Easy Way to Remove Freckles and Blotches

Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions or fine lines. In such cases if one will procure an ounce of ordinary mercolized wax at any drug store, apply a little of it before retiring, like cold cream, she can easily overcome the trouble. When the wax is washed off next morning, minute flaky skin particles come with it. The entire outer cuticle is removed in this way in a week or so, with all its defects. No bleach could so effectually remove freekles or blemishes. The new surface is smooth, clear, fresh looking. No pain or inconvenience accompanies this simple treatment.—Adv.

## ILLINOIS MAN SPENT NEARLY ALL HE MADE

Suffered for Eight Years-Tanlac Makes Him Well and Strong—All Troubles Leave Him.

"I have spent about all the money have made in the last eight years trying to find something that would overcome my troubles, and Tanlac is the only thing I have found that has done me any good at all," said J. L. Brenenstall, a valued employe of the Avery Co., and whose resi dence is 1710 North Monroe street, Peoria, a few days ago.

"For several years I have just had to stick at my work by main force," he continued, "for I hardly knew what a well day was. My stomach and kidneys were both in very bad condition, and I was so weak and run-down that I was hardly able to work. Sometimes I would work all day when I felt so bad that I just thought I could not hold out another hour to save my life. I could not eat enough substantial food to keep my strength, and what little I did eat would make me suffer agonies afterwards. My back hurt me all the time, too, and if I stooped over right quick I would have the worst sort of sharp pain in the small of my back. I was actually so weak and worn out that I would very often just stagger around while trying to do my work. I couldn't sleep much, either, and that was against me, for I didn't get the rest at night that I needed so much. This condition kept up so long that it just finally wore me out almost com-

pletely, and I just felt weak and

exhausted all the time.

"Then I heard about Tanlac and decided to give it a trial, and before had finished my first bottle, knew that I had at last found medicine that would finally over come my troubles. I commenced to improve right away, and it wasn't very long until the boys down at the shop where I work, began to notice that I was looking better, and that I could get around and do my work with more ease. Well, I just kept on taking Tanlac until all my troubles disappeared, and now I am as strong and healthy as I ever was, and can do as much hard work as I could twenty years ago. My kidneys seem to be all right now, and my stomach is in fine condition, too, for I eat everything I want now, and am never bothered with indigestion or sour stomach afterwards. I don't have those awful pains in my back any more, and it is simply wonderful the way my strength and energy has come back to me. I sleep like a log every night, and I feel so good every morning that I just bounce out of bed and eat a hearty breakfast, and am off to my work with as much energy as I ever had Yes, sir, Tanlac is a rattling good medicine, and I will tell the world that it is the best medicine I ever got my hands on, and I am more than glad to recommend it to every Tanlac is sold in Omaha by all
