Picnics! Ha, three thousand rap-

Soon the denizens of the city will be cavorting countryward in a cloud of dust to consort with Mamma Nature and to pick the insects from between the sandwich, or else to convey bulging bundles to the greenswards in the parks, there to acquire grass stains and get acheof-the-stomach.

A great institution is the picnic. Why sit comfortably in the cafe-teria when one might be sitting on sandburs and catching chiggers? Though sand does get in your teeth, and ants in the jelly, can that spoil the pleasure of hearing the turtle cow frog and see the lightning bugs with their Daylos? Why sit indoors and eat? Why not give the flies outside a chance?

This is the Life.

This extra hour of daylight— hoopla! Friend James comes round in his Tin Lizzy (official picnic conveyor) and you and your family pile in and in half an hour you are seeking a location in some bosky dell (whatever that is) or some likely spot to start the mascatory ceremonials.

### When They Wooed and Won

When a man gets to be president of the board of education of a metropolitan city, he begins to get in the spotlight, on the front page, and is "mentioned in the dispatches" now and then. He gets to sit at the speaker's table and on the plat-

form.

This introduces W. E. Reed, president of the Board of Education, and formerly a star in the gymnasium of the Young Men's Christian association. It is a long step from his days in the "Y" gym to his present position, but for the purpose of this brief review his acro-batic days must be referred to.

Steamboating Loses Charms. Mr. Reed began his career in Fulton, Ill., where he was born and where he lived until he was 11 years old. From Fulton he moved to Clinton, where steamboat life attracted him for a few years. When steamboating lost its charms he decided that the best place on the map was Omaha, so he arrived here at the age of 19 and straightway started to get down to business He was attracted to the Young Men's Christian association gymnasium, where he spent five evenings each week under the instruction of W.
