Czech Forces Gain Footing In Town 40 Miles From Budapest

Copenhagen, May 9.—Superior Czech forces after a bitter and fluctuating struggle, have gained a footing in the town of Nagyszecseny, the Hungarian supreme army command announces, says a message from Budapest yesterday.

Nagyszecseny is about 40 miles north of Budapest, in the district of Neograd. It is on the Eipel river. This is the nearest the Czech followers have approached Budapest.

DODGE STREET IMPROVEMENTS MAY BE DELAYED

Question Jurisdiction of Council to Start Grading Because Petition On File Is Incomplete.

The proposed grading and repaving of the Dodge street hill is threatened with another delay on account of alleged technical defects in the proceedings.

A committee of the city council met this morning to consider the award of damages which already amounts to \$260,000, according to claims presented by property owners of the district.

J. P. Breen, attorney, representing the Masonic Temple association, questioned the jurisdiction of the city council to proceed with the project, and City Attorney F. L. Weaver expressed doubts whether the city may proceed with validity.

File Damage Claims.

One of Mr. Breen's points was that the petition filed by property owners for the grading did not embrace all of the improvements as specified in the ordinance creating the improvement district. He further contended that the city may not take into account benefits which may accrue on account of the streets being made more accessible by reason of the grading and repaving.

The following claims for damages were presented to the committee of the city council: Callahan Realty company, \$25,000; Helen Anderson, \$13,586; Alpha camp No. 1, Woodmen of the World, \$2,500; Jacob Slosberg, \$10,000; Mrs. Ferdinand Ader, \$5,000; Nebraska Telephone company, \$25,000; St. Mary Magdalene Catholic church, \$50,720; Masonic temple, \$47,778; School District of Omaha, \$30,079; Ella Stapleton, \$50,000.

Special Law Required.

This improvement has been under way for several years. The former city administration obtained passage of a law in the state legislature authorizing the city council to create improvement districts of more than one street and embracing more than one kind of improvement, and under that new law the Dodge hill project was started.

The improvement contemplates grading Dodge street, from Seventeenth to Twenty-second streets, with re-establishment of the grades of intersecting streets to conform to the deepest cut would be 22 feet at a point on Dodge street, between Nineteenth and Twentieth streets.

Bids for the work were opened this week by the city council, which will meet again next Monday morning to hear the legal points discussed.

Career As Bandit Is Short for Man Who Attempted Holdup

The career of Luther Richardson, alias Sam Clark, as a highwayman was marked by a notable lack of success.

Last Friday he was a free and apparently law abiding citizen. Today he is a criminal, caught in the act, and under sentence of from 3 to 15 years in the Nebraska penitentiary. District Judge Redick sentenced him yesterday morning.

Last Saturday afternoon Richardson held up Lawrence Le 403 Bancroft street and robbed him of \$12 and a gold watch. Fifteen minutes after the holdup he was shackled and on his way to the police station, having been captured by Detectives Toland and Bauman after a running fight in which Detective Toland shot eight times and Richardson seven without drawing any blood.

Richardson said he didn't know why he had "pulled" the daylight robbery and said he guessed it was not a very profitable business. He was taken to Lincoln yesterday morning was in his cell less than a week after he committed the crime.

Mayor to Force Street Car Co. to Move Tracks On Leavenworth Street

Mayor Smith has prepared for introduction at the next city council meeting an ordinance to require the street railway company to move its tracks from the south side to the center of Leavenworth street, between Forty-eighth and Sixtieth streets.

A contract for paving this street was awarded last year to Charles Fanning Paving company, and Mr. Fanning has contended to the city council that his work has been delayed on account of failure of the street railway company to move its tracks.

Returns Diamond Ring After Former Friend Brings Suit In Court

Mrs. Ellen Connors, 2755 South Ninth street, surrendered to Constable M. P. Roach a diamond ring which she says was given to her by A. P. Hanting for a birthday present.

Hanting started attachment proceedings in Justice Collins' court. The case has been set for 9 o'clock Saturday morning, but the young woman asserts she will not contest the case; that if Hanting wants the ring, he may have it.

The writ of attachment served by Constable Roach called for one ring, blue suit, one hat, pair of shoes, and waist.

Hanting was arrested last Tuesday morning at 1 o'clock after having made an early morning call on Mrs. Connors in a taxicab, demanding the ring, and then refusing to pay his taxi fare.

Prices of Coffee to Go Up 100 Per Cent After July 1

Freezing of Crop in Brazil, From Where Most of Our Coffee Comes From, Given As Cause for Raise— Beverage Went Up 100 Per Cent During War.

If you are a coffee drinker you are going to discover that after July 1, this year, this beverage that cheers, will start on a skyward tour. In other words, the price is scheduled to advance something like 100 per cent. Jobbers have received notice of the advance, and this advance is all attributed to a frost that last year destroyed hundreds of the coffee plantations in Brazil.

As the story goes, and as it is brought to the Omaha jobbers, late last season a regular "norther" blew over Mexico, down through Central and South America. With the "norther" there was a cold spell of unusual severity and it continued for several days. The result was, according to the report, most of the plantations within its area were not only badly frosted, but in most instances the plants were killed.

From the time it is set out it requires about four years for a coffee plant to reach the producing stage. Thus, with the Mexican and South American plantations frozen out, local dealers do not anticipate lower coffee prices in the near future, due to the fact that a shortage will exist.

Of the coffee consumed in the United States, according to Omaha dealers, the greater portion, or at least most of that of the better grades, comes from Brazil.

Since three years ago coffee of the better grades has advanced close to 100 per cent, and the new increase in price is to come on top of all this, placing the beverage in the luxury class.

According to local dealers, the previous advance in coffee prices was brought about by war conditions. Now, with the war over, it is a "freeze-out" of the plant.

POLICE HOLD MAN AFTER ASSAULT ATTEMPT IS MADE

James Porter Arrested Following Complaint of Little Girl; Say He Has Been "Window Peeping."

In the belief that it was James Porter, 32 years old, who lives in a rooming house in the vicinity of Fourteenth and Douglas streets who attempted to criminally assault 11-

year-old Opal McCormick near her parent's home, 2912 Douglas street, late Thursday, police placed him under arrest. Police say Porter had been peeping into windows in the neighborhood of Leavenworth street and Park avenue. Porter denies the charge. According to the little girl, she met a man when she was on the way to a store to buy some groceries. The stranger stepped up to her and gave her some candy. When the girl began to scream, the man ran away, she says. The McCormick girl identified Porter in police court yesterday morning as the man who accosted her. Residents near Park avenue and Leavenworth street have been called to appear in court today against Porter.

SALESMEN There is now being developed and designed to be Nebraska's enterprise, located on a tract of land ideal for the purpose in the gateway of Omaha. Every progressive Farmer is interested because good men are back of it, and direct and immediate returns are in it. Let us tell you Stock Salesmen of this new, appealing proposition. ROOM 644, WORLD-HERALD BLDG., OMAHA.

VICTORY!

'Tis done. We have fought the good fight. We have won. So, let us rejoice, as becomes the Victors.

Put the Victory Loan over with a— smash. Pay our debt of gratitude right royally. Come across like Men.

Then—face the future unflinchingly. Readjust ourselves—put our houses in order—get down to Business.

It is the pleasure and privilege of all motorists to get behind—and push. As a matter of Loyalty and Judgment.

United States Tires are Good Tires
