AN OPPORTUNITY TO MAKE A PROFITABLE INVESTMENT

## The Merritt Drug Stores Offer Limited Amount of Preferred Stock

The Merritt Drug Stores are well known throughout all Nebraska and particularly in Omaha, as a going con-

cern, which from a small beginning has rapidly increased its volume of business until today it stands as one of the recognized leaders in the drug store business in Omaha.

The management of the Merritt Drug Stores is in the hands of competent and reliable men — men who have spent their lives in Omaha — whose undivided attention has been given to the operatio nof drug stores - and whose past record shows them able to direct a corporation which is rapidly enlarging the scope of its operations.

#### The Purpose of the Company

It is the purpose of the Merritt Drug Stores to sell the unsold portion of an authorized issue of \$50,000 of 7% preferred stock at the par value of \$100 per share. The company is incorporated under the laws of the state of Nebraska with an authorized capital of \$300,000.

#### A Personal History

The Merritt Drug Stores were started in 1914 at the location now occupied at 20th and Farnam, the initial room being just half the size of the present one.

The second store is in the Securities Building and was opened in May, 1916.

John Merritt, Vice President of The Merritt Drug Stores, (father of the Merritt boys), has been a resident and successful business man in Omaha for over fifty years.

A. E. Merritt, President and General Manager of The Merritt Drug Stores, was born in Omaha, has been a registered druggist in the state of Nebraska for 26 years. He has been actively engaged in the drug business throughout this time.

Jesse Merritt, Secretary of The Merritt Drug Stores, was born in Omaha, has been manager of the store at 20th and Farnam for the past five years.

Joseph Merritt, Treasurer of The Merritt Drug Stores, has been a registered druggist in the State of Nebrasks for the past 15 years, and was born in Omaha. He

The stock is preferred as to dividends and is cumulative and fully participating. It also carries full voting powers. It is the purpose of the management to sell the remaining portion mainly to people in Omaha in small amounts, and every effort will be made to keep the entire stock in the hands of Omahans.

A. E. Merritt

#### The Opportunities for Profit

Stock in The Merritt Drug Stores should rise rapidly in value. An original investment of \$100 is not only guaranteed to draw 7% per annum but is fully participating. As the volume of business increases the earning power will increase in more than proportion. As new stores are established from time to time, greater discounts will be realized by greater quantity buying, while cash discounts alone ranging from 3% to 5% (counting four turnovers in the year), should amount to nearly 20% per annum.

Chain Drug stores when properly managed and honestly conducted have been universally successful. We cite a few instances which are well known:

The Owl Drug Company of San Francisco, which started with a modest beginning and which is now operating a large chain of stores, and now capitalized at \$6,500,000.

The Standard Drug Company of Cleveland, Ohio, organized in 1904 with a capital of \$200,000, and which now operates twelve successful stores in that city.

The Dow Drug Company of Cincinnati, Ohio, organized by Miss Clara Dow and now operating twenty-two successful stores.

The American Druggist Syndicate of New York City, incorporated in 1905 for \$200,000, and increased in 1910 to \$2,500,000 and later to \$10,000,-000, and now listed on the New York Stock Echange.
