Union or Alliance With Germany Forbidden by Decision of Allied Council of Three.

Paris, May 3.—(Havas.)—The council of three has decided to summon the Austro-Hungarian peace end of May, the Paris newspapers assert today.

.The prefect of the department of the Seine-Et-Oise and Colonel Henry of the French war office went to St. Germain today to look over the situation and to arrange for quarters. Several hotels are avail-able for the Austrians, while an old chateau, which has been rebuilt for use as a hotel, offers suitable conference halls.

The actual negotiations with the Austrian delegations will take place at Versailles, to which place they will be transported in motor cars, a drive of about seven miles. The territorial status of Germany

as definitely settled by the council of three yesterday, says Marcel Hu-tin, in the Echo De Paris, will, in the view of the council, protect the general security of Europe. Alliance Vetoed.

The chapter in which these decisions are incorporated, he adds,

Nach Otten" movement which the Germans desire to pursue, prevents, an alliance with the Russian bolsheviki and forbids the incorporation in Germay of German-Austria, As regards German-Austria, M. Hutin says that its peace delegates will certainly be called to Paris and Austria will be made a neutral republic under the aegis of the league of nations with the prohibition that

The council of three, M. Hutin declares, also adopted a chapter in the peace treaty defining the status of Alsace and Lorraine which are given

absolutely to France. The outline of the new frontiers of Germany was presented to the council in a report by the special commission composed of Capt. Audre Tardieu, representing France, and Prof. Charles H. Haskins on behalf of the United States and Viscount Morley, for Great Eritain.
