POTATO FORTUNES COMMON

It is not uncommon in Sheridan county for a man to pay for his potato farm from the first year's crop. I have a 480 tract which must be sold in the next thirty days, which will do this very thing. This tract is just outside of town, with good improvements. All that is necessary is the equipment, and an average potato crop for this section will leave your land clear. Practically all under cultivation now, the balance hay and pasture.

"The number of dividend paying companies in the Burkburnett field has increased to seventy-one, by the latest count, and the amount paid out totals \$5,501,450. This revised list of dividend paying companies, with the amount of dividends, and the capitalization of the companies, is furnished by Everett Hughes, publisher of the Oil Development Guide and Directory."

The Omaha Oil and Refining Company Has Three Producing Wells

We have every reason to believe that the Omaha Oil and Refining Company will get a gusher well on the Texas lease, as only last week one of the wells came in estimated over 4,000 barrels per day, and from the surface indication the Omaha Oil and Refining Company's property looks every bit as good.

TEXAS OIL FIELDS. The Texas oil fields are bringing forth wells in increasing quantities every day. The stock in the wells in these fields is getting more valuable and is showing a larger per cent of net profits than the wildest dreamer ever hoped for.

WHY BE POOR ALWAYS?

Doesn't it look foolish that you should go through life day after day in the same old rut and let the other fellow reap the profits that are offered to one and 37,500 all. You may say, "I am not able to put in enough to count," yet had you invested so small an amount as \$100.00 in any of the seventy-one companies here listed that have paid over five and one-half million dollars in dividends since last August, you would be getting dividends that would probably equal your salary or your income off the farm. The point is this, because you can't buy it all, don't let the opportunity 35,000 pass to get as much as you can.

YOU HAVE A DESIRE IN YOUR HEART TO SUCCEED FINANCIALLY. You are not a man unless you do. You owe it to your family to succeed. You owe it to yourself. You can't live long enough to make a fortune at work. What then can you do? An investment in a good substantial Oil Company offers the quick way to financial independence. Probably you have lost some in Oil. If so, that's more reason that you should invest again. Where you lose a thing is the place to go and get it. The man on the farm will in a lifetime lose several crops. Does he quit farming? NO, He KNOWS THAT SOONER OR LATER HE WILL BE REWARDED.

DON'T BUY WILD CAT SHARES — BUY PRODUCING SHARES

The Omaha Oil and Refining Company offers you a clean, square deal. They control over 6,000 acres of properties located in three of the greatest Oil States, Kansas, Wyoming and Texas. On their Kansas property they now have three producing wells.
