

WOMAN'S SECTION OF THE BEE

Stately—how swift the flying years go by! One scarce begins to live when he must die. Yet I have lived though I should live no more, And I have found life sweet from stem to core.

If God will light His candle in his heart, The candle on the altar may depart; For in my breast behold that inner light, Makes o' the heavenly glory darker night.

Y. W. C. A. Notes

Vesper services Sunday afternoon at 5 o'clock will be of unusual interest. Miss Ella McLaurin, a National Y. W. C. A. secretary from New York will be the speaker. Miss McLaurin represents the Y. W. C. A. World's service committee and will speak Sunday afternoon, especially on the work of our organization in China. The call has recently come to our national offices in New York for 75 Y. W. C. A. secretaries in China. The Chinese women and girls are wanting physical education, as well as many other things that only American women can give them.

Very unusual music will be another feature of Sunday afternoon's vesper service. The "Keiwan club," an Hawaiian orchestra, consisting of 11 girls, who all play stringed instruments, will furnish the music. Miss Gofede C. Vawter is the director. They will give two numbers during the vesper services, a solo, with mandolin and guitar accompaniment by Miss Bess Watson and the other number will be by the orchestra. During the hour following the services the orchestra will give a half-hour program. The "In His Name" circle will act as hostesses.

Mrs. George Doane at Head of Associated Charities Helps Needy Mothers and Babies

Many people have a mistaken idea regarding the Associated Charities. The word "associated" has misled and the idea has gone abroad that all the charities of Omaha are banded together in one great organization. This is not the case, however, and the Associated Charities under their able secretary, Mrs. George Doane, is an independent society which dispenses charity and cheer among the people of Omaha who are needy. It is a branch of an association of similar charitable institutions scattered through the United States and the word which misleads has a broad sense rather than a local one. Mrs. Doane, with her ready sympathy helps many cases of distress of which the public never hears. There are widows in need, and homeless children, there are legion calls for assistance in case of illness when there is no money to employ doctors and nurses. The professional men of the city have rendered great service to the suffering poor. Money makes the world go round and many dollars are needed to provide food and clothing for the unfortunate ones. The prominent women of our city realizing this need have canceled all other engagements and are devoting the month of May to luring the dollars from the pockets of kindly Omahans. They do not ask for free will contributions, but give in exchange the most delicious edibles, served so daintily in the tiny cafe on the fifth floor of Orchard and Williams.

Mrs. Doane is laboring industrially. She wears the white chef's cap and stirs and cooks with the other workers who are giving of their time and strength for this worthy cause.

Hart Jenks plays the role of Pygmalion and Miss Helen Sailing as Galatea. The advance sale of seats promises a large audience. The Miser School of the Spoken Word has a special setting for this Grecian play that makes the play a thing of charm and beauty. Mr. and Mrs. Robert C. Hayes returned on Tuesday from Chicago.

Why Lack of Iron In The Blood May Be Costing You Money Every Day

Many a capable man or woman falls just short of winning because they don't back up their mentality with physical strength and energy. Get some of the money—don't let the other fellow have it all—just because you are too weak, nervous and run-down to go after it with the same vim that gets him what he wants. Make yourself a man of blood and iron—a woman of power and vitality. Many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. Says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, (Outdoor Dept.), New York and the Westchester County Hospital: "Lack of iron in the blood not only makes a man a physical weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina, and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time." MANUFACTURER'S NOTE: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy but one which is well-known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by five Sherman & McConnell Drug Stores and other druggists.

For Tired Feet, Sore Feet, Tender, Aching, Swollen Calloused Feet and Painful Corns

"Can't beat 'Tiz' for aching, swollen feet. Don't stay footsick!" Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion tortured feet of yours in a "Tiz" bath. Your toes will wiggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath. When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corn, callouses and bunions. There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. Get a 25-cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

It Just Works Like Magic On The Skin!

A Difference in a Few Days, and a Transformation in a Few Weeks Produced on the Skin. Some Beauty Secrets of Great Value to Every Woman.

NEVER forget that the possibilities of a surpassingly beautiful complexion are present in yours the same as in that of the most beautiful woman that ever lived. It is really immaterial how muddy or blemished the skin may be. I have seen remarkable transformations brought about in only a few weeks' time by a method extraordinarily simple. First of all, abandon the use of any of the complexion creams you may have been using, and make for yourself today in a few moments, a cream by mixing two tablespoonfuls of glycerine and one ounce of santonine in a pint of water. Use this freely every day. In a few days you will note that the spots, blemishes and mudiness you complain of are fast disappearing. You can get the santonine at any drug store for about fifty cents.

FALLING—Your hair will continue to fall out by the fistful unless you act at once and use something really worth while on your hair. Here is the most powerful hair-force you can ever hope to obtain, and it really does the work quickly and splendidly. One ounce of beta-quinol is mixed with a half pint of water and a half pint of bay rum. This is not an oily preparation, but it is pleasant to use and should be applied every day. Your hair will also grow out most luxuriantly and you will see great vigor. For fifty cents at any drug store you can get a bottle of beta-quinol, enough to make a pint of this splendid hair force.

MISS S. O. H.—Here is a face powder without any chalkiness whatever. It happens to be my own, and I want you to try it. It is exquisitely fine, delicate, Surmount Face Powder, now sold at drug stores, at fifty cents a box in any tint.
