HILLCREST FARM

FOR SALE

beautiful ranch farm affords one of the best views

of this entire section, and must be seen to be ap-

preciated. A little over 100 acres under cultiva-

tion, 80 fenced hog tight. Plenty of alfalfa, an i

the making of a great hog and grain farm. Seven

miles from town and the roads are always good,

that's why the mail man calls there each day. This

is a real home farm. Bring your wife and daugh-

ters when you come and we'll make a sale. It's

the best money-growing proposition that I know.

Omaha Grain Movement. RECEIPTS.
Today. Week ago. Year ago 

Chicago Grain and Provisions.

Chicago, Ill., May 21.—Highest prices yet this season were touched in the corn market today for supplies available before the end of May. Continued adverse weather and the scantiness of the crop movement gave force to the upward swing of the market. The close, nevertheless, was unsettled, ½ to 1½ c net higher, with July, \$1.65@1.65% and September, \$1.58% @1.55%.

Cats finished %@1%c down, and provisions varying from 60c decline to a rise of 15 cents.

Corn showed decided strength during the greater part of the day, but reacted sharply in the last hour. Owing to the fact that the prevailing unseasonable low temperatures were bad for corn already planted and that further excessive moisture indicated an additional shrinkage of receipts, the buils met with but little resistance in lifting values. Purchasing, however, was overdone, and a lack of support speedily became evident after midday, when reports were current that efforts had been made to cancel large European orders for provisions.

Realizing sales and hedging pressure weakened oats, despite a temporary stimulus from overnight export business.

In provisions the influence of the corn buige was partly offset by late reports of sterling exchange demoralization and by gossip about attempts to cancel important transatiantic orders for meats and for lard substitutes.

Lead—Quiet; spot, \$5.26; July, \$55.274 Speiter—Quiet; East St. Louis delivery, spot, \$6.20@6.40; July, \$6.35@6.50. At London—Spot: Copper, £79 10s; elec-trolytic, £82; tin, £235 17s 6s; lead, £23 10s.

Dry Goods. New York, May 21.—Cotton goods and yarns today were very firm, with rising tendency. Agents endeavored to check the rise by withdrawing goods from sale. Worsted yarns for hand knitting revised townward sharply. Raw silk reached new high price levels.

# FINANCIAL

New York, May 21.—Shippings were the overshadowing features of today's further active operations on the Stock exchange, their uncertain course changing a relatively strong opening to an irregular or active operations on the Stock exchange, their uncertain course changing a relatively strong opening to an irregular or heavy close.

Publication of details of the sale of Mercantile Marine, British tonnage and assets created a strong opening for the shipping division, Marine common excepted, that stock angging steadily and closing at a loss of almost 9 points.

The movement in shippings was accompanied by active secumulation of oils, motors, equipments, leathers, fertilizers and sundry specialities which usually move in keeping with those groups, extreme gains ranging from 2 to almost 6 points.

There was no decided move in rails at any time, aside from sporadic activity in minor shares, especially Texas and Facific and related western and southwestern issues, the higher grade stocks reflecting realizing, with losses of 1 to 2 points at the end.

The severe reversal of the final hour was precipitated by reports of a serious hitch in the negotiations with the German delegates in Paris, but that incident, it was generally believed, served more as an excuse than a reason for the decline.

Marine preferred, Atlantic Guif and American International were most affected by the break in Marine common, but rails and numerous industrials eased 1 to 2 points, while oils and equipments canceled much of their gains. Sales amounted to 1,400,000 shares.

Further demoralization in remittances to London, Paris and Rome attracted little attention, more interest being manifested in the easier trend of long-time funds.

Minor rails and tractions were the strongest features of the bond market, Liberty issues holding steady and the forcing list varying slightly. Total sales, par value, aggregated \$11,275,000. Old United States bonds were unaitered on call.

## In the Omaha Labor World

John T. Boyce, international auditor of the Amalgamated Meat Cutters and Butchers Workmen, paid a brief visit to this city while on his way to Sioux City Monday. Mr. Boyce will make a study of conditions at the Sioux City packing plants and stock yards. It is the intention of Mr. Boyce to return to this city for a longer

period in the near future. While in the city the pioneer labor leader addressed the Pork Butchers' local 33 and local 602. Both his addresses were along general lines of unionism and construc-

tive policy and effort. Mr. Boyce has been actively iden-tified with the labor movement for the past 39 years. At the age of 22 he led the first successful fight for

an eight-hour day. On May 3, 1886, 45,000 Chicago packing house workers, led by Mr. Boyce, struck to enforce their demand for an eight-hour day. In an hour and 10 minutes the packers had conceded all the demands made by the strikers and the victory of the men was complete.

A new union was organized at the Labor temple last Monday night. The new local is the Lodge of Railroad Patrolmen. The lodge will be affiliated with the Maintenance of

Way employes. Charles E. Dibble and Joe Norton, traveling representatives for the Brotherhood of Railroad Patrolmen of Chicago, instituted the

lodge. Although only 35 men are at present enrolled in the new local it s believed that this number will be increased to 100 in the next 60 days. The following men were chosen to head the new lodge: Henry W. Donovan, president, and Allan H.

Poff, secretary-treasurer. Regular meetings will be held by the lodge at the Labor temple the first and third Monday in each

Meetings will start at 2 o'clock in the afternoon with recess until 8 clock thus giving all members an opportunity to be present.

George N. Lamb was elected business agent of the Machinists' lodge 31 at their meeting last Friday night. The headquarters of the business agent will be in the Labor temple. Nearly all the members were in attendance at the meeting. Thirty-one new members were

initiated by the Teamsters' local 211 last Sunday afternoon. Members of this local will discuss the Mooney case and decide what action is to be taken at their meeting next Sunday. The office of Typographical union

190 has been moved from the Mc-Cague block to 112 Crounse block. Railway Clerks' lodge No. 3 initiated 35 new members at their meeting last Tuesday night. The meeting was well attended, a lively inter-

est being manifested in the growth of this lodge. Pvts. Arthur Carlson and Arthur Roseberg, members of the Electrical workers, local 22, have returned from service overseas and attended the meeting of their local at the first time since their enlistment.

Mr. Carlson spent six weeks in the hospital as a result of being gassed. He was in the signal corps. Structural Iron workers of this city have been granted a flat increase of 15 cents an hour retroacive to May 1. This action was taken by the employes following the receipt of information that the Kansas City employers had agreed to settle with their men on a basis of

Jack Becker, business agent for the barbers, was chosen delegate to represent the local barbers at the international convention to be held at Buffalo in September.

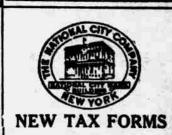

Local 143, composed of cooks, waiters and waitresses, held a dance at the De Luxe dancing academy last Monday. The dance was well attended. Two prizes were awarded.

## Omaha Rotarians to Help Install New Club In Dodge County City

Omaha Rotarians are enthusiastic over an outing which has been planned for Thursday night to Fremont, to install "The Baby Rotary Club," in the metropolis of Dadge county.

Twenty-five live-wire Fremont men have signed a charter roll, and within an hour after the Omahans arrive on Thursday night this new club will begin its official life...
The Lincoln Rotary club will at-

tend, 125 strong, in a special train. Omaha will send 150, some going in automobiles and others by railroad. The exercises will take place in the Pathfinder hotel at 6:30 p. m. Rotary clubs have recently been established at Hastings, Kearney, Beatrice and York.
