

URGES MUSEUM OF ART AS A WAR MEMORIAL

John L. Webster Says Memorial for Omahans Who Served in War Should Be Useful Structure.

John L. Webster, addressing members of the Kiwanis club at the Chamber of Commerce yesterday afternoon, urged that a general memorial war museum and art gallery be established to the memory of Omaha men who served in the world war.

Referring to the war memorials of Rome and Greece, he said: "All of these memorials, grand and imposing as they may be, are wholly insufficient and inadequate to awaken the imagination of the beholder to the spirit of idealism in government, the exquisite taste of refinement and harmony in architecture which would make the structure an ornament to the city, and an example of civic beauty."

In conclusion he said: "I would have our people erect an art building in which there shall be combined the exquisite taste of refinement and harmony in architecture which would make the structure an ornament to the city, and an example of civic beauty."

Collection of War Relics.

"On the first floor of that building we should have a war museum—not a place for gruesome things, but for all the relics and examples of all the instruments used in this warfare as object lessons. We should have in that museum examples of uniforms, helmets, swords, rifles, bayonets, and all else that might inform the multitude of visitors of the instruments of warfare which the American soldiers used to accomplish their victories."

"We should have in that museum collections of etchings, drawings, photographs, pictures, so far as may be of every battlefield; an exhibition of such an extensive collection as would be an object lesson to the returning soldier."

"On the upper floor we should have a collection of the best works of art. This memorial art building, with its museum and works of art, should become an instrumentality of public education, a historic collection which would tell the history of the great war."

"This great memorial structure should be erected out of contributions by the people, as freely given and under as high a sense of duty as prevailed when they subscribed for Liberty bonds and Victory notes."

"Will the good and enterprising people of Omaha arise to this great opportunity to perform a civic service in the erection of a war memorial museum and art building?"

Husband Nomad, Says Wife In Divorce Suit; Hears "Call of Road"

Harrison Garvin has been born too late in the day, according to the petition of his wife, Rose Garvin, for a divorce, filed in district court yesterday.

He would have been all right in the days when mankind lived the life of nomads. But today his wandering proclivities led but to the divorce court. "He spends his time as a wanderer without fixed purpose or aim in life," his wife complains in her divorce petition.

Last December he heard the "call of the road" and departed and his wife hasn't heard of him since.

They were married in 1907 in Winfield, Kan., and his wife asks the custody of their two children.

Former 'Girl Headliner' Of Wild West Show Buys 81 Head of Cattle Here

Mrs. Breda Shimek, owner of a large ranch at Hemingford, Neb., was one of the visitors and buyers at the Live Stock exchange Thursday.

Mrs. Shimek, when a girl, was one of the headliner of the western wild west show and one year won the women's "broncho busting" championship at Cheyenne.

After her marriage to Henry Shimek she adopted ranch life. Last winter, after the death of her husband from influenza, Mrs. Shimek took full possession of the ranch. She took home 81 head of 3-year-old steers.

Will Cable Wilson When Congress Is Assembled

Washington, May 16.—President Wilson will be officially notified by cable of the assembling of congress when both houses convene in extra session Monday.

Congressional leaders, it became known today, have decided that in view of President Wilson being in Paris use of the cable was the logical method of going through with the customary procedure of notifying him. Ordinarily a committee representing both houses wait upon the president at the White House informing him that congress is now in session.

Hurt In Elevator Accident

Stuart Arthur, 20 years old, 2904 North Twenty-eighth avenue, was injured yesterday morning when a weight in an elevator in Thompson and Belden's store struck him. He was taken to Lord Lister hospital. He suffered internal injuries.

He was repairing another elevator and accidentally slipped into an adjoining shaft.

BRAVE AMERICANS

Portraits of Medal Winners, Made at the Front by JOSEPH CUMMINGS CHASE, Official Portrait Painter of the A. E. F.

Sergt. Wm. Herren, Machine Gun Company, 58th Infantry, 4th Division. Throughout a deadly artillery bombardment August 7, near Savoyes, his company was in trouble. It had lost four of its machine guns, and was short of ammunition. Sergeant Herren managed throughout this action, by great bravery and devotion to duty, to supply the needed ammunition to the gunners, and to distribute to the battalions new machine guns. It was this same Sergeant Herren who, when our right flank was unprotected, got possession of a light German Maxim machine gun and pushed it forward on our exposed flank under terrific enemy fire, and repulsed a counter attack.

Drake Realty Co. Will Build New Apartments At Cost of \$180,000

The Drake Realty Construction company yesterday received from the city building department a permit for the erection of another series of apartment houses of three buildings, with a total of 108 apartments, at 2203 to 2211 Jones street.

The cost of the construction will be \$180,000 and the dimensions of the entire project will be 108 by 108 feet, three stories and basement.

The buildings will be fireproof, faced with artistic pressed brick. Each apartment will be equipped with individual ice box, gas stove, kitchen cabinet and built-in bed.

This new construction will adjoin two apartments now being erected and for which a \$120,000 permit was issued by the city six weeks ago.

The Drake company announces that within 30 to 60 days it will begin erection of another set of apartments of two buildings with 72 apartments. This will bring its total construction for this year up to \$420,000.

All of these apartments are on Jones street, between Twenty-third and Twenty-first streets.

Rousing Welcome Is Planned for Famous "Ace" On Visit Here

Plans for a rousing welcome to be given the famous air fighter, Capt. "Eddie" Rickenbacker, upon his arrival here Monday, are being rapidly perfected by a committee of the Omaha Automobile club headed by Dick Stewart.

Those participating in the parade will be divided in three divisions. The first division will be composed of mounted police, bands, military automobiles, an aeroplane, which will proceed up Farnam street under its own power, Captain Rickenbacker and the committee, the women's motor corps and closed cars.

The second division will be composed of cars furnished by the Omaha Automobile Trade association.

The third division will consist of touring cars.

Mr. Stewart stated that several hundred more cars could be included in the parade if the owners of the machines would communicate with the automobile club.

City Commissioners Dance With Young City Hall Folks

City Commissioners Butler and Falconer joined a company of city hall young people on the dance Thursday night. The function was attended by 60 municipal employes.

During an intermission of the dancing, Floyd Perry recited, Vlasta Sterba offered a Spanish dance. Streitz played mandolins, accompanied by Marie Swanson.

Three Transports Sail

Brest, May 16.—The transports Montana, North Dakota and Huntington, sailed today with troops of the 89th division, national army men from Kansas, Missouri and South Dakota.

ZIMMAN BOOSTS DR. LANGFELD FOR HEALTH OFFICER

Council, With Exception of Commissioner Ure, Against Appointment of Outsider as Manning's Successor.

City Commissioner Zimman stated yesterday morning that he will recommend Dr. Millard Langfeld to Police Commissioner Ringer as a man who is fully competent to serve as health commissioner, to succeed Dr. E. T. Manning, who has resigned. "I absolutely believe that there

are capable and competent men in Omaha who may be obtained for this position, said Mr. Zimman, "and I also believe that we should first look over our local talent before engaging an outsider. I shall recommend Dr. Langfeld to Commissioner Ringer because I know that the doctor is competent and would make a desirable health commissioner."

New City Bacteriologist.
Dr. Langfeld has been city bacteriologist for several years. Lieut. Col. James F. Edwards, whom Mr. Ringer has been considering, will arrive in Omaha on Sunday or Monday. Dr. Edwards will appear before the city council next Monday morning. He is on his way from Camp Mills to Camp Dodge with a group of disabled soldiers.

Mayor Smith stated that he believed that available men in Omaha should first be considered before an outsider is engaged.

"But," the mayor said, "I would be inclined to accept the recom-

mendation of the responsible physicians of this city. The physicians recommended Dr. Manning to us and we appointed the doctor as health commissioner."

Commissioner Butler is opposed to appointing an outsider to the position of health commissioner. "I am convinced that we can find a man in Omaha," he said.

Commissioner Ure asserted that he would make no distinction between an Omaha man or an outside man for the place.

Committee Makes Recommendation.
"The Committee of Protest," an organization of prominent Omahans, has mailed to the city commissioners letters which contain the following expressions: "In connection with the resignation of the city health commissioner, this committee wishes to impress upon the minds of the city commissioners the vital importance of selecting a man for the office who is not the special repre-

sentative of any particular school of medicine—a man broad-minded enough to permit patrons of the schools to select physicians of their own choosing in any case; a man who will accept a certificate of health from a physician or doctor under the law to practice in this state; a man well versed in sanitation and the laws of hygiene."

"We stand for medical freedom and demand that our constitutional rights be protected."

"The Committee of Protest" is opposed to compulsory vaccination and supports the principle of medical freedom.

Jury Completed for Trial of Henry Ford's Libel Suit

Mount Clemens, Mich., May 16.—The jury to try the \$100,000 libel suit of Henry Ford against the Chicago Daily Tribune was completed yesterday.

Democracy Should Be Introduced Into the Church, Says Mayor

"Democracy should be introduced into the church as well as into political and social life," said Mayor Smith, speaking Thursday night at the fathers' and sons' banquet at Kountze Memorial Lutheran church, where more than 150 were present.

"The church has been accustomed to take an active interest only in the spiritual life of individuals," he said. "It should take an interest in a man's success in business, in his relation to his fellow men and in every legitimate line of his activity. It should be an ever-present friend to its members, gaining in strength by this very sympathy."

One Minute Store Talk

"The question of clothes demands keener judgment today than ever before. I used to drop in any old place and buy a suit. But yesterday I went and with it the fair quality all stores used to sell. No taking chances for me any more. You've another steady customer," said a shrewd buyer.

Greater Nebraska reliability is doubly important today.
