San Francisco, May 3.—Joseph Eccles, president of the American Sugar company of Utah; Joseph Browning, son of the inventor of the Browning machine gun; and J. H. Devine, a Utah attorney, were fined \$1,000 each today by Judge William C. Van Fleet of the United States district court, after they had pleaded guilty to shipping liquor into dry territory.

UNCLE SAM'S DEBT NOW \$24,824,345.000.

Washington, May 3.—Public debt of the United States government was reported today by the treasury as \$24,824,345,000.

Most of this represents Liberty bonds of the first, second, third and fourth issues, the Victory Liberty loan not being included in the report. No deduction is made for the \$8,852,000,000 loaned to foreign governments. Consequently the net debt would be approximately \$16,000,000,000.

The treasury plans to issue other bonds this year and next, year after the first, but in the aggregate these are not expected to amount to more than \$5,000,000,000, so that the gross public debt of the United States is expected by officials to be in the neighborhood of \$30,000,000,000 when the period of war financing ends.

The treasury now has a working balance of \$1,052,000,000, and it holds \$2,568,599,000 in gold. Silver dollars in the treasury have been reduced to \$229,711,000 by melting down of approximately \$100,000,000 of silver dollars for export to India.

LEAPS FROM AIRPLANE AND LANDS UNINJURED.

Atlantic, N. J., May 3.—Jean Ors, a French airplane expert, leaped from a parachute from a flying machine 1,000 feet in the air today, speeding at a mile a minute over the flying field in Chelsea, and landed safely within the enclosure.

Chicago, May 3.—Today Cook county grand jury returned indictments against 10 persons charged with election frauds in the February majority primaries, the accused, including three women and six men, precinct judges and clerks of elections. It was the first time women had been charged with irregularities since they obtained suffrage in Illinois.

HARVEST WAGES 50 CENTS HOUR IN WESTERN KANSAS.

Hutchinson, Kan., May 3.—Wheat growers from 35 western Kansas counties today adopted a harvest wage schedule of 50 cents an hour for a 10-hour day, with extra pay for overtime. This wage applies to shockers, large men, rippers and helpers around stacks, drivers of headers and binders. Men with teams will receive 70 cents an hour, and stackers 60 cents.

BUDAPEST IN PANIC AS CZECHS ADVANCE.

Budapest, May 3.—(Delayed)—Any hour may see a change in the military front from soviet to social democracy in order to save the city from occupation by the advancing Czechs, Roumanians and Serbo-French troops directed, it is stated, by General Berthelot.

The city is quiet, but there is a feeling of panic lest the reds engage in massacres of the bourgeoisie before the allies reach the city and entire families are fleeing. The last train for Austria, which now is the only frontier open, left Wednesday afternoon crowded to the utmost with men, women and children, standing in all the cars, and reached Szeged at 7 o'clock.

DELGIANS BALK AT TREATY

BILLIONS ARE ASKED AS REFUND OF ROADS

Test Case Brought by North Dakota Involves Huge Sums for Shippers of Country.

Washington, May 3.—(Special).—Restoration of \$1,750,000,000 to people of the United States, excessive charges made by arbitrary order of the United States railroad administration may follow a hearing which opens here tomorrow before the United States supreme court in an action brought by William Langer, farmers' attorney general of North Dakota.

"Fighting Bill," they call him out in his home state, where as state's attorney of Morton county he was first given the title by securing bench warrants for and arresting 168 blind-piggers and prohibition law violators all in one day, and later convicting them all. He was elected attorney general of the state on a ticket against so-called "big business," which was claimed to have manipulated grain prices to the loss of the farmer.

Then he broke with the radical leaders of the Non-Partisan league and was charged with having deserted to the same big business organizations.

FOR INCREASED RATES.

Monday, May 5, in refutation of the Non-Partisan league charge, he will open action before the supreme court of the United States in a fight for the eventual restitution of the greatest amount of money ever asked in any law suit in the history of the world.

If he wins his case, the railroads of the United States must refund \$1,750,000,000 collected since December 28, 1917, the date when McAdoo raised the railroad rates on passenger and freight traffic.

Incidentally the supreme court of the United States has broken all precedent. The annual spring recess, since the organization of the federal tribunal, has always been taken the first two weeks in May.

Because of the tremendous importance of the case the court has abandoned its spring recess for the first time in history and by co-operation of Director General of Railroads Walker D. Hines, and his counsel, Attorney Charles Donnelly of the United States, and Attorney General Langer of North Dakota, has set the action for hearing just two days after it was filed.

The action against the federal railroad administration was launched in North Dakota. But that state would secure a refund of but \$10,000,000 out of the estimated total of \$1,750,000,000.

This history of the case dates back to August 29, 1916, when congress attached a rider to the army appropriation bill authorizing the president to take over the railroads in time of war through the secretary of war. The Mexican trouble was then at its height.

On March 25, 1918, after the government had taken over the railroads, Secretary McAdoo issued an order (Continued on Page Seven, Column 1).

Triple Funeral for Three Greder Family Members Will Be Held on Monday

The bodies of Mrs. George Greder and her 2-year-old daughter who were murdered by the crazed husband and father early Friday morning will be buried Monday afternoon in Mount Hope cemetery beside the body of the man who slew them and then killed himself.

Funeral services will be held at 1:30 Monday afternoon at Crosby Undertaking rooms, the Rev. C. E. Harmon officiating.

Greder, it is believed, rose early Friday morning, locked his 8-year-old son in a bedroom, beat his wife to death with a baseball bat, cut her throat and after severing the head of his baby daughter from its body, shot and hanged himself. The three bodies were found Friday night by Gilbert, the 8-year-old son, who had been held a prisoner all day in the bedroom.

Gilbert Greder, left an orphan, will go to Buck Grove, Ia., to live with his aunt, Mrs. Katherine Grife.

Three Americans Decorated.

London, May 3.—Three captains of the American army military corps received the British military cross from the hands of King George at Buckingham palace today. The American officers were Captains R. Giles, D. Murphy and F. Stone.

Mrs. Draper Smith Demands That Public Welfare Board Investigate Drug Traffic

Purpose is to Institute Inquiry to Ascertain Why City and State Officials Are Treating as a Dead Letter the Nebraska Statute Regulating Sale and Use of Narcotics.

Mrs. Draper Smith

Following revelations published in The Bee showing the threatening danger to the community because of the increasing and vicious traffic in narcotic drugs, Mrs. Draper Smith, prominent and influential social worker and public spirited woman, yesterday declared she would immediately take the matter up with the Public Welfare board with a view to ascertaining the true state of affairs.

Mrs. Smith made known her purpose to institute an inquiry especially with reference to learning why city and state officials are treating as a dead letter the Nebraska statute which passed the legislature of 1915, regulating the sale and use of narcotic drugs.

Law Demands Records.

Chapter 195, Section 4, of the acts of the Nebraska legislature of 1915 provides a law prohibiting physicians to prescribe narcotic drugs to addicts without first consultation with another reputable physician, and in the event it is found necessary to give cocaine or morphine to the patient, the statute requires that a permanent record showing the details of the transaction be kept in the office of the physician who administers the drug. The law also provides that the attending physician shall make a report within five days after the prescription is written to the office of the county attorney.

County Attorney Shotwell declared he had received no reports of this character since he assumed the duties of his office. It is further provided by the state law that persons addicted to the excessive use of morphine or cocaine shall be committed to the Nebraska hospital for the insane.

No provision is made for imprisoning addicts in the city or county jail, or in the Detention Home, and treating them there. The law specifically states that they should be treated in the Nebraska hospital for the insane.

Will Take Matter Up.

"I shall take the matter up immediately with the Public Welfare board," said Mrs. Smith, "and learn what is being done. I am not faulting the city or the state officials, but I am condemning any particular person for neglect, indifference or with protecting the peddlers of drugs. An explanation is due, however, and I shall endeavor to make the proper inquiry, and present the subject to the Women's Civic club.

Reputable physicians and nurses with extended experience in treating patients who are addicted to the drug habit with one acclaim almost condemn the methods used at the Detention home, encourages the habit.

At the state institution in Lincoln the most violent cases are taken off narcotics entirely three days after admission, according to Dr. J. P. Sullivan, who for years treated drug addicts at the Lincoln institution.

Small Doses of Morphine.

"During the three days we allowed them to have cocaine or morphine," said Dr. Sullivan, "they were allowed to have only two or three very small doses."

Charges have been made that Dr. Palmer Findley and Miss Alta Berger, the latter up until recently mayor of Omaha, were in the city for the purpose of securing peace terms and the league of nations. Not only the London and Paris peace conferences, but also the residents of these cities were strongly criticizing members of the peace conference for the delay.

"But many of them were especially bitter against President Wilson, and showed a bad feeling toward this country, while our nation had no claims or controversies that were its own. Representatives of each nation seemed to think that America ought to be on their side and when they did not get what they wanted, blamed it to meddling on the part of our delegates.

"Some friction also had arisen between our soldiers and the people of France whom our men were continually overcharging them. On the contrary those stationed in Germany spoke highly of the treatment which they received in that country. The more friendly spirit that characterized the reception of our congressional delegation in Belgium was in marked contrast to the spirit that seemed to prevail elsewhere at that time, at least the Belgians were very friendly to us.

MINISTERS INSIST ON CLAIMS IN ENTIRETY

King Albert Petitioned to Refuse to Sign Pact as Prepared by Allied Council.

Brussels, May 3.—The cabinet, after a meeting with King Albert today lasting three hours, deferred decision on the peace conference.

The premier told the newspaper correspondents that the position was grave.

A petition has been presented to King Albert by the National Political committee that he refuse to sign the peace treaty. This committee represents 100,000 members and 300 communes.

The National Belge says that the cabinet has unanimously decided to maintain Belgium's territorial and financial claims in their entirety.

Allies Charged With Trucking to Japan in Chinese Statement

The attitude of the council of three regarding Fiume is compared by the Chinese delegation in its statement with the reported solution of the Shantung problem by which Japan is to get the former German territory there and later is to hand over the territory to China.

The Chinese statement says it is intimated that the decision favorable to Japan was made in order to save the league of nations. It is also pointed out in the statement that there was a secret agreement between the allies to support Japan's claims of which China had no knowledge.
