

CLEAN THE BLOOD

Taken from Nature—The wild roots and barks that go into the composition of one of the oldest and best known blood tonics are mostly gathered by the Indians on our reservations—brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y. Over fifty years ago Dr. Pierce put up an alternative tonic without the use of alcohol that soon became known all over the world.

The spring is the time of the year we should put our house in order. We're run down after a hard winter—after grippe, colds, catarrh. It's time to take Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it now in tablets or liquid.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for these needs of her children and that in her laboratory were the remedies. Extracts of Queen's root, Stone root, Black Cherry-bark and Bloodroot, as prepared, combined and preserved without a cold, in Dr. Pierce's Golden Medical Discovery, constitute the most effective and certain tonic, alterative and tissue-rebuilding remedy ever offered to the public.

CANNOT SELECT ROADS BEFORE BOND ELECTION

County Attorney Vetoes Procedure of Board in Selecting Route of Proposed Paving Now.

County Attorney Shotwell shot a bombshell into the meeting of the board of county commissioners and delegations of paving-seekers yesterday when he gave his opinion that the petition and proclamation which must precede the special election on the \$3,000,000 paving bonds cannot contain any designation of the county roads to be paved.

This is exactly the opposite of what the county commissioners, Chamber of Commerce, Automobile club, Rotary club, Real Estate board and others interested in having the paving done thought was necessary.

These bodies toiled hard for months to agree on the roads to be paved with the \$3,000,000.

Agree on Roads.

Last Saturday there was a mass meeting and, after some turmoil the roads were designated and adopted by a large vote. The commissioners and others who had been petitioned for great relief.

Now, according to the county attorney's opinion, all that labor was wasted.

The county attorney based his opinion on a decision handed down by the Nebraska supreme court last January in a case from Platte county in which a suit was brought to enjoin issue of bonds to build a new county court house. The reason advanced for the injunction was that in the bond election the location of the court house was designated.

The supreme court held that the power to designate the location of the court house is vested in the county commissioners and that when the location was named in the petition for the election to vote the bonds, this power was taken from the commissioners contrary to law.

Mr. Shotwell says this is a parallel case with the proposed special election for bonds to pave Douglas county roads.

Board Likes Decision.

The county commissioners believe that this decision will set the situation on the \$3,000,000 bond issue and make sure that they will carry by the necessary three-fifths vote.

If all the roads were designated in the proclamation, nearly every farmer whose farm was not reached by paving was ready to vote against the bonds. With no roads designated, every farmer will vote for the bonds in the hope of getting paving, it is believed.

A delegation of citizens of Saunders county from Yutan, Meade and Wahoo visited the commissioners and assured them that they "are going to have a bridge over the Platte river," preferably on the Center street road.

"This is an absolute necessity, they said to Omaha as well as in Saunders county, where hundreds of farmers are waiting with trucks to haul livestock to Omaha as soon as they have a bridge.

'Peggy' Sellers Loses Suit Against Her Alleged 'Daddy'

Municipal Judge Hands Down Judgment of \$237.34 In Favor of Elderly Business Man, Who Sued Young Married Woman for Nearly Thousand Dollars.

Judge Holmes in municipal court yesterday afternoon handed down a judgment of \$237.34 in favor of George C. Chrisman who brought an action for \$816.44 against "Peggy" Sellers, and the judge announced that Peggy's counterclaim for \$2,500 was not sustained by the evidence.

The judgment entered in favor of Chrisman represents a three hour trial made out to Peggy and paid for by Chrisman.

"The other items specified in the Chrisman claim," the court stated, "were not identified by times and places except the \$100 paid by Chrisman to Mrs. Sellers on February 22, and she claimed that the money was paid for two kisses. On that point I would say that Mr. Chrisman is a better judge than I am to state whether the kisses were worth \$100."

Amount Not Allowed.

The court, however, was inclined to believe that the \$100 was paid for the kisses and he did not allow this amount in Chrisman's claim.

During the week before Easter Sunday Chrisman went into municipal court and obtained a writ of attachment against Peggy's personal effects, based on an alleged claim of \$816.44, said to have been items of money advanced by Chrisman during a period of several months. Chrisman, who is a 62-year-old business man, contended that Peggy promised to repay him the money that she claimed to have had a rich father and that she was going to receive money from home and commissions for oil land leases she had sold.

Tells of Kisses.

The 19-year-old bride on the witness stand testified that one of the items of \$100 claimed by Chrisman was paid to her on Washington's birthday of this year for two of her best kisses implanted on Chrisman's cheeks, with his full knowledge and with an understanding that she was

PUBLIC MARKET DUTIES 'WISHED' ON MAYOR SMITH

"Deep-Dyed Conspiracy On Part of My Enemies," Declares City Executive When Council Acts.

"This is a deep-dyed conspiracy on the part of my enemies," remarked Mayor Smith during city council yesterday, when City Commissioner Ure introduced an ordinance covering the operations of

the new municipal public market and assigning to the mayor's department the duties pertaining thereto.

The mayor believes that he is a marked man, to thus have this market house wished on him.

The ordinance provides that fruits, vegetables, garden truck and farm produce may be sold in wholesale and retail quantities; but that canned goods, teas, coffees, notions, or similar commodities handled in grocery and mercantile houses shall not be offered for sale.

The municipal retail market proper will be established in the basement of the City Auditorium and a curb market will be established in streets near the Auditorium. A market zone will be declared between Tenth and Fourteenth streets, from Jackson to Harney streets.

It is probable that the council will confer plenary powers on the mayor in connection with this new municipal institution.

Rickenbacker Fires Last Shot for Yankee Aviators

At the time of the signing of the armistice November 11, Eddie Rickenbacker had been raised to the rank of captain and was in command of the 94th air squadron, the only pursuit squadron assigned to accompany the American army of occupation into Germany. As the American ace having the greatest number of German machines to his credit—26 Fokkers and Gothas, he was given the honor of making the last flight over the enemy's lines. He ascended shortly before the official end of the war and fired the last 800 rounds of machine gun ammunition into a Hun supply convoy on its way to the front.

Captain Rickenbacker will be at the Auditorium Monday evening, May 19 and will tell his own story of the combats and adventures of the arena of the sky with moving pictures and slides of "Rick" himself in action on the great western front.

K. of C. Employment Service Placed Many Discharged Soldiers

Dan J. Connell, in charge of the Knights of Columbus free employment bureau for discharged soldiers, sailors and marines, Farnam building, states that his bureau receives daily all employment cards for the state of Nebraska, for discharged army and navy men from the different demobilization camps throughout the country.

"These cards are made out by the government officers," he explained, "and they state what the discharged man's trade or vocation was prior to his entrance into the service.

After receiving these cards, this bureau writes to each discharged man telling him whom to call on if he hasn't a position.

"If the man resides in Omaha, or intends to make Omaha his future home, he is invited to call at the Knights of Columbus bureau at 210 Farnam building. This bureau has already secured positions for more than 650 men in Omaha and Douglas county, and has handled over 2,000 employment cards for the rest of the state. This employment office co-operates with the United States employment service, state of Nebraska, C. of C. and other war service societies, and receives the best co-operation from the above.
