Scheidemann, Present German Premier, Who Announced Peace Terms' Rejection, Directly Responsible for Abdication of the Kaiser

Between Scheidemann Pulling Strings at Berlin and General Groener, Present Head of German Army, Working Wires at Spa, Kaiser Was Eueched—Was Lied To From Both Sides, German Paper Asserts, and Finally Fled In Despair, With Socialist Playing Part of Catilina and General Part of Mephistophiles.

(Fourth installment of Count von der Schulenburg's Eye Witness Account of the Kaiser's Abdication by Universal Service.)
Zurich, May 18.—Count von der Schulenburg, the kaiser's personal adjutant, whose eye witness narrative of the demand for the succeeding deliberations upon, and final abdication of former Kaiser Wilhelm of Germany, has been secured by Universal Service, continues as follows:

"His majesty replied he still considered himself king of Prussia and would stay with the army. His majesty told General von Plessen and Marschall and von Hintze to report to the field marshal the latest turn of events. He then dismissed the crown prince and myself. After I had left I was once more called back by the kaiser, who thanked me and added:

"I am still king of Prussia and will never abdicate as such. I stay with the army."
"I answered: 'Come and join the troops at the front. There your majesty will be absolutely safe. But promise me you will stay with the army, no matter what happens.'"
"Then his majesty dismissed me again, saying:

"I shall stay with the army."
"I was permitted to kiss his hand and since then I have never seen him."
"I participated in the conference with Field Marshal von Hindenburg which took place presently. General Groener said he was not surprised. He had expected that it would come to this. It could not be postponed any longer; things were about to happen.

"The field marshal and Groener then said the kaiser would have to leave army headquarters at once and must go to Holland, as they could guarantee his safety no longer. They would not even guarantee his life for the approaching night. A chief of honor, Florence Owens and her associate officers will be guests. Mayor Ed. P. Smith will deliver the address of welcome. Refreshments will be served.

Royal Neighbors.
The second annual convention of the Douglas county chapter, Royal Neighbors of America, will convene in the Workmen hall, Fourteenth and Dodge streets, Tuesday afternoon. The supreme auditor, Miss Frances L. Robinson, Lincoln, and

battalion, composed of shock troops and sent to Spa to act as a body-guard to the kaiser, was no longer reliable, he said. There was disloyalty even among these picked men, they asserted. The revolutionists were drawing near Spa, they had heard, coming from Verriers.

Leaving Means Disruption.
"I was opposed to all the rest of them when I said that in the midst of the army would be the safest place for the kaiser, that it would be a most serious mistake for him to leave the army and that his leaving would disrupt the army. Hintze, Marschall and others supported Hindenburg's view. Hintze was authorized to immediately communicate with the foreign office at Berlin for the purpose of making arrangements for the kaiser's trip to Holland.

"All these events and conversations proved beyond doubt that his majesty during the late afternoon was persuaded by Von Hindenburg and Groener to change the course he had determined upon and, instead of staying with the army in the field, go to Holland. It is due to Hindenburg's and Groener's persuasion that the emperor left for Holland the same night. My view is further substantiated by the letter the kaiser sent to the crown prince late that night."

The Freiheit adds to Van Der Schulenburg's account the following story, which it declares authentic:

"November 1, the Prussian minister, Dr. Drews, arrived at Spa and appeared before the kaiser for the purpose of asking him to abdicate. The kaiser's answer was:

"How dare you make any such suggestion to me—you, a Prussian official and subject; you, who have sworn fidelity and loyalty to me?"
"After the kaiser had calmed down somewhat, he added:

Editor's Note: It will be remembered that it was Premier Scheidemann who recently announced the rejection of the allied peace proposals by the German government. Scheidemann at present is the real factor behind the German government.

TERRY SUFFERED SIXTEEN YEARS HE DECLARES
Nothing Ever Helped Him Until He Tried Tanlac—Feel Well and Strong Now.

"After suffering for 16 long years, and failing completely to find a medicine that would overcome my troubles, I came across this Tanlac and now I am as well and hearty as I ever was in my life," said J. L. Terry, a well-known organ builder who lives at 925 North Third street, Springfield, the other day.

"I had about come to the conclusion that there wasn't a thing in the world that would ever overcome my troubles," continued Mr. Terry. "For all the medicines I had taken up to the time I commenced taking Tanlac, didn't do me any more good than that much water."

"My kidneys bothered me a good deal, and I suffered so much with pain in my back that I was actually afraid to straighten up when I walked, and just had to go stooped over all the time. This trouble just seemed to get worse all the time in spite of everything I did to check it. Then my stomach went back on me, and after meals I would have terrible cramping spells on account of my food not digesting properly. Sometimes my heart would palpitate terribly on account of gas forming in my stomach and pressing up into my chest, and when I would have these spells I did simply have to fight for breath. I would often have dizzy spells, too, and would just have to go to bed and stay there until they passed off. All these troubles finally affected my entire nervous system and I got to where I never got a good night's sleep and I just got so weak and run down that I had to give up my work altogether."

"As I said before, I was very much discouraged over my condition, and the day that I bought my first bottle of Tanlac, the future looked pretty dark for me so far as health is concerned. I want to say, however, that everything is quite different now, and the change started very soon after I commenced taking Tanlac. My appetite came back, and now it just looks like I can't get enough to eat, and there isn't anything in the way of food that I am afraid to eat, and I never suffer a particle from indigestion afterwards. I have also gotten completely over all that nervousness, and I sleep as sound as I ever did in my life. I never have those awful pains in my back like I did, and my kidneys seem to be in perfect condition. In fact I have regained my health completely since I began taking Tanlac, and I feel as well and as strong in every way as I did when I was not more than 20 years old. I have had several of my friends tell me that I look 10 years younger than I did a short time ago, and I know it must be true, for I certainly feel that way."

Tanlac is sold in Omaha by all Sherman, McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.—Adv.
