglow, Arthur Burnham, Herbert Sohm and Louis Knettle rounded out a creditable cast.

Lt. W. S. Taylor with six men from Fort Crook gave finish to the military scenes. Careful attention to detail was proven in the good costuming and attractive scenery especially painted for the occasion. Dean Tancock of the Episcopal church spoke briefly between acts and Mrs. Alanson I. Root sang "The Fatherless Children of France."

Demonstrations Keep Police Busy in Chicago

Chicago, May 1.—A score of arrests were made in the May day demonstrations of radicals in Chicago today. An all-day rain and police activity had the effect of quenching any revolutionary fires that may have been struggling for expression. The day's developments were as follows:

Mounted policemen charged and dispersed a crowd of socialists who attempted to march to a hall. They were allowed to hold a meeting. Two policemen were attacked by members of a crowd outside a hall where radicals were holding a meeting and a near riot resulted. Sixteen men and one woman were arrested.

Red flags appeared on two elevated railway stations, on flagstaves in two parks and on a technical college building. They were removed.

Hand bills printed in red ink and bearing among other inscriptions, the words, "Walk today, fellow workers, under the red flag of revolution," appeared in small numbers in several sections of the city.

Philip J. Barry, chief of the local bureau of investigation of the Department of Justice, received a letter signed "committee of the bolshevik party," threatening "you will get the same as the Russian czar." Mr. Barry did not take it seriously.

Officials of the newly formed labor party called a meeting and issued a statement that an attempt to discredit labor and radicalism had been made, and the recently discovered plot to kill government officials and prominent citizens by bombs sent through the mails was "a plant by hirelings of Wall street."

Federal Officials Gather Evidence on Demonstrations

Washington, May 1.—Evidence on the series of May day demonstrations by radicals throughout the country today was gathered by Department of Justice officials in each locality, and reports will be forwarded to the department here within a few days. The only report which had reached here tonight came from Cleveland.

So long as speakers do not advocate forcible overthrow of existing government as a means toward revolution, federal authorities will take no action, it was stated. Riots and other disorders in connection with the meetings are entirely questions for local authorities, it was explained.

Four Policemen Wounded In May Day Riot in Boston

Boston, May 1.—The Dudley street section of Roxbury district was the scene of a riot today when 300 policemen, aided by soldiers, sailors and civilians, fought with a crowd of several hundred radicals who attempted to parade without a permit after a May day meeting. Three policemen and a civilian were shot, another officer was stabbed, and a number of radicals were badly beaten. Two men who were arrested, are in a hospital and others were treated by physicians before being placed in cells. Early tonight 112 arrests had been made.

N. Y. POLICE WIN IN BATTLE WITH 1,500 SOLDIERS

Canadian leader of the crowd and an American soldier, pursued them on horseback into the main entrance of the Hotel Latham, where the American was felled by a blow from a night stick. The Canadian escaped through the barroom. The police became more enthusiastic in their work after they had been pelted with a shower of bricks.

An American soldier wounded in France and on sick leave from a hospital in this city, was knocked down and trampled on by a contingent of mounted police, who charged the crowd as he was walking off. He was unconscious when carried away in an ambulance.

While the police and service men were battling in the rain outside the Mooney meeting was proceeding. Soldiers and sailors in this city broke up several meetings at which ultra-liberal sentiments were expressed and also raided the offices of the Call, a socialist labor newspaper. They made no attempt to wreck the publishing plant, but destroyed a large quantity of the paper.

A small army of service men tried persistently tonight to break up a meeting at Madison Square garden, but were beaten off by 1,500 patrolmen, mobilized around the building. Scores of men in uniform were beaten with night sticks.

Fickert Declares He Will Keep Up War Against Reds

San Francisco, May 1.—District Attorney Charles Fickert, to whom one of two bombs received here by mail was addressed, announced in a statement tonight that he had intended to quit office at the end of his present term, but that he was going to run again "to notify the anarchists and 'reds' throughout the country that I am not going to quit on them."

"My life has been threatened many times and my health has become undermined," Fickert said. "However, I wish to notify this murderous, villainous crowd that I am not going to quit as long as I exist."

It developed today that Fickert's three small children are being taken to and from school by a police escort because of the fear that they might be kidnaped by terrorists. His home has been guarded by a police detail for months.

Large Crowd Heard Annual Plymouth Church Recital

A large audience enjoyed the annual recital at Plymouth church Thursday night, given by Miss Blanche Bolln, director of Plymouth choir, and Einar Anderson, organist, assisted by Miss Isabelle Radman, violinist, and Miss Alma Bolln at the piano.

Mr. Anderson presented seven well selected numbers, and by his exceptionally capable interpretation developed the full musical possibilities of the fine Plymouth organ. Ten songs were offered by Miss Bolln and the audience asked for more. Miss Bolln not only has a voice of great richness and clearness of tone, but fine interpretative ability. Two of the numbers, "Ave Maria," Gounod, and "By the Waters of Minnetonka," were sung with violin obligato.

Detroit Police Break Up Parade of Radicals

Detroit, Mich., May 1.—May day was marked in Detroit by strikes in nearly a score of factories, upwards of 3,000 workers joining an undetermined number who failed to report for work. In all cases the strikers have been demanding increased wages.

ghastly in the driving rain, with rusty captured German guns of all calibre pointed toward the heavens. Here and there was a machine gun, inconspicuously placed between the captured enemy material, and looking strangely new.

Business at Standstill.

The cessation of work in accordance with the plan for the 24-hour shut-down, was virtually complete. No wheel turned on any of the transportation systems and taxicabs and omnibuses kept off the streets. All restaurants and cafes were closed and guests in the hotels went hungry if they had not supplied themselves with food before hand.

Theaters, music halls and other resorts did not open. No newspapers were published and periodic stoppages occurred in the postal and wire service.

The eating problem was serious, as nearly 750,000 persons here customarily take their meals in eating houses. Some of the hosteleries sent food for the day to the guests' rooms last night.

Irish Works Idle.

London, May 1.—All Irish workers except those in the northern parts of the island have ceased work today. The railroads, newspapers, factories, shops and other industries are closed down in compliance with the transport workers union's order.

Officials Search for More Bomb Parcels at Sioux City

Chicago, Ill., May 1.—Search for the additional bombs was made in Chicago today upon information from officials in New York that parcels believed to contain infernal devices were mailed from New York April 29. The New York advices said the parcels were addressed to points in Utah.

Postal authorities planned to get in touch with officials at Sioux City, Ia., and Ogden, Utah, where it was believed, search of mails would reveal the parcels. It was thought that one of the packages probably was sent to Frank K. Nebeker, of Salt Lake City, who was chief prosecutor in the case of the 100 members of the I. W. W. convicted before Federal Judge Landis.

No Bombs Held at West Coast Points Says P. O. Inspector

San Francisco, Cal., May 1.—No bombs are being held by Pacific coast postoffices, contrary to reports from New York last night that 14 bombs were received at coast postoffices, Stephen H. Morse, post-office inspector in charge here, said today.

"If the bombs were being held, I certainly would have been notified by the Postoffice department at Washington and the various postoffices concerned," Morse said. "It may be possible that 14 of the bombs seized in New York were addressed to Pacific coast points."

Mackay's Request Refused by Postmaster General

Washington, May 1.—Postmaster General Burleson today refused to consider the request of Clarence H. Mackay for the immediate return of the Postal Telegraph lines to private ownership.

Gompers' Condition Good.

New York, May 1.—Tonight's bulletin from the bedside of Samuel Gompers, president of the American Federation of Labor, who was injured Sunday when a surface car collided with a taxicab in which he was riding, announced his condition was satisfactory.

AUDITORS OF SOCIALIST ALL WEARING RED

ical and industrial prisoners. I demand that this freedom be granted them without delay."

Big crowds gathered during the evening outside the Swedish auditorium, Sixteenth and Chicago streets; at socialist headquarters, Twenty-first and Cuming streets and at the dingy hall of the I. W. W., 104 North Thirteenth street.

But large, thick policemen were at all three places and determined-looking plain clothes men "circulated" through the crowds and there were no bolshevistic outbursts. Chief of Police Eberstein was "on the job" in person all evening. He went from place to place in an automobile.

"There'll be no I. W. W. or socialist meetings," he said. "I shall carry out Mayor Smith's instructions to the letter. Plenty of policemen are stationed at every place where there is any likelihood of an attempt to hold a meeting."

Couldn't Get Support.

"How many men have you out?" "I can get about 400 if I need them," said the chief.

"From Fort Omaha?" "Well, there was a militia man in my office this afternoon and that is the subject we talked about," said the chief.

About 1,000 people were gathered outside the Swedish auditorium early in the evening. Eight blue-coats mounted guard in front of the building and detectives were sprinkled through the crowd.

A big, roughly-dressed man nearly got himself arrested when he walked up to the door and tried to enter. Sergeant Wentz stopped him. They had some words of dispute but the fellow finally obeyed the officer's injunction to move and move rapidly.

A small panic started in the drug store at the corner adjoining the Swedish auditorium when a tank of carbon gas at the soda fountain sprung a "blow-out" with a loud report. Twenty people were in the store at the time. There were screams and a wild plunge for the door.

"It's a bomb!" somebody yelled. At the socialist hall, Twenty-first and Cuming streets, an attempt was also made to hold a meeting. But there were many officers there, too. No sooner had the hall been opened than the socialists were informed that no meeting would be held.

Kapinski Protests.

George Kapinski, secretary of the state socialist organization, protested that Mayor Smith had told him they could hold a meeting. Some of those present began to talk violence, but when threatened with a swift trip to the city "calaboose," this talk stopped.

Several hundred people were gathered in front of the hall. But this place was closed early in the evening and the socialists dispersed.

"We are going to sue Mayor Smith for the rent of the hall," said Mr. Kapinski. "This was a different proposition from the Swedish auditorium. This is our own hall, where we hold regular meetings. Neither Mayor Smith nor Chief Eberstein nor anyone else has the right to stop us from holding a meeting. It is unconstitutional and un-American. The mayor should have placed plain clothes men in the audience and permitted us to hold the meeting. Then if we started anything objectionable they could have arrested us."

The "proletariat" gathered at I. W. W. hall, 104 North Thirteenth street, rear of the Aetna hotel, numbered only a few dozen dejected-looking people, including several women.

TRUCE SOUGHT BY HUNGARIANS IN HOSTILITIES

Territorial Grants Offered to Roumania and Jugoslavia by Communists at Budapest.

Berlin, May 1.—(By Associated Press).—The Hungarian government has been overthrown, according to Vienna reports published in the Berlin newspapers. The Hungarian foreign war and food commissaries have arrived at Vienna with their families.

London, May 1.—The Hungarian communist government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested an immediate cessation of hostilities.

The Hungarian war office statement of April 30 says that the Franco-Serbian, Rumanian and Czechoslovak forces continued their advance on Budapest, the Rumanian capturing Mezo-Tur, 80 miles southeast of Budapest.

The Hungarian government also has asked the Jugo-Slav government for a cessation of hostilities, offering territorial concessions.

The military statement says that on Tuesday the Serbians and French captured Hodomezo-Vasarhely, while the Rumanians also occupied Szentes and Kun-Szent-Marton, south of Mezo-Tur.

The Czechs attacked with strong forces, it is added, against Czap and Satoalra-Ujhely, northeast of Miskolc, and also in the Hernad and upper Sajó valleys. The Hungarians retired from Chara.

Out of Town Man Said to Have Lost \$1,000 at Poker

Reports that there was a vague action and too credible for doubt came to the police department yesterday to the effect that a stranger was fleeced out of \$1,000 in an all-night poker game at a Bluffs hotel Wednesday night. It was also said that Bluffs men got the money. The out-of-town man made considerable of a roar in the early dawn of yesterday morning, but got out of town on an early train.
