# COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nebody can tell-Brings back

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, it troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness.

By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another applicaappearance and attractiveness, afternoon. lisappeared. After another application or two your hair becomes beau-tifully dark, glossy, soft and luxuriant and you appear years younger.

### **HOW TO JUDGE A WOMAN** BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not edvisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some canthrox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight ou, while the stimulated scalp gains health which insures hair rowth.-Adv.
